HERE is perhaps no disease to which Children are exposed so common and fatal as Worms they imitate the symptoms of almost every other complaint, and often produce the most slarming effects before they are suspected. The symptoms which are produced by the irritation of worms in the natural craving for clay, dirt or chalk, cholic, convul- to wit: sions, fits, &c. &c.

Numerous certificates of the value and usefulness f this preparation are almost daily received. The following is from the Rev. W. B. Winton, distinguished preacher of the Methodist Church.

Abingdon, Va., May 12, 1843. I do hereby certify, that I have used Dr. Peery's Vermifuge in my family to the great satisfaction of myself and relief of my children. It is prompt in its Turkey Red, Cotton, action, and in one case removed a large number of worms in three or four hours after it was given to the child. I am satisfied that as a Vermifuge it is superier to any that I have ever used.
