SAVE YOUR CORN COBS AND SHUCKS.

THE undersigned has obtained Letters Patent to enable common Mill stones (or rocks) now in use, to grind CORN, COB AND SHUCK, into meal, for Horses, Mules, Cattle Hogs, &c. thereby saving more than one third of a crop, which is an important item with planters. The machinery used for the above purpose is simple and durable, and cannot, with fair means, get out of order. It will last as long as the Stones last, with an expense of 50 cents every five years. To enable the common Mill Stones to grind corn into meal, requires no new buildings or extra power. It can also be applied to Horse Mills, Trashing Machines, Grist or any given power known. The same Mill will grind over three more of Corn meal by the introduction of this Machinery, and can be changed from grinding Corn and Cob, to grinding Corn Meal in the space of thirty seconds.—Corn alone, when fed to stock, is said to be by the most practical and scientific Planters, conspiring in its effects, producing founders, cholics and various other maladies which are incident to stock. Grinding cobs with the Corn, makes a food congenial with their nature, and cannot produce any of the serious results above mentioned. Stock, when fed on Corn exclusively, are deprived of the benefits of distension (so necessary to the proper health of animals), by their being unable to eat a sufficient bulk to produce distension before the animal becomes gorged. Cobs ground with the corn, produce this necessary distension, without any danger of diseases arising from overeating. Corn and cob meal is improved by scalding, and still more by boiling, and yet more by a partial fermentation. All the preparations facilitate digestion for Hogs. But Horses and Mules will not eat fermented food, consequently they will require it dry or partially wet with cold water. Horses, Mules and Oxen, when fed with unground food, void much in an undigested state, which is of course lost for all beneficial purposes.—*Read the following certificate.*
The undersigned can be addressed at Raleigh, and all calls will be attended to punctually and with despatch by himself or Agent

NEW FIRM!

And New Goods still Coming!
THE Subscribers take occasion to announce to their friends and the Public generally, that having gone into the Mercantile business in the House, formerly occupied by H. A. BARNUM & Co., one door below Williams, Haywood & Co., they have on hand and are constantly receiving large and excellent supplies of
STAPLE AND FANCY DRY GOODS, together with HATS, SHOES, and BOOTS, and SHOES for Ladies, which they offer at low rates for Cash, or on a short Credit to punctual dealers.—Their Stock is such, that they will be able to furnish to their Customers whatever may be desired in their line of business, and they can confidently assure the public that their prices will be as low and their terms as accommodating as those of any House this side of Petersburg. They would most respectfully ask their friends and the public to give them a call; and if cheap and good Goods, and fair bargains will entitle them to it, they hope to receive, as they will endeavor to merit, a liberal share of the public patronage.

GREAT BARGAINS!!

LARGE STOCK OF DRY GOODS AND GROCERIES.
Selling off at Cost!!!
THE firm of Russell & Cooke having been dissolved, and their remaining stock of Goods having passed into the hands of Mr. Russell, one of the late firm, who is determined to close the business as speedily as practicable, the whole stock, comprising an extensive assortment of
DRY GOODS AND GROCERIES of excellent quality, is now offered for sale at cost. Goods of almost every description suitable to this market may be had so cheap, that a better opportunity can never occur for all to supply themselves who will call soon.
The public are assured that this offer to sell at cost is made in good faith, and will be strictly adhered to. They will also find the goods of the best quality, fashionable, sound, and substantial, of a kind made for use, not merely to sell.
All may be suited, as there are on hand many articles of the finest quality as well as a large assortment of the coarser and more substantial kinds.
All are invited to call and examine and judge for themselves; those who have the least taste for CHEAPNESS, will doubtless be satisfied.
Those who do not need at present, will buy now and lay up for the future.
Let it be remembered that no one will sell Goods in a regular business without a profit, by which they can live; that no one will sacrifice goods at less than cost without compulsion; and that cost is as about as cheap as most merchants can afford to sell and most people would wish to buy.

CERTIFICATES.

Having been solicited by Maj. COLLINS to have my Mill adjusted to grind Corn in the Ear and Shuck, I consented that he should do so as an experiment; and I am able to say that it grinds Corn in the Shuck at the rate of 30 bushels per hour; and the dressing of the stones is so improved, that it grinds shelled Corn more than twice as fast as before, and by my watch, at the rate of 1 1/2 bushels per hour, and the meal finer than usual. I deem it a valuable improvement, and shall purchase the right to use it, as it will afford me a speedy way of feeding my horses and cattle, and save much thereby.

FRESH OYSTERS & FISH.

To the Citizens of Raleigh and the Country generally.
THE SUBSCRIBER, through the medium of the Press, begs leave very respectfully to render his sincere thanks to the Public, for the very liberal encouragement extended to him in his line of business, as caterer of OYSTERS and FISH, heretofore, and would beg leave to inform his customers, that he has again resumed the business, and has located his establishment in the building known as the **Carroll Office,** near the Office of the "Standard," where he will be happy to serve his former Patrons and others, with Oysters, Fish, and such other delicacies as he may be able to procure in the Norfolk market.
OYSTERS, fresh and fine, will be received daily; having accidents upon Rail Road and Steamboat. Also, **FRESH FISH** on Wednesdays and Fridays—which may be relied on. I would in conclusion say to my patrons, that whatever I offer for sale, whether the application be made in person or through servants, will be genuine.
I would also add, that persons in any of the adjoining Counties, or all such places as may be practicable to send Oysters with safety, will have their orders promptly and faithfully attended to, giving positive directions as to the conveyance.
