SAVE YOUR CORN COBS AND SHUCKS. TO THE PLANTERS AND MILLERS OF N. CAROLINA

to enable common Mill stones (or rocks) now in use, to grind CORN, COB and SHUCK, nto meal, for Horses, Muies, Cattle Hogs, &c. thereby saving more than one third of a crop, which is an important item with planters. The machinery used for the above purpose is simple and durable, and cannot, with fair means, get out of order. It will last as long as the Stones last, with an expense of 50 cents every five years. To enable the common Mill Stones to grind ear corn into meal, requires no new buildings or extra power. It can also be applied to Horse Mills, Treshing Machines, Gins or any given power uity can never occur for all to supply themselves who known. The same Mill will grind one third more of will call soon.

Corn meal by the introduction of this Machinery, and
The public are assured that this offer to sell at cost
is made in good faith, and will be strictly adhered to.

grinding Corn Meal in the space of thirty seconds.— Corn alone, when fed to stock, is said to be by the most practical and scientific Planters, constipating in its effects, producing founders, cholics and various other maladies which are incident to stock. Grinding cols with the Corn, makes a food congenial with their nature, and cannot produce any of the serious results above mentioned. Stock, when fed on Corn exclusively, are deprived of the benefits of distension (so necessary to the proper health of animals,) by their being unable to eat a sufficient bulk to produce distension before the animal becomes gorged. Cobs ground with the corn, produce this necessary distension, without any danger of diseases arising from overeating. Corn and cob meal is improved by scalding, and still more by boiling, and yet more by a partial fermentation. All the preparations facilitate digestion for Hogs. But Horses and Mules will not eat fermented food, consequently they will require it dry or partially wet with cold water Horses, Mules and Oxen, when ted with unground food, void much in an undigested state, which is of course lost for all beneficia purposes .-- TJ Read the subjoined certificate.

The undersigned can be addressed at Raleigh, and all calls will be attended to punctually and with despatch by himself or Agent WM. F. COLLINS.

Raleigh, Feb. 20, 1845.

CERTIFICATES. Having been solicited by Maj Collins to have my Mill adjusted to grind Corn in the Ear and Shuck, I HE travelling public are respectfully informed, consented that he should do so as an experiment; and that a Train of Cars will leave the City Point I am able to say that it grinds Corn in the Shuck at Depot (at Petersburg.) on the mornings of Mondays, the rate of 30 bushels per hour; and the dressing of Wednesdays and Fridays, at 8 A M. connecting the stones is so improved, that it grinds shelled Corn more than twice as fast as before, and by my watch, at the rate of 15 bushels per hour, and the meal finer than usual. I deem it a valuable improvement, and shall purchase the right to use it, as it will afford me a sperdy way of feeding my horses and cattle, and save much thereby.

Public prejudice (which appears to prevail in this section of the country against all Patent Rights) ty, North Carolina, on his return with the said slave so far as my statement will go in giving the advantime for the Cars to Philadelphia, Washington City, tage which I have derived in having Major Collins' Patent Right for grinding Corn, Cob and Shuck, at- The said WILEY is black, about five feet 11 inches tached or applied to my Grist Mill, I state, that my high, between 24 and 25 years of age, and weighs sufficiently fine to mix with other rough food for a large green blanket under the saddle. Had on Stock. My Mill ground very slow before this im- when he left, a checked roundabout, somewhat greyhe rate of six bushels per hour.
