LIKE ORIENT PEARLS AT BANDOM STRUNG."

SERENADE. Awake ! my love, and let the light Which is enclosed within those eyes, Beam out upon the face of night And shame the gems in yonder skies.

Awake ! arise ! thy lattice heist. And send one gentle glance to me ; Awake ! for ah I my heart is moist With dews of love that drop from thee.

Ah! would I were a ray of light, To steal upon that luscious lip. I'd linger there the livelong night, And of its dewy sweetness sip.

Then awake, my love, thy lattice hoist, And send one welcome glance to me; Awake! for ah! my heart is moist With dews of love that drop from thee."

PILLS! PILLS!! PILLS!! HEALTH THE TRUEST RICHES. THE CELEBRATED

Hugeian Vegetable Pills, Can be had at the Store John PRIMROSE, FAYETTEVILLE STREET, RALEIGH, N. C. MOAT'S MORISON PILLS.

THE GENUINE HYGEIAN VEGETABLE UNIVERSAL MEDICINE - Accurately prepared by Dr. H. S. Moat, of New York, from the Neuralgia or Tic Doloreux. The many unfortunate original recipe used for many years by his late father, Mr. Thomas Most, Vice President of the British Calege of Health.

Twenty years' successful administration of these elebrated medicines in Europe, and more than twelve vests in the United States, have established their high reputation. Thousands of both sexes, who have been restored to health—the númerous sufferers rescued from premature death—and volumes of certified cases of cure, embracing every disease in the long catalogue almost as prostrating to the mental as to the physical of human misery; must convince the most meredulous, of their superiority and the truth of the Mygeian theory, resulting from scientific research and experience, namely, that man is subject to only one real disease-impurity of the blood.

The Medicines being composed entirely of herbs dr vegetable matter, purify the blood, and carry off the corrupt humors of the body, in a manner so simple as

Man will be born to days of bliss, compared to what earthly power knew how to alleviate, until this discovery was presented to the world. The weak, the eeble, the infirm, the nervous, the delicate, are in a few days strengthened by their operation, and the nost obstinate complaints are removed by perseverance without the expense of a Physician. Adapted o all circumstances and situations, they are the best Medicine ever invented for Families, or to take to sen; preventing scurvy and costiveness, requiring no change of diet, particular regimen, or care against ta-

The prepotency of these medicines, has indu ced many speculators to attempt imposition on the public, by forging the labels, or forcing their Imilaions into notice through the medium of the Press -Some of them pretend to Hygeian principles, by steatmy from the writings of the Hygeist, and copying whole pages into their fulsome advertisements,

But as they cannot copy the medicine, their speci fics or their deleterious nostrums prove to be unavailng, their puffing and piracy become evident; disapointment to the afflicted is eventual, and with just bloomy the pretenders sink into oblivion.

The Hygeian medicines, first introduced into this country by H. S. Moat, in 1830, have for the last four years been prepared by him, and the increasing sale attests their intrinsic merit; they comprise two sorts of Pills, No. 1 and No. 2, in single boxes of each at 25 or 50 cents; and Packets containing both sorts, at \$1, \$2, or \$3.
