IMPORTANT TO MILLERS.

I RESPECTFULLY offer to manufacturing Millers of N. C., J. F. Barrett's Patent Garlick and Smut Machine. This machine is constructed upon the principal of a rubber, beater and blower combined.

The wheat enters the machine and passes through a strong current of wind as it is beaten, the filth and all extraneous matter being blown off as fast as separated from the grain; it then passes under a scroll screw-plate and the desired amount of pressure, is effected by a lever and weight, regulated at the will of the miller. The grain under the plate is from one to four inches deep, confined and in motion; it necessarily creates a friction upon itself, and consequently breaks every substance softer, and polishes the surface. It then passes into a tube at an angle of forty-five degrees of confined wind, and every substance whose specific gravity is not as great as the wheat, is separated by apertures in the tube. This machine is extensively used in the North States and District of Columbia. I have also many in operation in this State.—Wherever they have been put into operation, they have invariably given satisfaction. I deem it unnecessary to say more in behalf of this machine, but submit a few of the many Certificates I have obtained in its favor.

J. B. BARRETT.

January 18. 6—3m

Chatham, January 4, 1843.

I take pleasure in stating to the public, that I have one of Mr. Barrett's Garlic and Smut Machines now in operation in my mill, and that it cleans wheat and prepares it for grinding superior to any Machine I have ever seen in operation; not having any of the garlic wheat in mill, I have not been able to test the power of the Machine upon that troublesome pest, but believe that under proper management it will effectually remove it, and prepare the grain for grinding. I will further state, that I believe it to be the most economical wheat cleaning machine ever introduced into this section of country, as it removes the filth without waste or loss of grain. I have observed, since I have had this machine in operation, that the ground meal bolts much better, and the quality of the flour has been greatly improved. ISAAC GLEGG.

I take pleasure in saying that I have had one of Mr. Barrett's Machines in operation, in one of my Mills for 3 or 4 months, and that I fully concur with Mr. Clegg, in all the particulars set forth by him above, relative to the Machine.

C. P. FAUCETT.

January 9, 1843.

Caswell County, Jan 16, 1843.

TO ALL WHOM IT MAY CONCERN.—This is to certify that I have used one of Mr. Barrett's Garlic and Smut Machines, for the last 6 months in my Mills, and can with confidence recommend it to the public, as the best Machine for cleaning wheat that I have ever seen, and cleans with less loss of grain, its construction being both simple and durable.

RICHARD YARBROUGH.

Having examined Mr. Barrett's Smut and Garlic Machines, separate and apart, and in full operation, take pleasure in recommending them to the public, as the best for cleaning wheat I have ever seen. The construction of them is both simple and durable, requiring less power and motion than any other that has come under my observation, which I deem a decided advantage over all others.

JOHN T. DODSON.

Orange County, Eno Mills, Jan. 1843.

I have been using one of Mr. Barrett's Garlick and Smut Machines eight or ten months, and have cleaned Wheat containing every variety of filth. Its performance is highly satisfactory to myself and customers, as it removes the extraneous substances without the loss of grain, and purifies wheat, superior to any thing I have ever seen. I have cleaned several hundred bushels of wheat for seed, for my neighbors and gentlemen from a distance, and am fully satisfied that the crops produced from it, must be much improved. Knowing these facts, I cheerfully recommend it to the public, as an appurtenance which will soon pay for itself, in manufacturing Mills.

THO. W. HOLDEN.

Chapel Hill, Jan. 14, 1843.

I have a Machine of Mr. Barrett's in my Mill, and can with pleasure, recommend it to the public, as it cleans wheat better than any thing I have ever seen. I had the best screen and fan that I could procure.—This machine supersedes them as it performs to smut wheat and that affected by the weavel and cheat, what no screen or fan can do, by removing such filth, without a waste of grain.

PILLS! PILLS!! PILLS!!!

HEALTH THE TRUEST RICHES.

THE CELEBRATED

Hygeian Vegetable Pills,

Can be had at the Store of JOHN PRIMROSE

FAYETTEVILLE STREET, RALEIGH, N. C.

MOAT'S MORISON PILLS.

THE GENUINE HYGEIAN VEGETABLE UNIVERSAL MEDICINE.—Accurately prepared by Dr. H. S. Moat, of New York, from the original recipe used for many years by his late father, Mr. Thomas Moat, Vice President of the British College of Health.

Twenty years' successful administration of these celebrated medicines in Europe, and more than twelve years in the United States, have established their high reputation. Thousands of both sexes, who have been restored to health—the numerous sufferers rescued from premature death—and volumes of certified cases of cure, embracing every disease in the long catalogue of human misery; must convince the most incredulous of their superiority and the truth of the Hygeian theory, resulting from scientific research and experience, namely, that 'man is subject to only one real disease—impurity of the blood."

The Medicines being composed entirely of herbs or vegetable matter, purify the blood, and carry off the corrupt humors of the body, in a manner so simple as to give every day ease and pleasure.

Man will be born to days of bliss, compared to what has hitherto been his lot, weighed down as he has been by disease, infirmities, and sufferings, which no earthly power knew how to alleviate, until this discovery was presented to the world. The weak, the feeble, the infirm, the nervous, the delicate, are in a few days strengthened by their operation, and the most obstinate complaints are removed by perseverance without the expense of a Physician. Adapted to all circumstances and situations, they are *the best Medicine ever invented for Families*, or to take to sea, preventing scurvy and costiveness, requiring no change of diet, particular regimen, or care against taking cold.

☞ The prepotency of these medicines, has induced many speculators to attempt imposition on the public, by forging the labels, or forcing their *Imitations* into notice through the medium of the Press.—Some of them pretend to Hygeian principles, by stealing from the writings of the Hygeist, and copying whole pages into their fulsome advertisements.

But as they cannot copy the medicine, their specifics or their deleterious nostrums prove to be unavailing, their puffing and piracy become evident; disappointment to the afflicted is eventual, and with just obloquy the pretenders sink into oblivion.

The Hygeian medicines, first introduced into this country by H. S. Moat, in 1830, have for the last four years been prepared by him, and the increasing sale attests their intrinsic merit; they comprise two sorts of Pills, No. 1 and No. 2, in single boxes of each at 25 or 50 cents; and Packets containing both sorts, at $1, $2, or $3. The Vegetable Cleansing Powders, in large boxes, at 37½ cents, with printed directions. Each packet has a fac simile of the signature of H. Shepheard Moat, and to prevent counterfeits, are signed with a pen by the district agent and sub-agent on a label of *yellow paper.*

None are genuine unless they have these signatures, and are obtained from sub-agents, who can produce their written appointments from the district agent, and whose names are advertised in their respective districts.

H. SHEPHEARD MOAT,
Principal Office, 50 Canal st.

All orders will be promptly filled at 20 per cent. less than retail prices for all sums over twenty five dollars, for cash.

Some person in every Town and Village, ought to keep this valuable medicine, for the benefit of their fellow men. One individual, sent ninety miles to procure them.

PETERS' PILLS

THESE UNRIVALLED PILLS having now acquired a celebrity and a popularity unequalled in the annals of Medicine, and also having obtained the entire confidence, and being used in the private practice of almost the whole body of the Medical Faculty in the United States, Europe, Asia, South America, the West Indies, and a great part of Africa, it is unnecessary to advertise them at length, or to say any thing further of their merits, than by stating the complaints which they are most effective in the cure of, and which are as follows:—yellow and bilious fevers, fever and ague, dyspepsia, croup, liver complaint, sick head-ache, jaundice, asthma, dropsy, rheumatism, enlargement of the spleen, piles, colic, female obstructions, heart burn, furred tongue, nausea, distensions of the stomach and bowels, incipient diarrhœa, flatulence, habitual costiveness, loss of appetite, bloch or sallow complection, and in all cases of torpor of the bowels, where a cathartic or an aperient is needed. They are exceedingly mild in their operation, producing neither nausea, griping nor debility.

The above Pills are for sale in the city of Raleigh by Messrs. Williams & Haywood, and at the Drug store of N. L. Stith, and in Fayetteville by E. J. Hale, at New York Prices.

"DISEASE A UNIT

Impurity of the BLOOD the only Disease.

HOW simple, yet how wise, how good and beautiful are all the laws of nature! Simplicity and truth are stamped upon every law of the creation—The mighty worlds which roll in space in every degree of velocity and direction are all governed by *attraction of matter to matter.* This principle governs the human body. Brandreth's Vegetable Universal Pills, attract all impurities of the blood to the bowels, which organ expels them from the body. Attraction and disease are both units. All accidents or infections only affect the body in proportion as they occasion impurity of the blood.

The bowels for instance are costive—this most important organ is closed—the consequence is a great accumulation of impurities, which, as they cannot get out by their usual passage, are forced into the blood, occasioning impurity of blood. Thus Fevers, Cholics, Rheumatism, Coughs, and Colds are often produced. But let Brandreth's Pills be used in such doses as will effectually evacuate the bowels, and health is restored at once."

The unworthy have counterfeited the Doctor's Medicine so extensively, that his travelling Agent is now taking in all the old boxes, and putting new ones of a different figure, with 25 Pills in their place. Some are just received at WILLIAM PECK'S Office.

Worms—Worms—Worms!

Sherman's Worm Lozenges, proved in more than 400,000 cases to be infallible; the only certain worm-destroying medicines ever discovered. Many diseases arise from worms and occasion long and intense suffering and even death, without their ever being suspected; grown persons are very often afflicted with them and are doctored for various complaints, without any benefit; when one dose of these Lozenges would speedily cure them.

For sale in Raleigh by Williams & Haywood and N. L. Stith.

Brandreth's Pills.—We have a fresh supply—we were about to say, of this valuable Medicine—but to those who have tried them, it is unnecessary to say so, and those who have not tried them would in all probability not believe us. It is, however, a serious fact, that we could name at least one family, where their regular use for several years past, has made the Physician's visits "few and far between." Our new boxes contain 25 Pills each, the old only have 21.
