WHY HAVE THE AGUE AND FEVER?
PETER'S AGUE AND FEVER PILLS have never failed, where directions were strictly followed, to effect a cure in from Fifteen to Thirty hours. They are prepared from simple Vegetable Medicines, and are, therefore, the safest, most pleasant, and most speedy remedy known, for the cure of Intermittent Fever. They have been tried in "Consumptive Children" of the worst form and have invariably given relief, and cured the patients. They never affect the brain, as does Quinine; or injure the constitution, as does Arsenic. The money returned in every case of failure, where directions are followed. Price \$1 per box. Planters, Country Merchants, and Druggists will be supplied at \$8 per dozen boxes. Prepared and sold only by

DR. H. F. PEERY'S
Vermifuge or "Dead Shot,"
FOR WORMS.
A highly valuable preparation, capable, from the promptitude of its action, of clearing the system in a few hours of every Worm.
THERE is perhaps no disease to which Children are exposed so common and fatal as Worms; they initiate the symptoms of almost every other complaint, and often produce the most alarming effects before they are suspected. The symptoms which are produced by the irritation of worms in the bowels, and which with some degree of certainty indicate their existence, are as follows:—Countenance pale, tongue whitely furled, grinding of the teeth, fetid breath, stomach hard and swelled, wasting of the flesh, sickness and pains in the stomach, bowels either too costive or too loose, great fretfulness, unnatural craving for clay, dirt or chalk, cholic, convulsions, &c., &c.
Numerous certificates of the value and usefulness of this preparation are almost daily received.
The following is from the Rev. W. B. Winton, a distinguished preacher of the Methodist Church.
Abingdon, Va., May 12, 1843.
I do hereby certify, that I have used Dr. Peery's Vermifuge in my family to the great satisfaction of myself and relief of my children. It is prompt in its action, and in one case removed a large number of worms in three or four hours after it was given to the child. I am satisfied that as a Vermifuge it is superior to any that I have ever used.
W. B. WINTON.
Newbern, N. C., May 23d, 1844.
Dear Sir—I have been anxiously looking for another supply of your "Dead Shot Vermifuge," as I have not a single vial left. There are constant applications for the medicine, and I should be pleased to supply the demand. It has proved itself, so far as tried in this vicinity, to be a positive specific, and no humbug. Please inform me by return mail, how soon you can furnish me with another supply.
Truly yours,
J. A. LOGAN.
Price 25 cents per vial.
Prepared by Dr. H. F. Peery, and sold wholesale and retail by A. B. & D. SANDS, Druggists, 100 Fulton street, corner of William, New York.
Sold also by P. F. PENCUD, Raleigh, North Carolina, and by Druggists generally throughout the United States.

Renewal of the Daily Line.

Via the Route, now favorably known as the James River and Chesapeake Bay Line.
THE Proprietors take pleasure in advising the travelling public of the renewal of their Daily Line. The Steamers, during the past Winter, have undergone a thorough repair, and are now in fine order. The Line, for the present, (until the completion of the repairs on the Curta Peck,) will consist of the following Steamers:
On James River. On the Bay.
JEWESS, Capt. Sutton. GEORGIA, Capt. Cannon.
ALICE, " Brough. HERALD, " Russell.
These Boats are well officered, by men of long experience on the route.
Passengers leaving Weldon or Gaston every night except Saturday, and Peterburg every morning except Sunday, will go direct on without delay—reaching Baltimore next morning in time for the cars to Washington, Philadelphia or Cumberland—at least expense that any other Line, with fewer changes of person and baggage, and no loss of sleep.
Passengers getting through Tickets, are allowed to stop at any point on the route, and resume their travel at pleasure. Should the train from the South be delayed by any accident—thereby losing the connection with the Bay Line, the passenger preferring to try the mail line the next day, the agent of the Petersburg and Roanoke Rail Road Company, at Petersburg, is authorized to refund fare from Weldon or Gaston to Baltimore, \$9 00

NORFOLK, VIRGINIA.
DAVID F. KEELING, Proprietor.

D. F. KEELING respectfully announces to the Public, that he has taken this fine Establishment, recently completed by Capt. Furness, and begs leave to solicit the patronage of his friends and the travelling community.
This House has undergone thorough repair, has been newly furnished, and now possesses all the means and appliances of superior accommodation. The Proprietor is determined that his Hotel shall not be excelled by any similar establishment in the United States; and aware that an impression exists on the part of many, that his charges are higher than those elsewhere, he further states that his charge for board is \$1 50 per day or \$10 per week.

THE PETERSBURG

IRON, BELL AND BRASS
WORKS,
Machine, Smith-Shop, Edge-Tool Factory, &c.
In full operation.

THE undersigned returns his sincere thanks to the citizens of Petersburg, and the public generally, for the liberal encouragement he has received, and hopes (as he has a more extensive assortment of Patterns, more and better machinery, two good Cupolas or Furnaces better worked-up, and the whole Establishment better arranged and systematized,) by continued efforts to give satisfaction to all who may favor him with their patronage. He is prepared to execute orders for Casting from an ounce weight to sixty hundred.

MILL GEARING

Of every description; Shafting, Spindles, Screws, &c.—Castings for every description of Cotton Machinery.

WATER-WHEELS.

He is manufacturing Howd's Cast Iron direct acting Water-Wheel, and has made a number, which have been tested with great success, and is believed, from its structure, durability and strength, to surpass all other Wheels under less head of water than 14 feet. The sput for the above Wheels is here, who gives his whole attention to putting them up. The subscriber is also manufacturing Hutchins' reacting Wheel.

STEAM ENGINES,

High and Low Pressure.
Tobacco Presses.

He has on hand a number of various sizes, finished up complete, which he would sell at reduced prices for Cash, or on time to punctual customers.—Flatting, Mill, Patent Bands, Sinks, Levers, &c., at reduced prices.

HIGH-HEAD SCREWS,

With Box, Plate and Ink, all complete, for \$35. EDGE TOOLS.

He has on hand, and continues manufacturing, Cast Steel Axes, and other edge tools, warranted equal to any made at the North.

IRON RAILING,

Both Cast and Wrought—Plain and Fancy. Hoisting Machines, for Stores and Ware-houses, on an improved plan.

PLOUGHS, PLOUGHS,

He has on hand a heavy stock of Ploughs and Plough Castings of various Patterns, from 1 to 4 Horse, viz: Eagle or Meadow, Davis, McCormick Premium, Clarksville, Free Born, Bar Shear, Seed Corn, Side Hill, D. &c., which he will sell at unusual low prices.

Portable Corn Mills, of superior construction. Corn Shellers and Straw cutters.
Thrashing Machines, Fan Mills, &c.; and all other articles usually made at such establishments.

Having from 55 to 60 Hands employed, and some as good workmen as can be found in the State, he hopes to give as general satisfaction as to price, workmanship and despatch, as any other similar establishment.

He would respectfully invite all who are willing to give him an equal chance with Richmond or the North, to give him a call.
Orders left with Messrs. McLwaine & Brownlee, Messrs. Q. & W. L. Morton, at his shop on Old street, or at the Foundry, will be promptly attended to.

Petersburg, March 6. 12 if

Great Sale of Public Lands,

IN NORTH CAROLINA.
THE President and Directors of the Literary Fund of North Carolina, offer for sale, upwards of
Fifty Thousand Acres
Of Swamp Land, situate in Hyde County, in said State, embracing the region lying between Albemarle and Pamlico Sounds.

These Lands have been drained at great expense, under the direction of skilled Engineers, by an Act of the Legislature, and are believed to be now in a condition, to be cleared and cultivated.

This drainage has been effected by two main Canals, viz: Pungo Canal, extending from the Lake to the River, both of that name, 6 1/2 miles in length, with an average width at bottom of 22 feet, depth 6 feet, and fall of 12 feet; And, Alligator Canal, from the Lake of that name, to Pungo River, 6 miles long, with an average width at bottom of 30 feet, depth of 7, and fall of 10 feet; besides, sundry Tributary, or lateral Ditches. They are, therefore, navigable for Bateau—and emptying into Pamlico Sound, their mouths are accessible to Sea going Vessels.

A large portion of this Land abounds in Juniper, Cypress, and other valuable Timber, for which Forest of Eastern North Carolina is distinguished; and other parts consist of Prairie, covered with Grass and Bamboo, and in the estimation of the Engineers who surveyed it, are of great fertility. It is therefore considered to offer peculiar inducements both to Grain Farmers, and the getters of Slungies, Staves, Heading, &c. &c., and, with excellent Juniper water, is thought to be more favorable to health than most parts of the low country.

To immigrants, now arriving in the Parts of the United States in unusual numbers, especially those from Holland and Germany, accustomed to a similar country in many respects, these Lands will afford a soil as fertile as any in the North-western States, with easy access to the Sea, and the great markets of the world, for its productions, and within three days' sail of New York.

A credit of one, two and three years, will be given to Purchasers, on Bonds with approved security, and the titles will be warranted; but deeds will be withheld, until the final payment of the purchase money.

The President and Directors of the Literary Fund will attend at the Shantee on Pungo Canal, on the 20th day of May next, and will offer as much as 5,000 Acres of said Land for sale at Public Auction, in Quarter sections of 160 Acres each, on the terms aforesaid, and may, if there be sufficient inducement, continue said sale on the two following days, or until the whole body of 50,000 Acres is disposed of.

On the same day, the Board will also receive Proposals for constructing
A Turnpike Road
From Plymouth, in Washington County, to some point on or near Pungo River in Beaufort County, according to the provisions of an Act of the General Assembly, ratified 16th day of January, 1847.

Given under my hand, at the Executive Office, in the City of Raleigh, this 6th of April, 1847.

WILL A. GRAHAM, Gov. N. C.
And, ex officio, Pres't of Literary Fund.

LETHEON.

I WOULD inform the Surgeons and Dentists of North Carolina, that I am the authorized Agent of Dr. MURPHY, of Boston, to dispose of the Inhaler and Letheon, and also the light to use them.—My office is on Fayetteville Street.

LETHEON.

Dr. J. C. WARREN, one of the highest authorities in the United States, speaks of this preparation and its application in terms which must secure for it the confidence of all; and his views of its efficacy and usefulness are fully concurred in by the principal Surgeons of all the London Hospitals. The inhalation of the vapor of Ether is perfectly harmless; and scarcely a day passes without operations being performed under its influence. Such is the testimony from all parts of Great Britain. In Paris, its reception is no less flattering. There the general opinion seemed to be, (says the Report of the Secretary of the Academy of Science, and the names of some of the most eminent Surgeons of Paris are given as authority for this opinion,) that in ninety-nine cases out of a hundred, complete success may be obtained, if proper inhaling apparatus be used, and the Ether be pure and highly rectified; and that, with such precautions, no danger is to be apprehended in one case out of ten thousand.

NO PAIN!

It has long been an important problem in Medical Science to devise some method of mitigating the pain of Surgical operations. An efficient agent for this purpose has at length been discovered by Drs. Morton and Jackson, of Boston.

Pianos! Pianos!

PURCHASERS OF PIANO FORTES are respectfully informed that they can obtain excellent instruments at extremely low prices at the store of the subscriber. The instruments which he offers for sale are made of the best materials, by workmen of experience, who know their business. With regard to durability of workmanship and beauty of finish, these Pianos are warranted equal to any made in this country.

Lightness and elasticity of touch, and equality and sweetness of tone throughout, are marked peculiarities of the instruments offered for sale by the subscriber.

Owing to an arrangement effected with the Manufacturers, the subscriber is enabled to furnish these instruments at a lower price than they can be obtained any where else South of New York, and at the same time he warrants them to be equal to any in the Union.
