DR. H. F. PEERY'S
Vermifuge or "Dead Shot,"
FOR WORMS.

A highly valuable preparation, capable, from the promptitude of its action, of clearing the system in a few hours, of every Worm.

THERE is perhaps no disease to which Children are exposed so common and fatal as Worms; they imitate the symptoms of almost every other complaint, and often produce the most alarming effects before they are suspected. The symptoms which are produced by the irritation of worms in the bowels, and which with some degree of certainty indicate their existence, are as follows:—Countenance pale, tongue whitely furred, grinding of the teeth, fetid breath, stomach hard and swelled, wasting of the flesh, sickness and pains in the stomach, bowels either too costive or too loose, great fretfulness, unnatural craving for clay, dirt or chalk, cholic, convulsions, fits, &c. &c.

Numerous certificates of the value and usefulness of this preparation are almost daily received.

The following is from the Rev. W. B. Winton, a distinguished preacher of the Methodist Church.

Abingdon, Va., May 12, 1843.

I do hereby certify, that I have used Dr. Peery's Vermifuge in my family to the great satisfaction of myself and relief of my children. It is prompt in its action, and in one case removed a large number of worms in three or four hours after it was given to the child. I am satisfied that as a Vermifuge it is superior to any that I have ever used.

W. B. WINTON.

Newbern, N. C., May 23d, 1844.

Dear Sir—I have been anxiously looking for another supply of your "Dead Shot Vermifuge," as I have not a single vial left. Please inform me by return mail, how soon you can furnish me with another supply.

Truly yours, J. A. LOGAN.

Great Sale of Public Lands,
IN NORTH CAROLINA.

THE President and Directors of the Literary Fund of North Carolina, offer for sale, upwards of

Fifty Thousand Acres

Of Swamp Land, situate in Hyde County, in said State, embracing the region lying between Albemarle and Pamlico Sounds

These Lands have been drained at great expense, under the direction of skilful Engineers, by an Act of the Legislature, and are believed to be now in a condition, to be cleared and cultivated.

This drainage has been effected by two main Canals, viz: Pungo Canal, extending from the Lake to the River, both of that name, 6½ miles in length, with an average width at bottom of 22 feet, depth 6 feet, and fall of 12 feet: And, Alligator Canal, from the Lake of that name, to Pungo River, 6 miles long, with an average width at bottom of 30 feet, depth of 7, and fall of 10 feet; besides, sundry Tributaries, or lateral Ditches. They are, therefore, navigable for Batteaux—and emptying into Pamlico Sound, their mouths are accessible to Sea going Vessels.

A large portion of this Land abounds in Juniper, Cypress, and other valuable Timber, for which the Forest of Eastern North Carolina is distinguished; and other parts consist of Prairie, covered with Cane and Bamboo, and in the estimation of the Engineers who surveyed it, are of great fertility. It is therefore considered to offer peculiar inducements both to Grain Farmers, and the getters of Shingles, Staves, Heading, &c., &c., and, with excellent Juniper water, is thought to be more favorable to health than most parts of the low country.

To immigrants, now arriving in the Ports of the United States in unusual numbers, especially those from Holland and Germany, accustomed to a similar country in many respects, these Lands will afford a soil as fertile as any in the North-western States, with easy access to the Sea, and the great markets of the world, for its productions, and within three days' sail of New York.

A credit of one, two and three years, will be given to Purchasers, on Bonds with approved security, and the titles will be warranted; but deeds will be withheld, until the final payment of the purchase money.

The President and Directors of the Literary Fund will attend at the Shantee on Pungo Canal, on the 20th day of May next, and will offer as much as 5,000 Acres of said Land for sale at Public Auction, in Quarter sections of 160 Acres each, on the terms aforesaid, and may, if there be sufficient inducement, continue said sale on the two following days, or until the whole body of 50,000 Acres is disposed of.

On the same day, the Board will also receive Proposals for constructing

A Turnpike Road

From Plymouth, in Washington County, to some point on or near Pungo River in Beaufort County, according to the provisions of an Act of the General Assembly, ratified 16th day of January, 1847.

Given under my hand, at the Executive Office, in the City of Raleigh, this 6th of April, 1847.

WILL. A. GRAHAM, Gov. N. C.
And, *ex officio*, Pres't of Literary Fund.

A New School for Boys.

IT is designed by the Bishop of the Diocese, to open a School for Boys in the neighborhood of Raleigh. For this purpose, an estate has been purchased about 8 miles from the City, which, in respect to retirement healthfulness, and pleasantness of situation, is all that can be desired for such an institution. The buildings will accommodate, comfortably, thirty boys which, for the present, must be the limit of the School. It is designed, in this School, to revive a class, which, unfortunately, has become almost extinct in our community, namely, *the class of boys*. With this view, pupils will be admitted at any period of childhood, however early, but not after they are 14 years of age. They may continue in the School, as long, as by their good conduct, they entitle themselves to its privileges. The use of Tobacco in any form, by the boys, will not be allowed. A style of dress, simple and uniform, will be prescribed. And above all, and this is the great object of the School, a constant endeavor will be made so to imbue the minds of the children with moral and religious knowledge, principles, and affections, that when they *really get to be men*, they may be fitted to discharge the high functions of an American citizen, with an eye steadily directed towards their citizenship in that "better country, which is eternal in the heavens." To this end the Head of the School will be a Clergyman, who will be the spiritual father of the boys; and a chapel will be erected—the daily services of which, it is earnestly hoped, will materially contribute towards "bringing many sons unto glory."

Due notice will be given of the time when the School will be opened, which, probably, will not be later than the 1st July. After the opening of the School, its Sessions will correspond with those of St Mary's, for the convenience of parents and guardians, who may desire to send children to both Schools.

The expense for board, washing, &c. with tuition in the Ancient Languages, English and French, will not exceed $175 per annum. The advantages of every kind afforded to the boys, will be at least equal to those furnished by the best Northern Schools.

Till the appointment of a Rector, application for the admission of pupils, or for information, may be made to the Bishop of the Diocese, or to the Subscriber, in Raleigh.
