DR. H. F. PEERY'S
Vermifuge or "Dead Shot,"
FOR WORMS.

A highly valuable preparation, capable, from the promptness of its action, of clearing the system in a few hours, of every Worm. Children are exposed to common and fatal as Worms; they imitate the symptoms of almost every other complaint, and often produce the most alarming effects before they are suspected. The symptoms which are produced by the irritation of worms in the bowels, and which with some degree of certainty indicate their existence, are as follows:—Countenance pale, tongue whitely furred, grinding of the teeth, fetid breath, stomach hard and swelled, wasting of the flesh, sickness and pains in the stomach, bowels either too costive or too loose, great fretfulness, unusual craving for clay, dirt or chalk, convulsions, fits, &c. &c.
Numerous certificates of the value and usefulness of this preparation are almost daily received.
The following is from the Rev. W. B. Winton, a distinguished preacher of the Methodist Church.
Abingdon, Va., May 12, 1843.
I do hereby certify, that I have used Dr. Peery's Vermifuge in my family to the great satisfaction of myself and relief of my children. It is prompt in its action, and in one case removed a large number of worms in three or four hours after it was given to the child. I am satisfied that as a Vermifuge it is superior to any that I have ever used.
W. B. WINTON.
Newbern, N. C., May 23d, 1844.
Dear Sir—I have been anxiously looking for another supply of your "Dead Shot Vermifuge," as I have not a single vial left. There are constant applications for the medicine, and I should be pleased to supply the demand. It has proved itself, so far as tried in this vicinity, to be a positive specific, and no humbug. Please inform me by return mail, how soon you can furnish me with another supply.
Truly yours,
J. A. LOGAN.
Price 25 cents per vial.
Prepared by Dr. H. F. Peery, and sold wholesale and retail by A. B. & D. SANDS, Druggists, 100 Fulton street, corner of the Exchange, New York.
Sold also by P. F. PESQUID, Raleigh, North Carolina, and by Druggists generally throughout the United States.

Renewal of the Daily Line.

Via the *River*, now favorably known as the *James River* and *Chesapeake Bay Line*.

The Proprietors take pleasure in advising the travelling public of the renewal of their Daily Line. The Steamers, during the past Winter, have undergone a thorough repair, and are now in fine order. The Line, for the present, (until the completion of the repairs on the *Curtis Peck*), will consist of the following Steamers:

On *James River*, On *the Bay*,
Jewess, Capt. Sutton, *Georgia*, Capt. Cannon,
Allice, " Brough, *Herald*, " Russell.

These Boats are well officered, by men of long experience on the route.

Passengers leaving Weldon or Gaston every night except Saturday, and Petersburg every morning except Sunday, will go direct on without delay—reaching Baltimore next morning in time for the cars to Washington, Philadelphia or Cumberland—at less expense than any other Line, with fewer changes of person and baggage, and no loss of sleep.

Passengers getting through Tickets, are allowed to stop at any point on the route, and resuming their travel at pleasure. Should the train from the South be delayed by any accident—thereby losing the connection with the Bay Line—the passenger preferring to try the mail line the next day, the agent of the *Petersburg and Roanoke Rail Road Company*, at Petersburg, is authorized to refund fare from Weldon or Gaston to Baltimore, \$9 00

LETHEON.

Dr. J. C. WARREN, one of the highest authorities in the United States, speaks of this preparation and its application, in terms which must secure for it the confidence of all; and his views of its efficacy and usefulness are fully concurred in by the principal Surgeons of all the London Hospitals. The inhalation of the vapor of Ether is perfectly harmless; and scarcely a day passes without operations being performed under its influence. Such is the testimony from all parts of Great Britain. In Paris, its reception is no less flattering. There the general opinion seemed to be, (says the Report of the Secretary of the Academy of Science, and the names of some of the most eminent Surgeons of Paris are given in authority for this opinion,) that in ninety-nine cases out of a hundred, complete success may be obtained, if proper inhaling apparatus be used, and the Ether pure and highly rectified; and that, with such precautions, no danger is to be apprehended in one case out of ten thousand.

NO PAIN!

It has long been an important problem in Medical Science to devise some method of mitigating the pain of Surgical operations. An efficient agent for this purpose has at length been discovered by Drs. Morton and Jackson, of Boston.

Pianos! Pianos!

PURCHASERS OF PIANO FORTES are respectfully informed that they can obtain excellent instruments at extremely low prices at the store of the subscriber. The instruments which he offers for sale are made of the best materials, by workmen of experience, who know their business. With regard to durability of workmanship and beauty of finish, these Pianos are warranted equal to any made in this country.

Lightness and elasticity of touch, and equality and sweetness of tone throughout, are marked peculiarities of the instruments offered for sale by the subscriber.

Owing to an arrangement effected with the Manufacturers, the subscriber is enabled to furnish these instruments at a lower price than they can be obtained anywhere else South of New York, and at the same time he warrants them to be equal to any in the Union.
