The course of Education is thorough, practical and well calculated to qualify youth for the various duties of life, whether occupying public or private, Civil or Mulitary stations. The moral and intellectual faculties are kept severely in action, but not at the expense of the physical, as is unfortunately for the health of our children too commonly the case throughout the

Regular and systematic Military Exercises, as well as Practical and Scientific Operations, introducing Surveying and Civil Engineering, are substituted in the place of unprofitable play, and required of all stu-dents—the usual six hours of daily recitation and study being invariably left distinct & uninterrupted.
