GREAT BARGAINS!! LARGE STOCK OF DRY GOODS AND GROCERIES. Selling off at cost!!!

THE firm of Russell & Cooke having been dissolved, and their remaining stock of Goods having passed into the hands of Mr. Russell, one of the late firm, who is determined to close the business as speedily as practicable, the whole stock, comprising an extensive assortment of
DRY GOODS AND GROCERIES
of excellent quality, is now offered for sale at cost. Goods of almost every description suitable to this market may be had so cheap, that a better opportunity can never occur for all to supply themselves who will call soon.
The public are assured that this offer to sell at cost is made in good faith, and will be strictly adhered to. They will also find the goods of the best quality, fashionable, sound, and substantial, of a kind made for use, not merely to sell.
All may be said, as there are on hand many articles of the finest quality as well as a large assortment of the coarsest and more substantial kinds.
All are invited to call and examine and judge for themselves; those who have the keenest taste for CHEAPNESS, will doubtless be satisfied.
Those who do not need at present, will
SAVE
by buying now and laying up for the future.
Let it be remembered that no one will sell Goods in a regular business without a profit, by which they can live; that no one will sacrifice goods at less than cost without compulsion; and that cost is as about as cheap as most merchants can afford to sell and most people would wish to buy.

TO THE NORTH. WINTER ARRANGEMENT. Via Petersburg and Roanoke, and City Point Rail Roads, and James River and Bay Steamers.

By far the most comfortable route and certain one of getting North.
THE travelling public are respectfully informed, that a Train of Cars will leave the City Point Depot (at Petersburg), on the mornings of **Mondays, Wednesdays and Fridays**, at 8 A. M. connecting with the James River Steamers, Curtis Peck, Capt. Davis, or "Alice," Capt. Skinner, one of which Steamers will leave City Point on those days at 9 A. M. arriving at Norfolk the same afternoon at 5 P. M. where the traveller can stay on board the Baltimore Boat until they leave the next afternoon without extra charge.
The superior Steamer, Georgia, Capt. Cannon, will leave Norfolk for Baltimore, on Tuesday, Thursday and Saturday evenings, at 4 P. M. arriving in Baltimore about 6 A. M. next morning, always in time for the Cars to Philadelphia, Washington City, or Cumberland.
The additional expense incurred in fitting up the Boats for the Winter service, compels the proprietors to advance the Fare for the Winter, to
From Gaston to Baltimore or Annapolis \$10 00

Meals and Lodging included on the James River and Bay Boats.
Passengers may rest assured that the James River and Bay Steamers are well provided for the Winter travel, and but little doubt of delay by ice, (as on the Potomac or Great Mail route) we having engaged the Ice Boats to keep open a track in the Potomac, when possible, should the weather be so severe as to prevent the Steamers reaching Baltimore. Passengers will be landed at Annapolis, from whence there is a Rail Road communication to Baltimore or Washington City.

Twenty Dollars Reward.

RANAWAY from the Subscriber, residing at Pittsylvania Court House, Virginia, on the night of the 31st day of December, 1845, a likely negro man, slave, by the name of **WILEY**.
The said negro slave was purchased by me, a short time since, from Atlas Rush, of Montgomery County, North Carolina, on his return with the said slave from Newcastle, Virginia, at which place he had been apprehended, on his way to Ohio with free papers. The said **WILEY** is black, about five feet 11 inches high, between 24 and 25 years of age, and weighs about 200 pounds; is very likely and well formed. He made his elopement on a large bay tail Mare, saddle and bridle, which he took from me, with a large green blanket under the saddle. Had on when he left, a checked roundabout, somewhat greyish pantaloons, yarn, and a cap, and carried with him also, a grey houndspan coat; it is supposed to have passed through Danville, Virginia, and is no doubt making his way through Greensborough, N. C. to the neighborhood of Mr. Rush, where he formerly lived, with the view of procuring another set of free papers, and for the purpose of having an interview with his wife, whom he expressed, a few days before his departure, a great wish to see.
For the apprehension of the said slave, and his recapture in Jail, so that I get him again, I will pay the above reward of Twenty Dollars, and a reasonable compensation to any one who will secure, and take care of the mare, bridle and saddle, or either of them, until I can get them.

SAVE YOUR CORN COBS AND SHUCKS. TO THE PLANTERS AND MILLERS OF N. CAROLINA.

THE undersigned has obtained Letters Patent to enable common Mill stones (or rocks) now in use, to grind **CORN, COB and SHUCK**, into meal, for Horses, Mules, Cattle Hogs, &c. thereby saving more than one third of a crop, which is an important item with planters. The machinery used for the above purpose is simple and durable, and cannot, with fair means, get out of order. It will last as long as the Stones last, with an expense of 50 cents every five years. To enable the common Mill Stones to grind raw corn into meal, requires no new buildings or extra power. It can be applied to Horse Mills, Treshing Machines, Gins or any given power known. The same Mill will grind one third more of Corn meal by the introduction of this Machinery, and can be changed from grinding Corn and Cob, to grinding Corn Meal in the space of thirty seconds.—Corn alone, when fed to stock, is said to be by a partial fermentation. All the preparations facilitate digestion for Hogs. But Horses and Mules will not eat fermented food, consequently they will require it dry or partially wet with cold water. Horses, Mules and Oxen, when fed with unground food, void much in an undigested state, which is of course lost for all beneficial purposes.—**Read the undivided certificate.**
The undersigned can be addressed at Raleigh, and all calls will be attended to punctually and with dispatch by himself or Agent
WM. F. COLLINS,
Raleigh, Feb. 20, 1845. 16—1y

CERTIFICATES.

Having been solicited by Maj Collins to have my Mill adjusted to grind Corn in the Ear and Shuck, I consented that he should make an experiment; and I am able to say that it grinds Corn in the Shuck at the rate of 30 bushels per hour; and the dressing of the stones is so improved, that it grinds shelled Corn more than twice as fast as before, and by my watch, at the rate of 15 bushels per hour, and the meal finer than usual. I deem it a valuable improvement, and shall purchase the right to use it, as it will afford me a speedy way of feeding my horses and cattle, and save much thereby.
WM. BOYLAN.

MR. GALES: SIR—In order to remove the Public prejudice (which appears to prevail) in this section of the country against all Patent Rights) so far as my statement will go in giving the advantage which I have derived in having Major Collins's Patent Right for grinding Corn, Cob and Shuck, attached or applied to my Grist Mill, I state, that my Mill, since this improvement was attached, grinds not only as good Meal as before, but **FIFTEEN TIMES FASTER**, and grinds up the Corn, Cob and Shuck, into Meal sufficiently fine to mix with other rough food for Stock. My Mill grinds very slow before this improvement was made, but now grinds fine Meal at the rate of six bushels per hour.
I make this statement, as will for the benefit of the Public, as to do justice to KNOWLES'S Patent (now owned by Major Collins).
