WHY HAVE THE AGUE AND FEVER?
PRICE'S AGUE AND FEVER PILLS have never failed, where directions were strictly followed, to effect a cure in from Fifteen to Thirty hours. They are prepared from simple Vegetable Medicines, and are, therefore, the safest, most pleasant, and speediest remedy known, for the cure of Intermittent Fever. They have been tried in "Gonorrhoea Chilita" of the worst form and have invariably given relief, and cured the patients. They never affect the brain, as does Quinine; or injure the constitution, as does Aconite. The money returned in every case of failure, where directions are followed. Price \$1 per box. Platters, Country Merchants, and Druggists will be supplied at \$8 per dozen boxes. Prepared and sold only by

DR. H. F. PEERY'S
Vermifuge or "Dead Shot,"
FOR WORMS.
A highly valuable preparation, capable, from the promptitude of its action, of clearing the system in a few hours, of every Worm.
THERE is perhaps no disease to which Children are exposed so common and fatal as Worms; they initiate the symptoms of almost every other complaint, and often produce the most alarming effects before they are suspected. The symptoms which are produced by the irritation of worms in the bowels, and which with some degree of certainty indicate their existence, are as follows:—Countenance pale, tongue whitely furred, grinding of the teeth, fetid breath, stomach hard and swelled, wasting of the flesh, sickness and pains in the stomach, bowels either too costive or too loose, great fretfulness, unnatural craving for clay, dirt or chalk, colic, convulsions, fits, &c. &c.
Numerous certificates of the value and usefulness of this preparation are almost daily received.
The following is from the Rev. W. B. Winton, a distinguished preacher of the Methodist Church, Abingdon, Va., May 12, 1843.
I do hereby certify, that I have used Dr. Peery's Vermifuge in my family, to the great satisfaction of myself and relief of my children. It is prompt in its action, and in one case removed a large number of worms in three or four hours after it was given to the child. I am satisfied that as a Vermifuge it is superior to any that I have ever used.
Newbern, N. C., May 23d, 1844.
Dear Sir—I have been anxiously looking for another supply of your "Dead Shot Vermifuge," as I have not a single left. There are constant applications for the medicine, and I should be pleased to supply the demand. It has proved itself, so far as tried in this vicinity, to be a positive specific, and no humbug. Please inform me by return mail, how soon you can furnish me with another supply.
Truly yours,
J. A. LOGAN.
Price 25 cents per vial.
Prepared by Dr. H. F. Peery, and sold wholesale and retail by A. B. & D. SANDS, Druggists, 100 Fulton street, corner of William, New York.

Renewal of the Daily Line.
Via the Route, now favorably known as the James River and Chesapeake Bay Line.
THE Proprietors take pleasure in advising the travelling public of the renewal of their Daily Line. The Steamers, during the past Winter, have undergone a thorough repair, and are now in fine order. The Line, for the present, (until the completion of the repairs on the Curtis Peck,) will consist of the following Steamers:

On James River. On the Bay.
JEWESS, Capt. Sutton, GEORGIA, Capt. Cannon.
ALICE, " Brough, HERALD, " Russell.
These Boats are well officered, by men of long experience on the route.
Passengers leaving Weldon or Gaston every night except Sunday, and Peterburg every morning except Sunday, will go direct on without delay—reaching Baltimore next morning in time for the cars to Washington, Philadelphia or Cumberland—at less expense than any other Line, with fewer changes of person and baggage, and no loss of sleep.
Passengers getting through Tickets, are allowed to stop at any point on the route, and resume their travel at pleasure. Should the train from the South be delayed by any accident—thereby losing the connection with the Bay Line—the passengers preferring to try the mail line the next day, the agent of the Petersburg and Roanoke Rail Road Company, at Petersburg, is authorized to refund fare from Weldon or Gaston to Baltimore, \$9 00 " " Norfolk, 4 00 " " Petersburg to Baltimore, 6 00 " " Norfolk, 1 00
Tickets from Gaston to Baltimore or Norfolk, to be had of C. C. Pugh, Esq., Gaston.
For tickets from Petersburg to Baltimore or Norfolk, apply to the Agent of the City Point Rail Road Company, at the Depot.
For Tickets from Weldon to Baltimore or Norfolk, apply to
W. M. MOODY, Jr.,
General Agent.

National Hotel,
NORFOLK, VIRGINIA.
DAVID F. KEELING, Proprietor.
D. F. KEELING respectfully announces to the Public, that he has taken this fine Establishment, recently conducted by Capt. Furness Black, and begs leave to solicit the patronage of his friends and the travelling community.
This House has undergone thorough repair, has been newly furnished, and now possesses all the means and appliances of superior accommodation. The Proprietor is determined that his Hotel shall not be excelled by any similar establishment in the United States; and aware that an impression exists on the part of many, that his charges are higher than those elsewhere, he further states that his charge for board is \$1 50 per day or \$10 per week.

Great Sale of Public Lands, IN NORTH CAROLINA.

THE President and Directors of the Literary Fund of North Carolina, offer for sale, upwards of **Fifty Thousand Acres** of Swamp Land, situate in Hyde County, in said State, embracing the region lying between Albemarle and Pamlico Sounds.
These Lands have been drained at great expense, under the direction of skilful Engineers, by an Act of the Legislature, and are believed to be now in a condition, to be cleared and cultivated.
This drainage has been effected by two main Canals, viz: Pungo Canal, extending from the Lake to the River, both of that name, 6 1/2 miles in length, with an average width at bottom, of 22 feet, depth 6 feet, and fall of 12 feet; And, Albiger Canal, from the Lake of that name, to Pungo River, 6 miles long, with an average width at bottom, of 30 feet, depth of 7, and fall of 10 feet; besides, sundry Tributaries, or lateral Ditches. They are, therefore, navigable for Bateaux—and emptying into Pamlico Sound, their mouths are accessible to Sea-going Vessels.
A large portion of this Land abounds in Juniper, Cypress, and other valuable Timber, for which the Forest of Eastern North Carolina is distinguished; and other parts consist of Prairie, covered with Cane and Bamboo, and in the estimation of the Engineers who surveyed it, are of great fertility. It is therefore considered to offer peculiar inducements both to Grain Farmers, and the getters of Shingles, Staves, Heading, &c. &c., and, with excellent Juniper timber, is thought to be more favorable to health than most parts of the low country.
To immigrants, now arriving in the Ports of the United States in unusual numbers, especially those from Holland and Germany, accustomed to a similar country in many respects, these Lands will afford a soil as fertile as any in the North-western States, with easy access to the Sea, and the great markets of the world, for its productions, and within three days' sail of New York.
A credit of one, two and three years, will be given to Purchasers, on Bonds with approved security, and the titles will be warranted; but deeds will be withheld, until the final payment of the purchase money.
The President and Directors of the Literary Fund will attend at the Shantee on Pungo Canal, on the 20th day of May next, and will offer as much as 5,000 Acres of said Land for sale at Public Auction, in Quarter sections of 160 Acres each, on the terms aforesaid, and may, if there be sufficient inducement, continue said sale on the two following days, or until the whole body of 50,000 Acres is disposed of.
On the same day, the Board will also receive Proposals for constructing

A Turnpike Road
From Plymouth, in Washington County, to some point on or near Pungo River in Beaufort County, according to the provisions of an Act of the General Assembly, ratified 16th day of January, 1847.
Given under my hand, at the Executive Office, in the City of Raleigh, this 6th of April, 1847.

J. M. LOVEJOY, PRECEPTOR,
Assisted by R. H. MASON.
Mathematical and Military Department:
W. F. DISBROW.
THE year will be divided into two Sessions of five months each; the first Session beginning on the first of January, and the second Session, on the first of July.
It is the design of the Preceptor, that this Institution shall not be surpassed, in the advantages afforded for acquiring a thorough English, Classical and Mathematical Education.
Pupils will be prepared to enter the Junior Class of any College in the United States.
TERMS OF TUITION.
For English and Mathematical Studies, \$15 00 per Session,
For Latin, Greek, French, Spanish and Italian Languages, per Session, 20 00
The advanced Classes may pursue the Studies of a lower Class, paying only for the Studies of the Class to which they belong.
Military Tactics taught to the Pupils, free of extra charge.
The design of the Military Department being to fit the Pupils to act, in case of emergency, as Officers, the West Point system of instruction will be carefully pursued, nor will the Army Tactics be departed from, in order to exhibit the boys for the benefit of the Institution, or for any other purpose.
By an Act of the last Legislature, the necessary arms and equipments will be furnished by the State, but Parents who wish their children instructed in the Military Department, will be required to provide them with the prescribed Uniform.
Parents and Guardians, are requested not to allow their Children or Wards to have accounts in the City, but to deposit the money, for the purchase of necessaries, in the hands of the Principal.
N. B. A few Pupils will be taken as Boarders, by the Principal of the Academy.

A New School for Boys.

IT is designed by the Bishop of the Diocese, to open a School for Boys in the neighborhood of Raleigh. For this purpose, an estate has been purchased about 8 miles from the City, which, in respect to retirement, healthfulness, and pleasantness of situation, is all that can be desired for such an institution. The buildings will accommodate, comfortably, thirty boys, which, for the present, must be the limit of the School. It is designed, in this School, to revive a class, which, unfortunately, has become almost extinct in our community, namely, the class of boys. With this view, pupils will be admitted at any period of childhood, however early, but not after they are 14 years of age. They may continue in the School, as long as by their good conduct, they entitle themselves to its privileges. The use of Tobacco in any form, by the boys, will not be allowed. A style of dress, simple and uniform, will be prescribed. And above all, and this is the great object of the School, a constant endeavor will be made so to imbue the minds of the children with moral and religious knowledge, principles, and affections, that when they really get to be men, they may be fitted to discharge the high functions of an American citizen. And above all, and this is the great object of the School, a constant endeavor will be made so to imbue the minds of the children with moral and religious knowledge, principles, and affections, that when they really get to be men, they may be fitted to discharge the high functions of an American citizen. With this view, pupils will be admitted at any period of childhood, however early, but not after they are 14 years of age. They may continue in the School, as long as by their good conduct, they entitle themselves to its privileges. The use of Tobacco in any form, by the boys, will not be allowed. A style of dress, simple and uniform, will be prescribed.
