

Dr. Townsend's Sarsaparilla.
THE MOST EXTRAORDINARY MEDICINE
IN THE WORLD.

This Extract is put up in quart bottles; it is six times cheaper, pleasanter, and warranted superior to any other. It cures diseases without vomiting, purging, sickening or debilitating the patient.

GREAT FALL AND WINTER MEDICINE.
The great beauty and superiority of this Sarsaparilla over all other medicines is, while it eradicates diseases, it invigorates the body. It is one of the very best Fall and Winter medicines ever known; it not only purifies the whole system and strengthens the only power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years, more than 35,000 cures of severe cases of diseases; at least 20,000 of these considered incurable.

More than 3,000 cases of Chronic Rheumatism;
3,000 cases of Dyspepsia;
4,000 cases of General Debility and Want of Energy;
7,000 cases of the different Female Complaints;
2,000 cases of Scrofula;
1,500 cases of the Liver Complaint;
3,500 cases of Diseases of the Kidneys and Dropsy;
8,000 cases of consumption;
And thousands of cases of diseases of the blood, viz: Ulcers, Erysipelas, Salt Rheum, Pimples on the Face, &c., &c., together with numerous cases of Sick Headache, Pain in the Side and Chest, Spinal Affections, &c., &c.

This we are aware, must appear incredible, but we have letters from Physicians and our Agents from all parts of the United States, informing us of extraordinary cures. R. W. B. BERRY, Esq., one of the most respectable Druggists in Newark, N. J., informs us that he can refer to more than 150 cases in that place alone. There are thousands of cases in the City of New York, which we will refer to with pleasure and to men of character. It is the best medicine for the prevention of disease known. It undoubtedly saved the lives of more than 5,000 CHILDREN THE PAST SEASON! As it removed the cause of disease, and prepared them for the Summer season. It has never been known to injure in the least the most delicate child.

RHEUMATISM.
This Sarsaparilla is used with the most perfect success in Rheumatic complaints however severe or chronic. The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief—this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen.

Hear Mr. Seth Terry, one of the oldest and most respectable lawyers in Hartford, Conn. The following is an extract of a letter received from him: Dr. Townsend—I have used one bottle of your Sarsaparilla, and find it excellent in its effects upon a Chronic, Rheumatic pain, to which I am subject, from an injury occasioned several years ago, in a public stage. Please send me two bottles to the care of Dr. Seymour. I have conversed with two of our principal physicians, and recommend your Sarsaparilla.

CONSUMPTION CURED.
Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c. &c. can be cured.

Dr. Townsend—Dear Sir: Nearly twenty years ago I took a violent cold, which settled on my lungs, and affected me severely indeed, finally, I became a constant hacking cough, but not so severe as to prevent me from attending to my business; within the last few years it increased on me gradually. At last I became reduced—breathed with difficulty, and raised with my cough much bad matter, and for the last nine months previous to using your Sarsaparilla, had regular night sweats; indeed, my friends and myself supposed that I would die with the Consumption, but I have the happiness to inform you that, to my surprise, after using three bottles of your Sarsaparilla, I find myself restored. It relieved me gradually, and I am now enjoying much better health than I have before in 25 years. I had almost entirely lost my appetite, which is also returned. You are at liberty to publish this with my name in the papers, if you choose.

My little girl, who is three years old had a very bad cough the whole of last Winter. We became very much alarmed on her account. While using the medicine, I gave her some of it, and it soon entirely relieved her, as well as myself, and she is well now, and healthy as any child I ever saw. She was also full of little blotches; it took these away, and her skin is smooth and fair now and I am satisfied she recovered her health from using your excellent medicine.

GIRLS, READ THIS.
You who have pale complexions, dull eyes, blotches on the face, rough skin, and are "out of spirits," use a bottle or two of Dr. Townsend's Sarsaparilla. It will cleanse your blood, remove the freckles and blotches, and give you animation, sparkling eyes, fine spirits, and beautiful complexions—all of which are of immense value to unmarried ladies.

GREAT FEMALE MEDICINE.
Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Leucorrhoea, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general Prostration of the System, no matter whether the result of inherent cause, or produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons, all weakness and lameness, from taking it, at once become robust and full of energy; under its influence, it immediately counteracts the nervousness of the female frame, which is the great cause of barrenness.

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Several cases where families have been without children, after using a few bottles of this medicine, have been blessed with healthy offspring.

Dr. Townsend—My wife being greatly distressed by weakness and General Debility, and suffering continually by pain and a sensation of bearing down, falling of the womb, and with other difficulties, and having known cases where your medicine has effected great cures, and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave. In a short period it removed her complaints and restored her health. Being grateful for the benefits she received, I take pleasure in thus acknowledging it, and recommending it to the public.

Corner Grand and Lydian-sts.
Albany, Aug. 17, 1847.

TO MOTHERS AND MARRIED LADIES.
This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period of "the time of life," should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed several years by using this medicine. Nor is it less valuable for those approaching womanhood, as it is calculated to assist nature, by quickening the blood, and invigorating the system. Indeed, this medicine is invaluable for all the diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body—not so far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines taken for female weakness and disease.

SCROFULA CURED.
This Certificate conclusively proves that this Sar-

saparilla has perfect control over the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

THREE CHILDREN.
Dr. Townsend—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; I have taken only four bottles; it took them away, for which I feel myself under deep obligation.

Yours, respectfully,
ISAAC W. CRAIN, 106 Wooster-st.
New York, March 1, 1847.

OPINIONS OF PHYSICIANS.
Dr. Townsend is almost daily receiving orders from Physicians in different parts of the Union. This is to certify that we the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations in the market.

UNITED STATES OFFICER.
Capt. G. W. McLean, one of the United States Marine Corps and member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story.

REHONY, Jan. 25, 1847.
A year since I was taken with the Influenza, and my whole system fell in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the said Sarsaparilla. I have continued taking it, and find that I improve every day. I believe it saved my life, and I would not be without it under any consideration. I positively cures every case of dyspepsia, however severe or chronic.

DYSPEPSIA.
No fluid or medicine has ever been discovered which so nearly resembles the gastric juice or saliva, in decomposing food and strengthening the organs of digestion, as this preparation of Sarsaparilla. It digests, as it were, every case of dyspepsia, however severe or chronic.

Bank Department, Albany, May 10, 1845.
Dr. Townsend—Sir—I have been afflicted for several years with Dyspepsia in its worst forms, attended with soreness of stomach, loss of appetite, extreme heart-burn, and a great aversion to all kinds of food, and for weeks (what I could eat) I have been unable to retain, but a small portion on my stomach. I tried the usual remedies, but they had little or no effect in removing the complaint. I was induced, about two months since, to try your Extract of Sarsaparilla, and I must say with little confidence; but after using nearly two bottles, I found my appetite restored, and the heart-burn entirely removed; and I positively recommend the use of it to those who have been afflicted as I have been.

Yours, &c.

THE PILES. A Cure for Life Secured.

DR. UPHAM'S VEGETABLE ELECTUARY, OR INTERNAL REMEDY FOR THE PILES. PREPARED BY A. UPHAM, New York, a regularly educated Physician, who devotes his attention almost entirely to this disease. No mineral salt can be detected in the composition, nor any other article that can be directly or indirectly deleterious. The remedy was invented by Dr. Upham after he left College. He was driven to find a cure for the PILES, by the misery the disease inflicted upon him; and he now offers the benefits of his discovery to THE WORLD AT LARGE. The Proprietor of the Electuary unequivocally and distinctly avers—and CHALLENGES CONTRADICTION—that it will completely cure external, internal, blind or bleeding PILES OF THE LONGEST STANDING;

no matter how obstinate the case may be, or hopelessly the patient may be considered situated. Three or four bottles have entirely eradicated the disease, after it had existed for twelve, fifteen, twenty, and twenty-five years; in proof of which, the fortunate individuals who were made whole have presented the most positive and unmistakable testimony. In some instances a cure has been effected by six doses, or half a box, after the ingenuity of a host of physicians, and the DREADFUL KNIFE of the Surgeon had been exercised to the utmost with but the smallest shadow of success. These are not idle assertions, falsely put forth to entrap the credulous, but solemn and wonderful truths, to which hundreds will testify. Even if a surgical operation were certain to accomplish a permanent cure, it is too disgusting to be thought of, while the agony it engenders is appalling in the extreme, and shatters the constitution beyond a hope of recovery. The number of persons effectually cured of piles by the Electuary in two years fall but little short of TEN THOUSAND in New York, Philadelphia, Boston and other cities of the Union. This is a great result to boast, and is not equalled, or even approached, by any event noted in the medical history of the world. It is reasonable to suppose that sneers will be levelled at these remarks. So they were at Fulton, when he first made known the worth of STEAM and its great practical utility—so they were at the persecuted Galileo when he published his discovery of the Microscope—so they were at Morse when he hinted at the discovery of the MAGNETIC TELEGRAPH which is now a familiar and every day affair. It is safer for the sufferer to

TRY BEFORE HE SCOFFS, and procure happiness and a renewed lease of life if he can. Many a man has lost his existence by permitting his incredulity to master his judgment. The Electuary is particularly commended to the attention of married ladies, the one-half of whom are subjected to the attacks of piles in a modified form.—The medicine can be safely taken under all circumstances. Either before the piles appear, or after they have made their sad havoc, the victim is made to endure severe COSTIVENESS, GIBBINESS, INFLAMMATION OF THE STOMACH, RIVERS, LIVER, INTERESTING BLENDING AND SPINDS, with many corresponding ailments, for the sure cure of all of which nothing equals the Electuary. These professions are not solely mercenary, but are made with a view of alleviating THE DISTRESSES OF MYRIADS who can discover no method whereby to gain a restoration of their health. This fact will be apparent to all who inspect the medicine, when, by so doing, they may perceive that its cost must necessarily be almost as great as the price demanded for it! While this is to be had so cheap, it is criminal to neglect to test its worth, and put our unqualified assertions in its favor to the test.

CERTAIN AND SPEEDY REMEDY is to be had so cheap, it is criminal to neglect to test its worth, and put our unqualified assertions in its favor to the test.

NEW YORK CERTIFICATE.
MESSRS. WYATT & KETCHAM—Gents: For several years past I have been troubled with Piles, a very costly state of the bowels, indigestion and weakness of the system. But my complaint not being so severe as to disable me from business, and a dread I had of physic and patent medicines, that until this Spring I used any medicine or applied to a physician for relief. The Piles then being so severe that I allowed several operations to be performed, without any benefit. Determined after this to try other means, I read an advertisement of a cure guaranteed by the use of Dr. Upham's Electuary.—I purchased three boxes at your store, and from the use of which I found myself entirely cured of the Piles and my health much improved. I remain, sir, your much indebted friend.

EGRA DIBBLE, 194 Broadway.
PHILADELPHIA CERTIFICATE.
Dr. UPHAM—Dear Sir: About five years ago I was afflicted with what was called Chronic Dysentery. I have suffered with it ever since, and physicians have told me that my liver was affected, and that my bowels were ulcerated, for blood and pus, attended with a peculiarly putrid smell, were the frequent discharges. A short time since I made a visit to Massachusetts, in hopes of benefit from a change of air, but suffered more severely than ever before. While there a physician offered to cure me for \$40, in three months. Happily, in the midst of intense pain, occasionally relieved by laudanum, I saw in a wrapper of your Electuary a perfect description of my complaint, together with many certificates of cures.—This gave me great confidence in the medicine, and I purchased a box, and nine doses of which has apparently cured me, and am prepared to say every thing in its favor, or render any service I can to humanity by subscribing to its merits.

Respectfully yours,
BENJAMIN PERCIVAL,
89 South Sixth-st.
Letter from Capt. McLean, U. S. N.

"I have been afflicted for years with the piles, and have tried, without anything like permanent benefit, almost everything assuming the name of a remedy. I had, as a matter of course, lost all confidence in medicine. Under this feeling, I was induced—not without reluctance, I confess—to use 'Upham's Electuary,' and having used it for about three weeks according to the directions laid down, I find, to my utter surprise, as well as satisfaction, that every symptom of the disease has left me. I think it due alike to Dr. Upham and myself to make this statement."

A Valuable Plantation for Sale.
ON Wednesday the 26th of January, 1848, if not sold privately before, I shall expose to Public Sale, on the premises two miles from my residence and five miles south of Littleton Depot, eleven hundred of acres of Land, known as the Branch plantation. One half in woods well timbered with oak and a considerable portion of the other, under good fences, and productive in the staples of the country. In addition to the advantages of a healthy location, pleasant neighborhood, fine water and a good site for a mill on a constant stream, the location is considered desirable on account of the outlet for a convenient and extensive stock farm.

The improvements consist of a Gin house and Screw, Overseer's house, Negro houses, &c. Persons wishing to examine the land before day of sale will call on Col. A. M. Johnson, Edward Kearny, Esq., or the subscriber.

Payment one and two years.

TAKEN UP.
AND committed to the Jail of Wake County, on the 27th December, 1847, a NEGRO MAN, who says he is a free Negro, and calls himself Saxe FARMY, aged about 35 years, weighs about 160 pounds, and is something like 5 feet 10 inches in height, very black complexion, one front under-tooth out, and all his upper teeth worn smooth with the gum. Said Negro has a Free Paper, excepted in Columbia, S. C. with the Governor's Seal, dated April 1st, 1846, which purports that said Negro purchased this freedom of JAMES KAGLER, on the 16th day of April, 1840. The said Negro has also several Passes, four of them calling his name ISAAC; two signed by H. D. BUTT, giving permission to go to Lexington, and A. M. HUNT, dated one November and the other December 17th, 1847; and two others signed SIMON CHASE, dated October 14th and 31st, 1847. Also, one signed Ann B. Harka, and dated Columbia, S. C. Dec. 25, 1847. He has also a Pass from James Kagler, dated Dec. 22, 1847, "to pass within the State, or to visit his connections in North Carolina." He has in his possession a Dream Book, with the name of Mrs. Sarah Bradley written in it.

The owner of the above Negro is requested to come forward, prove property, pay charges and take him away, or he will be dealt with as the law directs.

TO PRINTERS.
The Proprietor of the "Randolph Herald," being desirous of devoting his whole attention to other business, offers for sale the Press on which said paper is now printed, together with the Type, Cases, Stands, and all other fixtures thereto belonging.—The Press is a Ramage, and the Types (Bourgeois) are nearly all new. The good will of the paper may be inferred, when it is stated, that the consumption of paper is about 1 ream per week.

English Classical, Mathematical and Mercantile School.

THE Subscribers beg leave to inform the citizens of Wayne and the adjoining Counties, that they have opened an English, Classical, Mercantile and Mathematical School, in the Town of Goldsborough.

The Senior instructor, Mr. JOHN ROBINSON, is a practical and experienced Teacher, having for the last ten years good at the head of his profession in Europe, as the many flattering testimonials in his possession will show. William Robinson flatters himself that he is already favorably known, in this region, as a teacher who has always been faithful in the discharge of duty; and successful in imparting instruction, and would therefore, throw himself upon his old patrons of Wayne, Lenoir, and Edgecombe, in which Counties he has spent the last nine years—for a share of that patronage which they always so cheerfully bestowed upon him.

Mr. JOHN ROBINSON will superintend the English, Mercantile, and Mathematical Department, and give instruction in the Italian and French languages—also in Instrumental Music, if required. Vocal music will constitute a part of the daily exercises of the Pupils.

They have built and fitted up a new School Room, and hope that their efforts to establish a School of high literary merit in this rising and flourishing Town, will not be in vain. They commence it on an individual enterprise, and under the most discouraging circumstances, and rely upon the merits of the Institution alone for support.

The School is now in operation, and those who wish to avail themselves of its advantages, are requested to make no delay in entering, that the Classes may be properly and advantageously organized. For further particulars, apply to either of the Subscribers.
