GREAT BARGAINS!!

LARGE STOCK OF DRY GOODS AND GROCERIES.
Selling off at Cost!!!

THE firm of Russell & Cooke having been dissolved, and their remaining stock of Goods having passed into the hands of Mr. Russell, one of the late firm, who is determined to close the business as speedily as practicable, the whole stock, comprising an extensive assortment of

DRY GOODS AND GROCERIES

of excellent quality, is now offered for sale at cost. Goods of almost every description suitable to this market may be had so cheap, that a better opportunity can never occur for all to supply themselves who will call soon.

The public are assured that this offer to sell at cost is made in good faith, and will be strictly adhered to. They will also find the goods of the best quality, fashionable, sound, and substantial, of a kind made for use, not merely to sell.

All may be suited, as there are on hand many articles of the finest quality as well as a large assortment of the coarser and more substantial kinds.

All are invited to call and examine and judge for themselves; those who have the keener taste for CHEAPNESS, will doubtless be satisfied.

Those who do not act at present, will

SAVE YOUR CORN COBS AND SHUCKS.

TO THE PLANTERS AND MILLERS OF N. CAROLINA.

THE undersigned has obtained Letters Patent to enable common Mill Stones (or rocks) now in use, to grind CORN, COB and SHUCK, into meal, for Horses, Mules, Cattle Hogs, &c. thereby saving more than one third of a crop, which is an important item with planters. The machinery used for the above purpose is simple and durable, and cannot, with fair means, get out of order. It will last as long as the Stones last, with an expense of 50 cents every five years. To enable the common Mill Stones to grind corn into meal, requires no new buildings or extra power. It can also be applied to Horse Mills, Trashing Machines, Gins or any given power known. The same Mill will grind one third more of Corn meal by the introduction of this machinery, and can be changed from grinding Corn and Cobs, to grinding Corn Meal in the space of thirty seconds.—Corn alone, when fed to stock, is said to be by the most practical and scientific Planters, constituting in its effects, producing founders, cholera and various other maladies which are incident to stock. Grinding cobs with the Corn, makes a food congenial with their nature, and cannot produce any of the serious results above mentioned. Stock, when fed on Corn exclusively, are deprived of the benefit of distension (as necessary to the proper health of animals,) by their being unable to eat a sufficient bulk to produce distension before the animal becomes gorged. Cobs ground with the corn, produce this necessary distension, without any danger of diseases arising from overeating. Corn and cob meal is improved by scalding, and still more by boiling, and yet more by a partial fermentation. All the preparations facilitate digestion for Hogs. But Horses and Mules will not eat fermented food, consequently they will require it dry or partially wet with cold water. Horses, Mules and Oxen, when fed with unground food, void much undigested starch, which is of course lost for all beneficial purposes.—To read the subjoined certificate.

The undersigned can be addressed at Raleigh, and all calls will be attended to punctually and with despatch by himself or Agent

From 113 Pearl Street, to

NEAR WILLIAM STREET.

LEE & BREWSTER give notice to the Dealers in Dry Goods, that they have removed their Warehouse for Printed Calicoes exclusively, from Pearl to 44 Cedar Street. By confining their attention to Prints only, L. & B. are enabled to exhibit an assortment far surpassing any ever before offered in America—and to sell at prices as low, and generally lower, than houses whose attention is divided among a large variety of articles.

The Stock consists of several thousands of Patterns and Colorings, embracing every variety of American and Foreign Prints.
In market—many styles of which are got up exclusively for their own sales, and cannot be had elsewhere, except in second hands.

Dealers in Prints will find it for their interest to examine this Stock before making their purchases—they will have the advantage of learning the lowest market prices—and comparing all the desirable styles in market side by side.

Catalogues of Prices, corrected with every variation of the Market, are placed in the hands of buyers.

WINTER ARRANGEMENT.
Via Petersburg and Roanoke, and City Point Rail Roads, and James River and Bay Steamers.

THREE TIMES A WEEK

By far the most comfortable route and certain one of getting North.

THE travelling public are respectfully informed, that a Train of Cars will leave the City Point Depot (at Petersburg,) on the mornings of Mondays, Wednesdays and Fridays, at 8 A. M. connecting with the James River Steamers, Curtis Peck, Capt. Davis, or "Alice," Capt. Skinner, one of which Steamers will leave City Point on those days at 9 A. M. arriving at Norfolk the same afternoon at 5 P. M. where the traveller can stay on board the Baltimore Boat until they leave the next afternoon without extra charge.

The superior Steamer, Georgia, Capt. Cannon, will leave Norfolk for Baltimore, on Tuesday, Thursday and Saturday evenings, at 4 P. M. arriving in Baltimore about 6 A. M. next morning, always in time for the Cars to Philadelphia, Washington City, or Cumberland.

WINTER FARE.

The additional expense incurred in fitting up the Boats for the Winter service, compels the proprietors to advance the Fare for the Winter, to

From Gaston to Baltimore or Annapolis \$10 00

Passengers may rest assured that the James River and Bay Steamers are well provided for the Winter travel, and but little doubt of delay by Ice, (as on the Potomac or Great Mail route) we having engaged the Ice Boats to keep open a track in the Patapsco, when possible, should the weather be so severe as to prevent the Steamers reaching Baltimore. Passengers will be landed at Annapolis, from whence there is a Rail Road communication to Baltimore or Washington City.

CERTIFICATES.

Having been solicited by Maj Collins to have my Mill adjusted to grind Corn in the Ear and Shuck, I consented that he should do so as an experiment; and I am able to say that it grinds Corn in the Shuck at the rate of 30 bushels per hour; and the dressing of the stones is so improved, that it grinds shelled Corn more than twice as fast as before, and by my watch, at the rate of 15 bushels per hour, and the meal finer than usual. I deem it a valuable improvement, and shall purchase the right to use it, as it will afford me a speedy way of feeding my horses and cattle, and save much thereby.

Twenty Dollars Reward.

RANAWAY from the Subscriber, residing at Pittsylvania Court House, Virginia, on the night of the 31st day of December, 1845, a likely negro man, slave, by the name of WILEY.

The said negro slave was purchased by me, a short time since, from Atlas Rush, of Montgomery County, North Carolina, on his return with the said slave from Fincastle, Virginia, at which place he had been apprehended, on his way to Ohio with free papers.—The said WILEY is black, about five feet 11 inches high, between 24 and 25 years of age, and weighs about 200 pounds; is very likely and well formed. He made his elopement on a large bob tail bay Mare, saddle and bridle, which he also took from me, with a large green blanket under the saddle. Had on when he left, a checked roundabout, somewhat greyish pantaloons, yarn and a cap, and carried with him also, a grey homespun coat; is supposed to have passed through Danville, Virginia, and is no doubt making his way through Greensborough, N. C. to the neighborhood of Mr. Rusk, where he formerly lived, with the view of procuring another set of free papers, and for the purpose of having an interview with his wife, whom he expressed, a few days before his departure, a great wish to see.

For the apprehension of the said slave, and his securement in Jail, so that I get him again, I will pay the above reward of Twenty Dollars, and a reasonable compensation to any one who will secure, and take care of the mare, bridle and saddle, or either of them, until I can get them.

RANAWAY from the Subscriber, about the last of July, 1845, a negro man, by the name of JACOB.

The said negro was purchased by me from HENRY F. BOWEN, of this County, in the month of January 1845, and taken from here to Brunswick County, near Wilmington in this State, where he was kept at work in Turpentine until he absconded.

Jacobs is black, about the ordinary height, rather thick and heavy, has an ill look out of his eyes, and appears a good deal cast down. He left the neighborhood in which he worked, soon after he left my service, and has not been heard of since. I am inclined to believe that he has gone over to Scotland Neck, on Roanoke River, where he was raised, and has a great many acquaintances.

For the apprehension of said Slave, and the securement in any Jail, so that I can get him again, I will pay the above reward of Twenty five Dollars.
