Nag's Head Hotel.

THIS valuable Property will be sold, if not disposed of previously at private sale, in the town of Elizabeth City, at Public Sale, on the 6th of March next. The main building is 120 feet long, 2½ stories high. There are besides 10 other buildings, including an Ice House, with 65 acres of land attached. The advantages of this place as a summer retreat are too well known, to be repeated *in extenso* here. It is sufficient to state that the situation is healthy; it is immediately contiguous to the Atlantic Ocean. The sea-bathing is very fine—and the Table can be furnished with the finest sea-fish, crabs, oysters, &c. The only other recommendation which is deemed necessary to give, is to state the fact that, since the first opening of the Hotel, 6 years ago, it has had more visiters than could be accommodated During the season. Packets run from Elizabeth City, Edenton, Plymouth, Hertford, and numerous other places. For particulars enquire of

RALEIGH
Classical, Mathematical and
MILITARY ACADEMY.

THE year is divided into two Sessions of five months each; the first Session, beginning on the first of January, and the second Session, on the first of July.

It is the design of the Preceptor, that this Institution shall not be surpassed, in the advantages afforded for acquiring a thorough English, Classical and Mathematical education.

A majority of the Students study the Classics, with the intention of entering some University.—But those, whose means are limited, can acquire a full Collegiate course, both in the Classics and Mathematics. With the design of making the course of Studies as extensive as possible, a scientific Bookkeeper has been engaged. And although Classical Students may suppose, that they will never become Accountants, yet a knowledge of this Science is necessary to men in all kinds of business; but, more especially to those, who expect to engage in Mercantile pursuits, or to become practical business men.

INSTRUCTORS.

Classical Department:
J. M. LOVEJOY, Preceptor.
R. H. MASON, Assistant.
Mathematical and Military Department, Civil Engineering & Topographical Drawing:
S. M. PRESTON.
Modern Languages: Monsieur BRADY.
Book-keeping: J. S. NICHOLLS.
Juvenile Department:

For the Classics,	20 00

English, including the higher branches of Mathematics, the same as for the Classics.

Modern Languages,	10 00
Book-keeping,	8 00
Juvenile Studies, Spelling, Reading and Writing,	12 00

For any other study, an additional charge of $3.
For Military Tactics, no charge.

A wing is about to be attached to the Academy, for the Juvenile Department, which will be finished by the first of January. The Teacher of this department will wholly devote his attention to the instruction of Boys, whom Parents or Guardians may consider so young, that they cannot, or will not, be well taught by men, who are giving instruction to older Students in the higher branches of learning. And as Pupils beginning the rudiments of an English Education, require more time and care on the part of a Teacher, than they do in more advanced studies, this Teacher will only instruct in Reading, Writing and Spelling, and the elementary principles of those branches, preparatory for the other departments of the Academy. They will be superintended by the Principal, and will not be allowed to mingle with the others, unless it is desired, nor required to drill.

To prevent unnecessary expenses, Pocket-money should be deposited with the Principal.
