of excellent quality, is now offered for sale at cost. Goods of almost every description suitable to this market may be had so cheap, that a better opportunity can never occur for all to supply themselves who will call soon.

The public are assered that this offer to sell at cost a made in good faith, and will be strictly adhered to. They will also find the goods of the best quality, fashionable, sound, and substantial, of a kind made for use, not merely to sell.

All may be suited, as there are on hand many articles of the finest quality as well as a large assortment of the coarset and more substantial kinds. All are invited to call and examine and judge for themselves ; those who have the keenest taste for CHEAPNESS, will doubtless be satisfied. Those who do not need at present, will

by buying now and laying up for the future. Let it be remembered that no one will sell Goods in a regular business without a profit, by which they can live ; that no one will sacrifice goods at less than cost without compulsion ; and that cost is as about as cheap as most merchants can afford to sell and most people would wish to buy.
