WAR DEPARTMENT,

Sin: In reply to your letter of the 12th inst, I have the honor to inform you that it is not contemplated to make any further call on the Executive of your State for any volunteer or militia force, with a view to the existing war with Mexico. A sufficient amount of force for the prosecution of that war, has, it is believed, been already called into active service. I have the honor to be, very respectfully,

Your obedient servant,

W. L. MARCY. Secretary of War. NEW MEXICO,

TERRITORY OF THE UNITED STATES." The last mail, from the West, says the "National Intelligencer," brought us in the newspapers the following authentic copy of the very extraordinary rescript issued by General KEARNEY, under instructions from the President of the United States, for the establishment of a Territorial Government of the United States in the Mexican Province of New Mexico:

Being duly authorized by the President of the U-nited States of America, I hereby make the following appointments for the Government of New Mexico, a Territory of the United States.

CAPTAINS GATLIN AND HOLMES

In a letter from an Officer of the Army, published in the Picayune, we find the following mention of these two Officers of the Army, one a native of Kinston, N. C., and the other a native of Sampson County, N. C .:

a Capt. Gatlin was on the left with Capt. Miles; he got into the hottest sort of work, and for his temerity got a ball through his arm, which has kept him in bed ever since, though he would not leave the field until he played the game through. Capt. Holmes was ordered to take to the house tops with companies of the hardest sort of fighting until it was too dark to see, when he found he had advanced on the enemy about a quarter of a mile. The next morning they capitulated before the buttle got warm."

The present war brings us better acquainted with the country which we have conquered. It shows us the habits of the people, the productive capacities of their soils, its mountains, and the routes by which commerce is hereafter to shed its blessings upon the land. How many were acquainted with the beauties of Monterey, for example; of which one of the first officers of the army gives us the following picturesque description, under date of Octo-

"The brave division of General Worth has fought six distinct and separate battles, and as often conquered superior numbers, and strewed the valleys and the mountains, the streets and house-tops with the enemy's dead. We have gained a series of People will be satisfied. This valley and surroundor grandeur. As to climate, it seems to be a resolution of all the finer elements. In the same enclosure you observe the tropical and the northern fruits: the orange and pomegranate, blended with the apple, pear, and cherry of the north; all growing in rich and harmonious luxuriance. The mountains seem to stretch to heaven and kiss the hand of God in thankfulness for his blessings. Indeed, 'all but the face of man is divine."

THE RESULT IN MASSACHUSETTS. The Boston Atlas, speaking of the general result of the late election throughout the ancient Commonwealth of Massachusetts, says:

"Our Whig brethren of the South and West will perceive, through the results of this election, that the Whigs of the old Bay State are determined to maintain the integrity of the Whig Party proper throughout the country. We look to the united ef-fort of our party-here, there, and everywhere in the Republic-as the only safe hope upon which we can rely for the establishment of a wise and good administration of our Government, for the enactment and execution of wholesome laws, for the restoration and preservation of peace abroad, and for the protection of the greatest interest of our country at home.— We have beaten down every political sect and faction that has set itself up in array against us. We have nobly triumphed over all our enemies. We of May." stand on the high ground that the Whig Party will always occupy. We deplore the evils that exist in the land—we detest the wrongs that are done by wicked men in power-but, nevertheless, we go for the Union, and we are determined to maintain it .-We love our country, and we mean to adhere to her -wherever is her territory, or however it may be

Gov. Young's HEALTH .- The Rochester Democrat of Saturday, thus rebukes the paragraphs which are in circulation as to the precarious condition of the health of the Governor elect of New York :

"We have contradicted these reports half a dozen times, but since they won't stay contradicted, we will, to ease the anxiety of our Whig friends abroad, say again that there is not the slightest foundation for the rumor that Mr Young is in a dangerous condition. His health is better than it has been for recentle past. Every day since Election he has at-tended to his ordinary business. Last week he was at Batavia, and he is making preparations for a trip to Albany next week. Early last summer he had an attack of erysipelas, the effects of which were perceptible upon his general health for some time But he recovered over two months ago, so as to be able to attend to all his ordinary business, and his general health, we are happy to say, is constantly improving. Several of our citizens saw and conversed with him in the streets of Genesoe, on Thursday."

MR CLAY.

A Frankfort correspondent of the United State's Gazette, says that this gentleman has been engaged fately in the trial of several important cases, in one of which his closing speech is described as one of the best offerts of his life, and, to all, "it seemed as if olden times had returned. His mental and bodily wein appears as strong as ever, and having just heard the news from the Old Key Stone, he was in the very best flow of spinits." .. .

DISAPPROVAL OF THE WAR. The New York Commercial Advertiser con-firms the opinion we have heretofore expressed, that the public dissatisfaction at the unconstitu-tional commencement of the Mexican War, the manner of its management, its ruinous expense, and the terrible sacrifice of human life, have had an important bearing upon the late elections, and contributed materially to the deleat of the Administration. There is no doubt of it. The great majority of thinking men of all parties, there and here, and throughout the country, (if we may except the extreme South,) are utterly opposed to the Administration which wantonly and unlawfully brought on the war, though they may, and do, with true patriotism, sustain it now that we are engaged in it. This is a duty not more mperative than the condemnation of those who

wrongfully involved us in its horrors.

The Executive doubtless imagined, that the existence of war would excite the patriotic feelings of the people to such a pitch, as to break down all party lines, and drag in the whole country, not alone to the support of the war, but to the support of the Administration which waged it. He had the example of 1812-15, when the Federal Party was annihilated by the War with-Great Britain. A great portion of that party, opposed as they had been to President Madison and the Republican party, at once ceased their opposition and lent a hearty support to the war, in the field and in the public councils; and those who still resisted, became so odious that their party name became a reproach. It was doubtless in the hope of a similar result, that Mr. Polk plunged the country in war. He hoped to break up the Whig party in the same way, and to perpetuate and increase the power of his own. But there is an all-essential difference between the cases. The war of 1811 was waged by the constituted authorities of the land, after mature deliberation, in defence and assertion of the dearest rights and most sacred honor of the country, and against the greatest power of the world -This Mexican war is the act of the Administration, which Congress was called on to sanctify only after it had been begun. Its plea was that Mexico owed us money which she had not been prompt in paying. And it was believed that she was so miserably weak, that a march to the Halls of the Montezumas would be but a holiday affair. The people have discrimination enough to

rey defeat. We trust, however, that good will yet come of this Mexican war. The dreadful criminality of unnecessary war will be impressed upon the public mind, with a feeling of horror at the suffering and death of so many gallant spirits, and of indignation at the burdens imposed in paying

President and his followers a more than Monte-

for this wholesale slaughter. When it is to come to an end, no man can tell. No doubt that the Administration, not less than the people, would now be glad to secure a peace. But every indication from Mexico is of a more and more bitter hostility, of a sterner determination to avenge themselves, and of a thorough u nion of all parties and classes in the effort.

THE LATE WHIG VICTORIES-MR. HAYWOOD. -If there is a man in the Union, who, in his heart of hearts, rejoices over the crushing defeats lately sustained by the Loco Foco Party-it is Mr. Senator Haywood. He knew the character of the "Experimental Tariff"-he knew what would be the effect of its enactment to the party to which he belonged—he warned them to pause and reflect, and finally resigned his seat rather vote for a Bill so obnoxious to himself, and which he deemed so impolitic for his Party.

For this, obloquy and abuse were heaped upon him mountain high-his motives were impeached and his conduct denounced with almost unparalleled ferocity. But, now, what is the aspect of affairs! Mr. Haywood's policy and foresight stand vindicated before the Country, and full many a Loco who voted for the "British Bill," ing scenery would seem to have set to Johnson's and who joined in the hunt, who only lacked the Rasselas. Mr. Haywood has had his days of bitterness and mortification-he has now his days of triumph and exultation. He met with no pity and no sympathy from those to whom he had a right to make the strongest appeals, and he can now "mock when their fear cometh."-Pet. Intell.

SWORD FOR GEN. TAYLOR .- The New York Commercial gives the following description of a gold sword presented by the State of Louisiana to Gen. Taylor which is being exhibited in that

The scabbard is made of the finest metal, with richly engraved and wrought ornaments. On two divisions of the front side are scenes of the battles of Palo Alto and Resaca de la Palma. The shield presents the following inscriptions: "Presented by the State of Louisiana to Gen.

Z. Taylor, in testimony of the high opinion held by the people of this State of the skill, conduct and judgment shown by him during his military life, but particularly during the battles of Pale Alto on the 8th and of Resaca de la Palma on the 9th

Surmounting the battle scenes, appears the coat of arms of Louisiana, and in the centre of the scabbard the American eagle richly engraved The grasp is composed of alternate mother of pearl and gold facets, richly engraved and studded, and protected by a massive gold chain. The head represents a revolutionary cap and plume, surmounted by a precious cairnghorm stone.

MEETING OF STOCKHOLDERS. The meeting the Stockholders of the Wil-mington and Raleigh R. R. Company, was commenced in this town on Thursday, and adjourned last evening. We subjoin as much of the pro-ceedings as our time and space will permit.

WILMINGTON, Nov. 12th, 1846. At the annual meeting of the Stockholders of the Wilmington and Raleigh Rail Road Company, held at Wilmington, on the 12th November, 1846, James S. Battle of Edgecomb, was appointed Chairman, and Wm. A. Wright and James Griswold. Secretaries.

On motion of Gov. Dudley, the Secretaries were appointed a committee to examine proxies, and to ascertain the amount of stock represented. The committee appointed for that purpose reported 3,780 shares of stock represented by in-

dividuals, and 6,000 shares by the State. The meeting being duly organized, the President of this company made his annual report, together with the reports of the superintendant of the road and road repairs, and of the agents of the steam boats and shops, which several reports

were received, and ordered to be printed. The committee on accounts, by their Chairman, J. Griswold, made their report, which was

On motion of Gov. Dudley, Resolved. That the proper notice be given that this company will apply to the next Legislature for an amendment of their charter, with a view to an extension of the road to Fair Bluff, or some point on the South Carolina line.

Mr. Toole offered the following Resolutions which he enforced by some appropriate remarks, delivered with much eloquence and animation.

Resolved 1st. That in the opinion of this Convention material reductions should be made in the salaries and expenditures, exhibited by the Committee appointed at the last meeting, Messrs. Griswold Mc-Rae and Nutt: that omitting any specifications, the Convention recommend to the President and Board of Directors a searching examination how far and in what particulars such reductions should be made.

Resolved 2d. That the present Road must be susained; that to secure that, it must be extended. That in contemplation of the present embarrassment of the State, no direct pecuniary aid can be expected or ought to be asked from that quarter. That the general Government, with a view to mail facilities should extend a fostering hand. That the new enterprize strongly appeals to the State pride of the citizens of North Carolina, presenting the simple question whether we shall remain as heretofore in two cases, and instead of rallying to the support commercial vassalage to Virginia, South Carolina, or New York, or whether, uniting all our efforts we of President Polk, as in 1812 they did to the sup dort of President Madison, they are in fact rally. shall aid to build up in North Carolina a City woring to the support of the country giving to the thy of the State.

On motion of Mr. T. D. Meares, it was Resolved, that the President and Directors apply to the Legislature for an extension of credit on the debt due the Literary Fund and the Bonds of the Company on which the State is now an indorser, in such way as to them may seem best.

On motion of G. J. McRae, it was Resolved that we memorialize the next General Assembly of the State of North Carolina, to relinquish the mortgage held by the State on the Boat and Wharves of the W. and R. R. Road Company; to authorize said Company to negotiate, on the faith of said Boats and Wharves, as large a loan as possible; to subscribe the amount of said loan to the extension of said Road south to some point on the South Carolina line-the said stock in the new Road being pledged to the State in lieu of said mortgage on the Boats and Wharves, and for the same purposes.

On motion of Gov. Dudley, James Griswold, Henry Nutt and William S. Baker, were appointed a Committee on accounts for the ensu-

On motion of T. D. Meares, it was Resolved that the President of this Company, E B. Dudley, James S. Battle, Frederick J. Hill, H. L. Holmes and Thomas D. Meares, be appointed a Commit-tee to attend the sitting of the Legislature for the purpose of memorializing that body for the extension of the Charter of the W. and R. R. R. Company, to enable them to connect with the S. C. Road, or to procure another Charter for the same purpose, and to attend to the interest of the Road in all other particulars; and that the Committee appointed as aforesaid, be authorized to add to their number, or fill any vacancies in their body which may occur.

On motion of Dr. Sugg, the following Resolutions were adopted :

Resolved, That in the opinion of this meeting, a SINKING FUND, should be provided for the liquidation of the debts of this Company, and that we strongly recommend to the Stockholders, to contribute for that object. Resolved, That the President and Directors be in-

structed without delay, to prepare an instrument of Writing and cause it to be presented to every Stockholder in this Company, for his or her signature, binding them to the payment of \$5 on each Share of Stock annually for 5 years on and after the 1st. of Nov. 1847, for the purpose of raising said Fund.

Resolved, That no such subscription shall be con-

sidered binding until the assent of Individual Holders of at least 5000 Shares, be obtained, and also the consent of the Legislature, to a similar contribution on the Stock held by the State. Resolved, That all the nett proceeds of the Road

after paying the Expenses of the Company and the interest on the debt, shall be added to said fund, until the whole debt shall be extinguished.

Resolved, That after the debts of the Company shall have been paid, the whole proceeds of said Road shall be and are hereby pledged to the re-payments to the Stockholders of their contributions as above, until the sums so contributed shall be returned with the interest thereon.

Resolved, That the President and Directors be instructed to make application to the Legislature at the ensuing Session, for its concurrence in the object of the above resolutions.

Resolved, Unanimously, That the thanks of this meeting be presented to our late President, Gen. E. B. Dudley, for the untiring energy, the ability, and zeal with which he has administered the affairs of

Resolved, That Wm. A. Wright and James Griswold, be appointed a committee to prepare the pro-ceedings of this meeting for publication, and that 700 copies of the same be printed for distribution amongst the Stockholders.

On Thursday, the Meeting was addressed by the Hon. RICHARD HINES, the Representative of the State Stock in said Company. We were pleased to find this gentleman's views were highly patriotic and embraced the interest of the whole State. He is well acquainted with the subject, in all its bearings, and we hope our citizens will be admonished by the eloquent and warm appeal he made to them, to rely solely on themselves for success; for we may take his assurance, that if the people of Wilmington do not do the work, it will not be done at all! Mr. Hines is entittled to the warmest thanks of this community, for his liberal and enlarged views of public improvements, as well as for the masterly illustration of them, on this occasion.

The following officers were elected for the ensuing year, Alexander McRae, of Wilmington, President.

RUM AND POLITICS.

Ma Gates: We see in the last " New York Organ," an Adress to the Electors of the City, issued just before the inte Election for Members of the Legislature, by a Committee of the prints of free trade, alias, the advocates for Rum selling. It seems there were 16 Whig candidates, with their names in one column; 16 Democrats in another column, and 16 Native Americans in a third column. The four first on the Whig list, were recommended as friends of the Rumies, the other 12 Whigs were marked as unworthy of their suffrage. Every one of the 16.

Democrats, were recommended, with the first four
Whigs, as favorable to the Rum cause! and every
one of the 16 Native Citizens, were proscribed as
being opposed to Rum, or of doubtful friendship for
it! Who, sir, do you think, thus joined Rum and Politics together?

ABOLITIONISM ON THE DECLINE. There is no more gratifying fact, says the "Richmond Republican," connected with the late elections than the triumphant manner in which, in Massachusetts, they exculpate the Whigs from the charge of coalition with the Abelitionists, and, in the Empire State, show a sound and healthful state of public sentiment in regard to the extension of suffrage to the black population.

BEWARE OF COUNTERFEITS. We understand that, in the last few days, a number of \$4 counterfeit notes on the Bank of the State of North Carolina, have been in circulation in Petersburg. They have quite a new appearance, but are said to be bad imitations of the genuine notes. Petersburg Republican.
