\$10 Reward.

RANAWAY from the Subscriber in Duplin County, about the 20th of July, JOHN NICHOLAS BEFORE, a bright Mulatto man, aged about forty years, stout and chunky built, has a good countenance, is fond of liquor, a Bricklayer and Plasterer by trade, has worked in the mill in all the adjoining counties. When he left, he had a bad sore on one leg, occasioned by a burn. He will no doubt try to pass as being free, but having purchased himself some three years back, I will give the above reward for his apprehension and confinement in any jail, or for his delivery to me near Kenansville. I also forward all persons harboring or hiring said slave, as I will enforce the law against all offenders.

WHY HAVE THE AGUE AND FEVER?

PRICE'S Ague and Fever Pills have never failed, where directions were strictly followed, to effect a cure in from Fifteen to Thirty hours. They are prepared from simple Vegetable Medicines, and are, therefore, the safest, most pleasant, and speediest remedy known, for the cure of intermittent Fever. They have been tried in "Obstinate Chills" of the worst form, and have invariably given relief, and cured the patients. They never affect the brain, as does Quinine; or injure the constitution, as does Aconite. The money returned in every case of failure, where directions are followed. Price 31 per box. Planter, Country Merchants, and Druggists will be supplied at 25 per dozen boxes. Prepared and sold only by

INSURANCE.

THE New York Life, Fire, Marine and Inland Stock Insurance Company, No. 20 Wall street, (capital 500,000 dollars) are now prepared to insure against loss by fire, the damages of the sea and inland navigation, also the loss of human life, upon terms equal if not more favorable than those of any other company of this city. Having their business divided upon the four different branches of insurance, they avoid the great error of former companies, by having only one-fourth of their interests affected by any calamity, however great, by fire, sea, or casualty fatal to human life, having at all times three-fourths of their business to sustain the one-fourth which may be affected by those disasters which so often ruin those companies whose whole capital is engaged upon either fire, marine, life or inland insurance. Another source of great security adopted by this company is not to take any risk, upon any consideration, for a greater sum than \$5,000, also no two risks adjoining, thereby avoiding the errors which have proved fatal to other companies.—This company also, to avoid any disarrangement of the affairs of the insured, pay all losses as soon as satisfactorily arranged, dispensing with the useless delay of sixty days, oftentimes of such serious inconvenience to the insured.
The attention of the mercantile, marine and personal interests is respectfully called to the advantages of this company.
