Man will be born to days of bliss, compared to what has hitherto been his lot, weighed down as he has been by disease, infirmities, and sufferings which no earthly power knew how to alleviate, until this discovery was presented to the world. The weak, the feeble, the infirm, the nervous, the delicate are in a few days strengthened by their operation, and most obstinate complaints are removed by perseverance without the expense of a Physician Adapted to all circumstances and situations, they are the best Medicine ever invented for Families, or to take to sea, prevening sparvy and costiveness requiring no king cold.

The prepotency of these medicines, has induced many speculators to attempt imposition on the public, by forging the labels, or forcing their Imitations into notice through the med um of the Press -Some of them pretend to Hygeian principles, by stealing from the writings of the Hygeist and copying whole pages into their fulsome advertisements,

But as they cannot copy the medicine, their speci fice or their deleterious nostrums prove to be unavailng, their puffing and piracy become evident; disappointment to the afflicied is eventual, and with just oblique the pretenders sink into oblivion.

The Hygeian medicines first introduced into this ountry by H. S. Moat, in 1830, have for the last four vears been prepared by him, and the increa-ing sale attests their intrinsic merit; they comprise two sorts of Pills, No. 1 and No. 2, is ingle boxes of each at 25 or 50 cents : and Packets centaining both serts, at 11. \$2, or \$3 The Vegetable Cleansing Powders. n large boxes, at 374 cents, with printed directions Each packet has a fac simile of the signature of H shepheard Moat, and to prevent counterfeits, are igned with a pen by the district agent and sub-agent on a label of yellow paper.
