ONE of two courses must be pursued by me in the sale of my Piano Forte. I must either adopt the common practice, with many dealers in the article of running down other instruments in order to raise the character of my own, or I must do as I have been endeavoring to do for eight years past, get the public to form their own opinion by trying my instruments. The former is a course I have never adopted, and never shall; the latter I have tried and found to work well. Believe that my Piano Forte is at least equal to any made in this or any other country; that I have heard of; but that opinion being an interested one, I do not ask the public to depend upon it, alone, and simply beg of them to test the matter by actual trial. Any person desiring to purchase a Piano, can take mine upon trial, and withhold payment until they can prove the instrument.

NEW FALL AND WINTER GOODS.
THE Subscriber respectfully announces to the public that he is now opening a choice selection of English and French
Cloths, Cassimeres and Vestings,
of all colors and qualities, selected by himself with much care and judgment in the Northern Markets, and principally for Cash.
In offering this Stock to the public, the Subscriber desires it to be distinctly understood that his prices (to say nothing of others who are offering to do work for prices which they know they cannot do justice by) will be such as shall warrant as good a garment for as small a price as any other House in the State—it being his object to pay all honest debts without the aid of Bankruptcy.
He deems it useless to mention his Tariff of Prices because his work will be done in a superior and more elegant style than the one that has been offered; and the prices charged will accord with the quality of the Goods. He thinks it unnecessary to say anything more than those in want of
Clothing
would do well to call and examine his stock before they purchase elsewhere, as he has Cloths of all qualities, and will make them up on the Cash principle, probably a little cheaper than some who would wish to be regarded as the only fair dealers in the City.
As the Subscriber has had kept on hand a General Assortment of
All kinds of Goods
kept by similar establishments in the Northern Cities, the public are respectfully invited to call and judge for themselves; for he assures them that his Goods will be disposed of at a small advance on cost for cash, or to punctual customers on time, at his usual moderate prices. Truly thankful for the encouragement he has heretofore received, his future endeavors shall be to please all who may favor him with their patronage.
N. B. As the Subscriber's terms of credit are six months, all indebted to him either by note or account are respectfully requested to call and settle, for longer indulgence can be given.

VALUABLE PLANTATION is offered for sale, near Tallahassee, Florida. The Subscriber, wishing to remove to a more Northern climate, offers for sale the TRACT of LAND, on which he resides, situated about 8 miles from Tallahassee, in Leon County. There are 1600 acres contained in the Tract; a very large proportion of which is of very superior quality. The place is plentifully watered, with excellent water; and there are not more than 30 acres of waste land in the body. About 750 acres of land are cleared, from which, with a force of forty-five or fifty hands, in a favorable season, 300 or 350 Bales of Cotton can be produced in a season, and more-Corn than would serve the plantation. The land is so situated, that it can be divided into two separate Tracts if preferred. There is good land enough to employ from seventy-five to eighty hands to advantage. The natural growth is Sweet Gum, Post Oak, Red Oak, Cherry, Ash and Dogwood. The plantation is on the Rail Road, leading from Tallahassee to Stewart's, is only 8 miles distant, and the Railroad is twenty-three miles long.
The improvements, including buildings of every description, are extensive and convenient. A large white family can be comfortably accommodated; and there are Cabins enough for the convenient accommodation of about 80 Slaves. There is a newly erected Gin House on the place, with all necessary appendages.
The society of the neighborhood is of the most desirable kind, and the lands adjoining the Plantations of the Messrs. Cotten and N. Thompson from North Carolina. There are also several Churches, convenient enough to attend.
