IN THE CITY OF BALEIGH. Thereday, the let of April next, being the 2nd day of the Superior Court, (if not previously displaced of at private sale,) that large 3 Story New Example of at private sale,) that large 3 Story New Example of at private sale,) that large 3 Story New Example of at private sale, of that large 3 Story New Example on the corner of Fayetteville and thereof cureous, or the centre of the Utly, and forming two of the boar tenements in Raleigh for any kind of business. It has a Passage of 8 feet through the centre, from one end to the other, upon each floor, so that every Room in the Store may be approached without having to passe through one into another. Beside the passage on the ground floor, two elegant Store Stores have been ground floor, two elegant Store Rooms have been constructed in the very that style, and at great exmae : undernout ate two fine dry Cellars. The 2d and 3d Stories are disided by passages into 2 cle-gant Tenements designed for Family residences—one having 4, and the other & siry and commodists Booms; and in the rear of this building, there is a new Kitchen and other Out Houses.

This valuable Building is covered with Tin, and is

one of the best, most convenient and elegant es-tablishments in the State, and being in the heart of the City, with a slight alteration, might be converted into a splendid Hotel. It cost in its execution, togeth-

or with the ground, the sum of \$14,700.

ALSO, one other new two Story Brick Ruilding, on Wilmington Street, likewise is or about
the centre of the City. On the first floor, there are
two excellent Store Rooms, and above are 4 comfortable Rooms, divided by a Passage. This House is so constructed, as to afford accommodation to two business men and their families; and cost together with the ground, upwards of \$2,500. The whole, or any part of the shope described

Property, may be had at private sale on application to either of the undersigned; and to accommodate pur-chasers, will be divided and sold in separate Tene-

ments if they should prafer it.

TERMS: Approved negotiable paper at the Bank
of the State of North Carolina at Ruleigh.

Save your Corn Cobs & Shucks.

TO THE PLANTERS AND MIL-

LERS OF NORTH CAROLINA. THE undersigned has obtained Letters Patent to enable common Mill stones (or rocks) now n use, to grind CORN, COB and SHUCK. into meal, for Horses, Mules, Cattle Hogs, &c. thereby saving more than one third of a crop, which is an important item with planters. The machinery used for the above purpose is simple and durable, and can-not, with fair means, get out of order. It will last as long as the Stones last, with an expense of 50 cents every five years. To enable the common Mill Stones to grind ear corn into meal, requires no new build-

ings or extra power. It can also be applied to Horse Mills, Treshing Machines, Gins or any given power known. The same Milt will grind one-third more of Corn meal by the introduction of this Machinery, and can be changed from grinding Corn and Cob, to grinding Corn Meal in the space of thirty seconds -Corn alone, when fed to stock, is said to be by the most practical and scientific Planters, constituting in its effects, producing founders, choice and various other maladies which are inculent to stock. Grinding cohe with the Corn, makes a food congenial with their nature, and cannot produce any of the serious results above mentioned. Stock, when fed on Corn exclusively, are deprived of the benefits of distension (so necessary to the proper health of animals,) by their being unable to eat a sufficient bulk to produce distension before the animal becomes garged. Cobe ground with the corn, produce this becausery disten-sion, without any danger of diseases grising from overcating. Corn and cob meal is improved by scalding, and still more by boiting, and yet more by a partial fermentation. All the preparations facilitate digestion for Hogs. But Herses and Mules will not eat fermented food, consequently they will require it dry or partially wet with cold water. Horses, Mules and Oxen, when led with unground food, void much in an undigested state, which is of course lost for all beneficin purposes. - T Read the subjoined ser-

The underngued can be addressed at Roleigh.
and all calls will be attended to punctually and with desputch by himself or Agent WM. P. COLLINS. Raleigh, Feb. 20, 1845.

16-1y CERTIFICATE Having been solicited by Maj Collins to have my Mill adjusted to grind Corn in the Ear and Shuck, I commented that he should do so as an experiment ; and I am able to say that it gritteds Corn in the Shuck at the rate of 30 bushels per hour; and the dressing of the stapes is so improved, that it grittels shelled Corn more than twice as fast as before, and by my watch, as the rate of 15 bushels per gour, and the meal finer then usual. I deem it a valuable improvement, and shall purchase the right to use it, as it will afford me a speedy way of feeding my borses and cattle, and

To the Freight Receiving

HE time has now arrived when the Spring Goods are purchased, and will be coming on to go up the Cape Fear, as well as large supplies of Sait and other heavy articles. There are two lines of Boats on the River. I have only to state my ability for carrying Freight. Having one of the best Freight Boats (the Wm B. Meares,) that can be started, not alone on this River, but any river in the three Southein States, drawing but 34 to 4 feet, and carrying the wit of 8 or 900 bales of Cotton Her performance I will say nothing about; that is generally known .-She is built after the Richland owned by O B Hilhard of Charleston,-a longer boat, not so wide. She use attached a sufficient number of Lighters for low water. My inne never stopped last Fall; lightered on 13 inches water, and got up all the Goods we book in -not making expenses, which, after paying, left sothing for solle - which, but for the kind inouigens e of the Navigation Lompany, allowed us to get along. Molasses and bhds of Sugar were as readily taken Alles me to ask for part of the Freights. I will attend to every part of it, receive and forward, and get it up too. My Boars can go. If any of you have trades to make please divide it between the two lines. You will then add to the support of each line of Boats. But do not give one line all the Freight Divide. I am not well enough to go crying to all of you, and preferred giving this public notice. My charges for attending to your business will be 10 per cent, and no other charge. A highly qualified merchant will attend to the business here.

and due notice will be given of all arrivals from reign as well as home ports I am compelled to seek for business in this man ner, and have no doubt of my success I have con-mitted several, and find that I have an equal chance from the good will of the owners of the Goods, and would not now interfere with the receiving and forwarding of them, if I had any chance at all .- but have been told the Salisbury and other merchants have ordered all their Guids by the other line. Well, have seen some of you and you say it is not so -1 will see the rest of you so n. I will not store your Goods that come to me, neither will I tie them up in Steam or Tow Boat at this end of the line -- but send them forth. All Goods consigned to me will have a desided preference, with some few exceptions Please, in filling up your bills of lading, those that send their Goods to me, insert, to be landed on O'tisnion's Wharf. That was the new tack of the opposition last Pall, to be landed free of wharfage. I New York to go about and tell it.

LAND in Montgomery County, containing be-tween four and five hundred acres, part of which is cleared and under fence. It has two fine Meadows, well watered, two large Creeks running through the Tract. There is also, a first rate Mill seat; also, a fine Spring near the Dwelling House, which has been built within the last six

I will also lease a Tract containing 225 Acres in Moore County, near SHIELDS' Gold Mine. On this Tract, Gold has been found in large quantities by panning, though-but limited experiments have been made, as I find it inconvenient for me to work the Mine to advantage at present. I flat-ter myself, I can show the best specimen of Copper Ore from this Tract, ever obtained in the State. I will shew the shove Tracts with

Neapolitan Bonnets.

THE undersigned, Parentees and Manufacturers of the Neapsition Bonnets, respectfully inform the Trade that they are now ready to supply the above article of the latest styles and of superior quality in quantities to suit purchasers. They warrant that they can alter and clean the

STRAY .- This day, came before me, Willis Scott, Ranger of said County, the undersigned freeholders County, the undersigned freeholders to value a stray Mare, taken up by Simon Pope, 13 miles North-West She is about 18 years old, sorrel color, a small streak in ber face, her right hind foot white, and about 4 feet 10 inches high.
WILLIS SCOTT, Ranger.
