IMPORTANT TO MILLERS.

RESPECTFULLY offer to manufacturing Millers of N. C., J. F. Barrett's Patent Garlick and smut Machine. This machine is constructed upon the principal of a rubber, beater and blower combined. The wheat enters the machine and passes through strong current of wind as it is beaten, the fifth and all extraneous matter being blown off as fast as separated from the grain ; it then passes under a scroll screw-plate and the desired amount of pressure, is effected by a lever and weight, regulated at the will of the miller. The grain under the plate is from one to four inches deep, confined and in motion; it necessarily reates a friction upon itself, and consequently breaks every substance softer, and polishes the surface It then passes into a tube at an angle of forty-five degrees of confined wind, and every substance whose specific gravity is not as great as the wheat, is separaed by apertures in the tube. This machine is extensively used in the North States and District of Columbia. I have also many in operation in this State. -Wherever they have been put into operation, they have invariably given satisfaction. I deem it unne cessary to say more in behalf of this machine, but sabmit a few of the many Certificates I have obtained in J. B. BARRETT. its favor. 36-3m May 5.

* * All orders addressed to me at Raleigh, will be promptly attended to.

Chatham, January 4, 1843. I take pleasure in stating to the public, that I have one of Mr. Barrett's Garlic and Smut Machines now in operation in my mill, and that it cleans wheat and prepares it for grinding, superior to any Machine I have ever seen in operation; not having any of the garlic wheat in mill, I have not been able to test the power lieve that under proper management it will effectually emove it, and prepare the grain for grinding. I will further state, that I believe it to be the most economcal wheat cleaning machine ever introduced into this section of country, as it removes the filth without had this machine in operation, that the ground meal bolts much better, and the quality of the flour has been greatly improved. ISAAC CLEGG. I take pleasure in saying that I have had one of Mr. Barrett's Machines in operation, in one of my Mills for 3 or 4 months, and that I fully concur with Mr. Clegg, in all the particulars set forth by him above, relative to the Machine.

KIRKHAM'S PATENT CHINCH KILLER.

THE SUBSCRIBER offers for sale, a few of those very valuable Steamers, known to be the surest remedy for cleansing Bedsteads of these tormenting Bugs. The Chinch Steamer is made only by himself, and is warranted to clean Bedsteads perfectly, without the least damage to the finest carved mabogany.

The STEAMER has been greatly improved within few weeks, by the addition of a Safety Valve, invented by Dr. STRINGFELLOW, which renders the apparatus perfectly safe in the hands of the most care-The Engraving accompanying this Advertisement is fair representation of the STEAMER-the whole Machine not taking up more space than a large Coffee Urn. The Public are cautioned against using the Safety Valve improvement without authority from me. as I am determined to protect my rights in the premises. I subjoin two Certificates as to the value of the STEAMER.

A CARD.

C. F. FAUCETT. January 9, 1843. Caswell County, Jan 10, 1843.

To ALL WHON IT MAY CONCERN. -This is to certify that I have used one of Mr Barrett's Garlic and Smut Machines, for the last 6 months in my Mills, and can with confidence recommend it to the public, as the best Machine for cleaning wheat that I have ever seen, and cleans with less loss of grain, its construction being both simple and durable.

RICHARD YARBROUGH.

Having examined Mr. Barrett's Smut and Garlie Machines, separate and spart, and in full operation, take pleasure in recommending them to the public, as the best for cleaning wheat I have ever seen. The construction of them is both simple and durable requiring less power and motion than any other that has come under my observation, which I deem a decided advantage over all others. JOHN T. DODSON.

Orange County, Enoe Mills, Jan. 1843 I have been using one of Mr. Barrett's Garlick and Smut Machines eight or ten months, and have cleaned Wheat containing every variety of filth. Its performance is highly satisfactory to myself and customers, as it removes the extraneous substances without the loss of grain, and purifies wheat, superior to any thing I have ever seen. I have cleaned several hundred bushels of wheat for seed, for my neighbors and gentlemen from a distance, and am fully satisfied that the crops produced from it, must be much improved. Knowing these facts, I cheerfully recommend it to the public, as an appurtenance which will soon pay for itself, in manufacturing Mills. THO. W. HOLDEN.

Chapel Hill, Jan. 14, 1843. I have a Machine of Mr. Barrett's in my Mill, and can with pleasure, recommend it to the public, as it cleans wheat better than any thing I have ever seen. I had the best screen and fan that I could procure .-This machine supersedes them as it performs to emut wheat and that affected by the weavel and cheat, what no screen or fan can do, by removing such filth, without a waste of grain. KENDALL B. WAITT.

Cleaners, and put it in successful operation in my mill, I consider it but justice to him, to say that it prepares Wheat afflicted with all kinds of filth, and in all conditions, for grinding, superior to any thing I have ever known in use, without a loss of grain. My Flour chine. I believe it to be a very valuable improvement for all Merchant Mills.

Doctor Brandreth's Pills.

HESE PILLS are so well known for a mild yet effectual purgative that it is almost useless to say anything about their excellent qualities. As a general family and antibilious medicine they are without a rival. The lowness of spirits, scute headache, &c. &c., to which all are more or less subject in this climate, are removed immediately by a dose of the Brandreth Pill. They are alike safe for children, as to every other period of life, and require no extra attention in diet or clothing. Their virtues may be summed up as a medicine which strengthens the feeble, and consolidates the muscles of the strong ; and will be found of infinite value to females of all classes who wish to be secure from sickness.

OBSERVE-No Brandreth Pills are genuine, unless each box has upon it three labels, and on each labe two signatures of Dr. Benjamin Brandreth. So that each box to be genuine must have six signa-tures of Dr. Brandreth upon it.
