DR. H. F. PEERY'S
Vermifuge or "Dead Shot,"
FOR WORMS.
A highly valuable preparation, capable, from the promptitude of its action, of clearing the system in a few hours, of every Worm.
THERE is perhaps no disease to which Children are exposed so common and fatal as Worms; they imitate the symptoms of almost every other complaint, and often produce the most alarming effects before they are suspected. The symptoms which are produced by the irritation of worms in the bowels, and which with some degree of certainty indicate their existence, are as follows:—Countenance pale, tongue whitely furred, grinding of the teeth, fetid breath, stomach hard and swelled, wasting of the flesh, sickness and pains in the stomach, bowels either too constive or too loose, great fretfulness, unnatural craving for clay, dirt or chalk, colic, convulsions, fits, &c. &c.
Numerous certificates of the value and usefulness of this preparation are almost daily received.
The following is from the Rev. W. B. Winton, a distinguished preacher of the Methodist Church, Abingdon, Va., May 12, 1843.
I do hereby certify, that I have used Dr. Peery's Vermifuge in my family. It is prompt in its action, and in one case removed a large number of worms in three or four hours after it was given to the child. I am satisfied that as a Vermifuge it is superior to any that I have ever used.
W. B. WINTON.
Newbern, N. C., May 23d, 1844.
Dear Sir—I have been anxiously looking for another supply of your "Dead Shot Vermifuge," as I have not a single vial left. There are constant applications for the medicine, and I should be pleased to supply the demand. It has proved itself, as far as tried in this vicinity, to be a positive specific, and no humbug. Please inform me by return mail, how soon you can furnish me with another supply.
Truly yours,
J. A. LOGAN.
Price 25 cents per vial.

Trinity School.
IT is designed by the Bishop of the Diocese, to open a School for Boys in the neighborhood of Raleigh. For this purpose, an estate has been purchased about eight miles from the City, which, in respect to retirement, healthfulness, and pleasantness of situation, is all that can be desired for such an institution. The buildings will accommodate, comfortably, thirty boys, which, for the present, must be the limit of the School. It is designed, in this School, to revive a class, which, unfortunately, has become almost extinct in our community, namely, the class of boys. With this view, pupils will be admitted at any period of childhood, however early, but not after they are 14 years of age. They may continue in the School, as long as, by their good conduct, they entitle themselves to its privileges. The use of Tobacco, in any form, by the boys, will not be allowed. A style of dress, simple and uniform, will be prescribed. And above all, and this is the great object of the School, a constant endeavor will be made to imbue the minds of the children with moral and religious knowledge, principles, and affections, that when they really get to be men, they may be fitted to discharge the high functions of an American citizen, with an eye steadily directed towards their citizenship in that better country, which is eternal in the heavens. To this end, the Head of the School will be a Clergyman, who will be the spiritual father of the boys; and a chapel will be erected—the daily services of which, it is earnestly hoped, will materially contribute towards "bringing many sons unto glory."
Due notice will be given of the time when the School will be opened, which, probably, will not be later than the 1st July. After the opening of the School, its Sessions will correspond with those of St. Mary's, for the convenience of parents and guardians, who may desire to send children to both Schools.
The expense for board, washing, &c. with tuition in the Ancient Languages, English and French, will not exceed \$175 per annum. The advantages every kind afforded to the boys, will be at least equal to those furnished by the best Northern Schools.
Till the appointment of a Rector, application for the admission of pupils, or for information, may be made to the Bishop of the Diocese, or to the Subscriber, in Raleigh.

Rector of St. Mary's School.
