INFORMATION

To Travellers, going North.

Comparison of Distance to Travellers going North by the Great Mail Route, and the James River and Chesapeake Bay Line.

BY THE BAY LINE.

From Gaston to Baltimore	$9 00
Breakfast in Baltimore	50
Passage by the morning line to Philadel'a.	3 00
Dinner on the Road	50
Whole expense	$13 00

BY THE GREAT MAIL ROUTE.

From Gaston to Baltimore, by the R. R. and Steam Boat to Washington, and thence by the Stage line to Baltimore $6 50, or by Rail Road line throughout two dollars and fifty cents more. Making	$11 00
From Baltimore to Philadelphia by the evening line,	2 00
Two Meals between Petersburg and Philadelphia,	1 00
Whole expense	$14 00

It will thus appear that the whole expense between Weldon and Philadelphia by the Great Mail Route, over the Travellers take the Washington and Baltimore Rail Road, is *but one dollar more* to Philadelphia and the Traveller reaches Philadelphia by this route *one business day earlier* than by the River and Bay route, resting on the way and avoiding not only the uncertainties and risk of greater delay by the Bay route, but its liability to *accidents, storms, sea-sickness and other discomforts.*

NOTICE.

WISHING to remove to West Tennessee, I offer for sale the **Plantation**, on which I now reside in Franklin County, well known as the Randolph Plantation, five miles from Franklinton Depot, nine from Louisburg and twenty-four from Raleigh. The Farm has been much improved since I owned it; there is a spacious Dwelling House, and all necessary Out-Houses, together with a large Gin House and Granary, with Cotton Gin and Threshing Machine. The Tract contains from eight hundred to one thousand Acres of Land of excellent quality, adjoining the lands of Thomas Alston, Allen Perry and others. There is a small Grist Mill on it, in present out of repair, would take but a small sum to put it in repair. There is, likewise, a fine Apple Orchard and Peach Orchard of choice fruit, together with almost every kind of fruit peculiar to the climate, and a young Vineyard of Isabella Grapes now in bearing.

I shall take pleasure in shewing the Farm to any person wishing to view it. I am always at home.

CLASSICAL AND AGRICULTURAL SCHOOL,
Valle Crucis, Ashe County, N. C.

THIS Institution commenced its first Session on the last week in June, at the visitation of Bishop IVES, under the direction of the Rev. Willetts Thurston, assisted by the Rev. H. H. Prout, Mr. Jarvis Buxton, Jr. and Mr. Joseph Hunks.

The accommodations are ample for ten additional Pupils; and, the buildings now in progress, will ensure the most comfortable provision for Winter.—Neither the Summer or Winter climate of Valle Crucis can well be surpassed; while the means for Classical and Agricultural Instruction, moral training and Parental supervision, secured to the Institution, are worthy of the attention and confidence of Parents. In addition to the society of the Teachers, the Pupils enjoy that of several well-educated Ladies, connected with the establishment. The Bishop of the Diocese, too, is expected to give his presence and counsel to it, for a considerable portion of each year.

THE TERMS ARE:—For board, English and Agricultural Instruction, with Board, including washing, lights and fuel, $110. When the Pupil receives Classical instruction, either as a preparation for College, or for Professional life, there will be an additional charge of $15.

THE Proprietor of this delightful and salubrious Summer Retreat, takes pleasure in announcing to his friends and the public, that his House is now open for the reception of visiters, and that no reasonable trouble or expense will be spared to render comfortable those who may favor him with their company. Having added a *large three story building* with many comfortable and pleasant rooms to his former establishment, he is prepared to accommodate a much larger company than heretofore, and assures those who may be disposed to patronize him, that his Table shall be *equal at least* to any in the State.

Satisfactory evidences of the Medicinal properties of the water might be given, but he deems it only necessary to say that a recent Chemical Analysis by Professor Hardy, proves it to contain the following Gases, Salts, &c., in quantities amply sufficient for all useful purposes, viz: Sulphuretted Hydrogen and Carbonic Acid Gas; Sulphate of Magnesia; Sulph. of Lime; Muriate of Soda; Oxide of Iron, &c.

The water is peculiarly adapted to the cure of diseases of the Liver, Kidneys and Skin, Dyspepsia, Feeble Digestion, Jaundice, &c.

Such arrangements will be made as will enable those who travel by the Rail Road to reach home within 12 hours if desired at all times the means of conveyance from the Springs.
