THE Proprietors take pleasure in advising the travelling public of the renewal of their Daily Line. The Steamers, during the past Winter, have undergone a thorough repair, and are now in fine order. These Boats are well officered, by men of long experience on the route.  
Passengers leaving Weldon or Gaston every night except Saturday, and Peter-burg every morning except Sunday, will go direct on without delay—reaching Baltimore next morning in time for the cars to Washington, Philadelphia or Cumberland—at less expense than any other Line, with fewer changes of person and baggage, and no loss of sleep.  
Passengers getting through Tickets, are allowed to stop at any point on the route, and resume their travel at pleasure. Should the train from the South be delayed by any accident—thereby losing the connection with the Bay Line—the passenger preferring to try the mail line the next day, the agent of the Petersburg and Roanoke Rail Road Company, at Petersburg, is authorized to refund fare.

**LETHEON.**  
Dr. J. C. WARRICK, one of the highest authorities in the United States, speaks of this preparation and its application, in terms which must secure for it the confidence of all; and his views of its efficacy and usefulness are fully concurred in by the principal Surgeons of all the London Hospitals. The inhalation of the vapor of Ether is perfectly harmless; and scarcely a day passes without operations being performed under its influence. Such is the testimony from all parts of Great Britain. In Paris, its reception is no less flattering. There the general opinion seemed to be, (says the Report of the Secretary of the Academy of Science, and the names of some of the most eminent Surgeons of Paris are given as authority for this opinion,) that in ninety-nine cases out of a hundred, complete success may be obtained, if proper inhalation apparatus be used, and the Ether be pure and highly rectified; and that, with such precautions, no danger is to be apprehended in one case out of ten thousand.
