MESSES. SANDS :- I deem it an act of j is ice to myself and the community at large, to relate the following facts which occurred in our neighborhood in the latter part of July last. Jane C-, a young girl aged fourteen years was afflicted with an immense sore on the middle of her back, which defied all the treatment of medical skill. As she was a friend of our family I employed all the means in my power in endeavoring to relieve her, but in vain. At last some person mentioned to me your Sarsaparilla, and I immediately procured two bottles of Messes. Mosely & Tucker, your Agents in this city, which I gave to ber. I called to see her the next day and she told me she had taken two doses and felt very much relieved. I laughed immoderately at this, but she said it was really so, and, gentlemen, in a word, in two weeks from the time she commenced using it, there was neither sign or appearance of where the sore had Yours, respectfully.

J. G. HOUSEMAN, 93 Dauphin street. THE FOLLOWING CERTIFICATE WAS addressed to our Agents at St. Louis, and is similar to others frequently received from all sections of our country. Facts are stubborn things; therefore let not the afflicted despair, but use the right medicine and be cured without loss or delay
