WHY HAVE THE AGUE AND FEVER?
PRICE'S AGUE AND FEVER PILLS have never failed, where directions were strictly followed, to effect a cure in from *Eight to Thirty* hours. They are prepared from simple Vegetable Medicines, and are, therefore, the safest, most pleasant and speediest remedy known, for the cure of intermittent Fever. They have been tried in "Contagious Chills" of the worst form and have invariably given relief, and cured the patients. They never affect the brain, as does Quinine; or injure the constitution, as does Arsenic. The money returned in every case of failure, where directions are followed. Price \$1 per box. INSURANCE.
THE New York Life, Fire, Marine and Inland Stock Insurance Company, No. 20 Wall Street, (capital 500,000 dollars) are now prepared to insure against loss by fire, the damages of the sea and inland navigation, also the loss of human life, upon terms equal if not more favorable than those of any other company of this city. Having their business risks divided upon the four different branches of insurance, they avoid the great error of former companies, by having only one-fourth of their interests affected by any calamity, however great, by fire, sea, or casualty fatal to human life, having at all times three-fourths of their business to sustain the one-fourth which may be affected by those disasters which so often ruin those companies whose whole capital is engaged upon either fire, marine, life or inland insurance. Another source of great security adopted by this company is not to take any risk, upon any consideration, for a greater sum than \$5,000, also no two risks adjoining, thereby avoiding the errors which have proved fatal to other companies.—This company also, to avoid any disarrangement of the affairs of the insured, pay all losses as soon as satisfactorily arranged, dispensing with the needless delay of sixty days, oftentimes of such serious inconvenience to the insured.
The attention of the mercantile, marine and personal interests is respectfully called to the advantages of this company.

THE Subscriber has recently returned from the North, and has just received an entire New Stock of Goods comprising a general assortment of DRY GOODS and FAMILY GROCERIES, CROCKERY, SHOES, &c. &c. to which he would most respectfully call the attention of the citizens of this place, and surrounding Country, as he flatters himself that his prices, and the quality of the articles offered, must ensure sales to all in want of Goods in his line.
