WHY HAVE THE AGUE AND FEVER?
PAINFUL AGUE AND FEVER FILLING have never failed, where directions were strictly followed, to effect a cure in from Fifteen to Thirty hours. They are prepared from simple Vegetable Medicines, and are, therefore, the safest, most pleasant, and speediest remedy known, for the cure of Intermittent Fever. They have been tried in "Congestive Chills" of the worst form, and have invariably given relief, and cured the patients. They never affect the brain, as does Quinine; or injure the constitution, as does Arsenic. The money returned in every case of failure, where directions are followed. Price \$1 per box. Planters, Country Merchants, and Druggists will be supplied at \$8 per dozen boxes. Prepared and sold only by

DR. H. F. PEERY'S
Vermifuge or "Dead Shot,"
FOR WORMS.
A highly valuable preparation, capable, from the promptitude of its action, of clearing the system in a few hours, of every Worm.
THERE is perhaps no disease to which Children are so exposed as common and fatal as Worms; they initiate the symptoms of almost every other complaint, and often produce the most alarming effects before they are suspected. The symptoms which are produced by the irritation of worms in the bowels, and which with some degree of certainty indicate their existence, are as follows:—Countenance pale, tongue whitely furred, grinding of the teeth, fetid breath, stomach hard and swelled, bowels of the flesh, sickness and pains in the stomach, nausea either too copious or too loose, great frolicfulness, unnatural craving for clay, dirt or chalk, convulsions, fits, &c. &c.
Numerous certificates of the value and usefulness of this preparation are almost daily received.
The following is from the Rev. W. B. Winton, a distinguished preacher of the Methodist Church.
Abingdon, Va., May 12, 1843.
I do hereby certify, that I have used Dr. Peery's Vermifuge in my family to the great satisfaction of myself and relief of my children. It is prompt in its action, and in one case removed a large number of worms in three or four hours after it was given to the child. I am satisfied that as a Vermifuge it is superior to any that I have ever used.
W. B. WINTON.
Newbern, N. C., May 23d, 1844.
Dear Sir—I have been anxiously looking for another supply of your "Dead Shot Vermifuge," as I have not a single vial left. There are constant applications for the medicine, and I should be pleased to supply the demand. It has proved itself, so far as tried in this vicinity, to be a positive specific, and no humbug. Please inform me by return mail, how soon you can furnish me with another supply.
Truly yours,
J. A. LOGAN.
Price 25 cents per vial.
Prepared by Dr. H. F. Peery, and sold wholesale and retail by A. B. & D. SANDS, Druggists, 100 Fulton street, corner of William, New York.
Sold also by PASCO & JOHNSON, Raleigh, N. Carolina, and by Druggists generally throughout the United States.

To the Afflicted!
DR. BANNING'S BODY BRACE.
THIS invaluable instrument of recent discovery, for the relief of Vocal and Pulmonary weakness and Dyspepsia, with Constipation and Piles, Nervous debility, great sense of weakness or "giddiness" at the stomach and sides with heaving at the lower body and indigestion to exercise; also for spinal weakness and Curvature, with enlargement of one shoulder and hip of children and young Ladies so common in the South. In many Cases the application of the Brace, properly adjusted, gives immediate evidence of its great utility.
Any invasion therefore, that contributes to the health and comfort of the human race, as Dr. Banning's Brace, in so many instances has proven, is well worthy of attention, and especially so of the afflicted. The following strong recommendations in favor of the great utility of the Brace, from several distinguished Professors of the Medical Faculty, and other respectable gentlemen, who have been convinced by actual experiment, will induce the suffering to give it a fair trial.
From Professor Dickson.
Gentlemen: At the desire of Dr. Banning, I state with pleasure that after an examination of his Body Brace, I am very favorably impressed with the prospect of its extensive utility. The principle which he has so ingeniously carried out, seems to me widely applicable to a large class of cases of suffering and debility in both sexes.
February 25, 1847.
I concur fully in the above.
JAN. P. JERVEY, M. D.
From Professor Goddard, of Philadelphia.
I have examined Dr. Banning's instrument for the relief of weakness requiring support, and have made practical experiments (in the sitting, an erect and standing posture) at the result, I have also listened to his views of its applicability to an extended class of diseases, and think them to be highly important, and therefore cordially recommend them to the serious consideration of the medical profession.
Philadelphia, Feb. 28, 1846.
From Professor Mott, of New York, and others.
The undersigned have examined Dr. Banning's novel views on the mechanical pathology of many affections of the viscera, and believe them to be highly interesting and worthy the serious attention of the medical profession.

WASHINGTON, Dec. 11, 1846.
Dear Sir: With great pleasure I heartily testify to the efficacy of your invaluable "Lace." I commenced wearing one in June last, at which time I was in very feeble health, in consequence of a severe hemorrhage of the lungs, with severe hemorrhoids from the slightest irregularity of the bowels, oftentimes continuing for a week, leaving me very feeble. Weakness in the back and a most unpleasant sensation in the stomach, shortness of breath, difficulty of retaining my food after eating. I was obliged to be very cautious and not expose myself to the weather when it was in the least disagreeable, and that must die of consumption. Such was the belief of one of my physicians, if not of others. And I most firmly believe that many who die of pulmonary affections, might be restored to comparative health by the use of your "Lace." I now attend regularly to my business, not losing a day, no matter how inclement the weather may be. I owe you a debt of gratitude, that I feel will never be in my power to repay.
That you may long live to enjoy the blessings of this life, will be the constant prayer of your friend.
CHAS. F. POPE.
To Dr. BANNING, of New York city.

NEAR PROSPECT HALL, Va
December 8th, 1846.
Dr. E. P. BANNING, &c.
Dear Sir: In reference to your Body-Brace I will simply state my own case, from which you, and others must form your own conclusions. Even since 1814, when I received a severe gunshot wound, by a musket ball, which still remains in the body, I have suffered much from what is termed a weak back, and pain in the back, &c., so much so at times, as to destroy all comfort, unless supported by an arm chair or the like, consequently riding on horse-back, or remaining long on the feet, was productive of much pain. I had tried various belts, Russian and others, all of which I found to be worse than the disease. Finally, I determined to make one more effort in search of relief, and as you recollect, called at your office, Broadway, New York, in the early days of October of the present year, and had one of your braces adjusted to my body, on trial for a few days; suffice it to say, that at the end of three days, I called and paid for the brace, which I have worn ever since, except an interval of two days, after my return home, when I laid it aside, with a view to ascertain how far the relief I had experienced was real or imaginary.
Since I have been wearing your Brace I have been exposed to severe and long long exposures without rest; on one occasion I left my breakfast table at half past 8 o'clock A. M., rode seven or eight miles, alighted and remained on my feet, walking but little, until dark rode back to Washington, just in time to meet an evening's engagement, where I remained until 11 o'clock, without sitting down at all, except when riding, from half past 8 A. M. till past 11 P. M., and this without the slightest inconvenience at the time of subsequently. Without the Body Brace I could not have endured half the fatigue without great inconvenience and pain at the time, and feeling the effects for several days afterwards.
Previously to wearing the Body Brace, I was in the habitual use of the friction brush, which I thought of great service to me, and for some years supposed that I could not live without it, now I have laid it

THE AFFLICTED!
I was also afflicted with a severe cough which has wonderfully improved.
So greatly have I improved that many of my friends who have been absent from the city during the past summer, hardly recognized me on my return. I have gained in flesh, have a good appetite, and am able to eat food of any description that a well and hearty man can digest. Indeed I feel almost like one risen from the dead so great has been the change in my health. It was believed by all that my lungs were diseased, and that I must die of consumption. Such was the belief of one of my physicians, if not of others. And I most firmly believe that many who die of pulmonary affections, might be restored to comparative health by the use of your "Lace." SALE OF TOWN LOTS IN THE
NEW COUNTY OF POLK, NORTH CAROLINA.
THE SALE OF TOWN LOTS, in the County of Polk, N. C., will commence on Wednesday, the 21st day of July next, and continue from day to day until all are sold.
One and Two Year's credit will be given, but Notes with approved security required.
This County was established by an act of the last Session of the Legislature, out of a portion of Henderson and Henderson Counties. The County embraces a fine, healthy, fertile, and enterprising population. It contains a large quantity of fine Grain land, and immense Forests of the best timber. A portion of it is mountainous, presenting some of the most beautiful and romantic scenery imaginable. Its climate for healthfulness and permanency is altogether unsurpassed. The county-seat is located on an extensive plain, about six miles from the Mountains, in full view of them.—The Country around is level and beautiful, and the Roads, crossing in all directions, will be made very fine for Waggon, Carriages, and Vehicles of every description.
This Town will be 30 miles from Greensville, S. C.; 24 miles from Spartanburg, S. C.; 28 miles from the Lincolnton Springs, S. C.; 16 miles West of Rutherfordton, N. C.; and 30 miles from Hendersonville & Flat Rock, N. C.
The County abounds in the finest Timber, Stone Quarries, and Clay of the best kind for building purposes.
Persons abroad, are invited to attend the sale of the Lots.
To all persons in search of a healthful and enterprising location, and desirous of the advantages of Churches, Society, &c., in one of the most delightful, abundant, and romantic countries in the world, a fine opportunity is presented for purchasing and improving in this new Town.
The Contracts, for the building of the Court House and Jail, will be let out during the Sale of the Town Lots. Under Takers are desired to attend, and submit plans to the Commissioners for said Buildings.

RALEIGH
Classical, Mathematical and
MILITARY ACADEMY.
Classical Department:
J. M. LOVEJOY, PRECEPTOR,
Assisted by B. H. MASON.
Mathematical and Military Department:
SIMON PRESTON.
THE year will be divided into two Sessions of five months each, the first Session beginning on the first of January, and the second Session, on the first of July.
It is the design of the Preceptor, that this Institution shall not be surpassed, in the advantages afforded for acquiring a thorough English, Classical and Mathematical Education.
Pupils will be prepared to enter the Junior Class of any College in the United States.
TERMS OF TUITION.
For English and Mathematical Studies, \$15 00 per Session.
For Latin, Greek, French, Spanish and Italian Languages, per Session, 20 00
The advanced Classes may pursue the Studies of a lower Class, paying only for the Studies of the Class to which they belong.
Military Tactics taught to the Pupils, free of extra charge.
The design of the Military Department being to fit the Pupils to act, in case of emergency, as Officers, in the West Point system of instruction will be carefully pursued, nor will the Army Tactics be departed from, in order to exhibit the boys for the benefit of the Institution, or for any other purposes.
By an Act of the last Legislature, the necessary arms and equipments will be furnished by the State, but Parents who wish their children instructed in the Military Department, will be required to provide them with the prescribed Uniform.
Parents and Guardians, are requested not to allow their Children or Wards to have accounts in the City, but to deposit the money, for the purchase of necessary articles, in the hands of the Principal.
N. B. A few Pupils will be taken as Boarders, by the Principal of the Academy.
