GREAT FALL AND WINTER MEDICINE. The greet beauty and superiority of this Sarsapa-rills over all other medicine is, while it eradicates discases, it invigorates the body. It is one of the very best Fall and Winter medicines ever known ; it not only parifies the whole system and strengthens the person, but it creates new, pure and rich blood; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years, more than 35,of these considered incurable.

More than 3,000 cases of Chronic Rheumatism ; 2.000 cases of Dyspepsia;

4,000 cases of General Debility and Want of En-

7,000 cases of the different Female Complaints; 2.000 cases of Scrofula : 1,500 cases of the Liver Complaint; 3,500 cases of Disease of the Kidneys and Dropsy;

8.000 cases of consumption : And thousands of cases of diseases of the blood, viz : Ulcers, Erysipelas, Salt Rheum. Pimples on the Pace, dec., dc., together with numerous cases of Sick Headache, Pain in the Side and Chest, Spinal Affec-

This we are aware, must appear incredible, but we have latters from Physicians and our Agents from all parts of the United States, informing us of extraordimary cures. R. VAN BUSKIRK, Esq., one of the most respectable Druggists in Newark, N. J., informs ue that he can refer to more than 150 cases in that place alone. There are thousands of cases in the City of New York, which we will refer to with pleasure and to men of character. It is the best medicine for the prevention of disease known. It undoubtedly saved the lives of more than

5.000 CHILDREN THE PAST SEASON! As it removed the cause of desease, and prepared them for the Summer season. It has never been known to injure in the least the most delicate child. RHEUMATISM.

This Sarsaparilla is used with the most perfect success in Rheumatic complaints however severe or chronic. The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief-this entirely eradicates it from the system, even when the limbs and bones are dread-fully swellen.

Hear Mr. Seth Terry, one of the oldest and meet respectable lawyers in Hartford, Conn. The following is an extract of a letter recived from him : Dr. Townsend-I have used one bottle of your Barsaparilla, and find it is excellent in its effects up-

on a Chronic, Rheumatic pain, to which I am subject, from an injury occasioned several years ago, in a public stage. Please send me two bottles to the care of Dr. Seymour. I have conversed with two of our principal physicians, and recommend your Sars-SETH TERRY.

CONSUMPTION CURED.

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Com-Plaint, Colds, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Heetic flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the side, He., have been and can be cured. Dr. Townsend-Dear Sir: Nearly twenty years ago I took a violent cold, which settled on my lungs, and affected me severely indeed, finally, it became a constant backing cough, but not so severe as to prevent me from attending to my business; within the last few years it increased on me gradually. At last I became reduced-breathed with difficulty, and raised with my cough much bad matter, and for the last nine months previous to using your Sarsaparilla, mad regular night sweats; indeed, my friends and myself supposed that I would die with the Consumption ; but I have the happiness to inform you that, to my surprise, after using three bottles of your Saresparille, I find my health restored. It relieved me gradually, and I am now enjoying much better health than I have before in 26 years. I had almost entirely lost my spectite, which is also returned. You are at liberty to publish this with my name in

the papers, if you choose.

My little girl, who is three years old had a very had cough the whole of last Winter. We became very much alarmed on her account. While using the medicine, I gave her some of it, and it soon entirely relieved her, as well as myself, and she is well now, and hearty as any child I ever saw. She was also full of little blotches: it took them away and her skin is smooth and fair now and I am satisfied she recovered her health from using your excellent med-

GIRLS, READ THIS.

You who have pale complexions, dull eyes, blotches on the face, rough skin, and are "out of spirits," use a bottle or two of Dr. Townsend's Sarsaparilla. It will cleanse your blood, remove the freckels and blotches, and give you animation, sparkling eyes, fine spirits, and beautiful complexions-all of which are of immense value to unmarried ladies.

GREAT FEMALE MEDICINE

Br. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Leucorrhoa, or Whites, obstructed or difficult Menstruction, Incontinence of Urine, or involuntary discharge thereof, and for the general Prostration of the System, no matter whether the result of inherent cause, or produced by irregularity, illness or accident. Nothing can be more surprising than its invigorat-

ing effects on the human frame: Persons, all weakness and fassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of barrenness

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of ures performed but we can assure the afflicted, that bundreds of cases have been reported to us. Several cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with healthy offspring.

Dr. Townsend-My wife being greatly distressed

by weakness and General Debility, and suffering tinually by pain and a sensation of bearing down, falling of the womb, and with other difficulties, and baving known cases where your medicine has effected great cures, and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave. In a short period it removed her complaints and restored her health. Being grateful for the benefits she received, I take pleasure in thus acknowledgeding it, and recommending it to the M D. MOORE.

TO MOTHERS AND MARRIED LADIES.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglec to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed several years by using this medicine. Nor is a less valuable for those approaching womanhood, as a is calculated to assist nature, by quickening the sood and invigorating the system. Indeed, this medicine is invaluable for all the diseases to which

women are subject.

If braces the whole system, renews permanently the natural energies—by removing the impurities of the body—not so far stimulating the system as to produce a subsequent religantion, which is the case of most medicines takes for female weakness and

THREE CHILDREN. Dr. Totonsend—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken only four bottles; it took them away, for which I feel myself under deep obligation.

Yours, respectfully, ISAAC W. CRAIN, 106 Wooster-st. New York, March 1, 1847.

OPINIONS OF PHYSICIANS. Dr. Townsend is almost daily receiving orders from Physicians in different parts of the Union. This is to certify that we the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations in the market. UNITED STATES OFFICER. Capt. G. W. McLean, one of the United States Marine Corps and member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story.

Rahway, Jan. 25, 1847. A year since I was taken with the Influenza and my whole system left in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the said Sarsaparilla. I have continued taking it, and find that I improve every day. I believe it saved my life, and would not be without it under any cousideration. G. W. McLEAN.

DYSPEPSIA.

No fluid or medicine has ever been discovered which so nearly resembles the gastric juice or saliva, in decomposing food and strengthening the organs of digestion, as this preparation of Sarsaparilla. It positively cures every case of dyspepsia, however severe or chronic.

Bank Department, Albany, May 10, 1845. Dr. Townsend: Sir-I have been afflicted for several years with Dyspepsia in its worst forms, attended with soreness of stomach, loss of appetite, extreme heart-burn, and a great aversion to all kinds of food, and for weeks (what I could eat) I have been unable to retain but a small portion on my stomach. I tried the usual remedies, but they had little or no effect in removing the complaint. I was induced, about two months since, to try your Extract of Sarsaparilla, and I must say with little confidence; but after using nearly two bottles, I found my appetite restored, and the heart-burn entirely removed; and I would earnestly recommend the use of it to these who have been afflicted as I have been W. Raleigh, Jan. 6, 1848. The City Hotel,

ADJOINING THE COURT HOUSE SQUARE, AS been recently thoroughly repaired, and greatly improved, by the addition of a large two story building, sixty-five feet long, with a colounade in front, extending the whole length of the house ; besides several other detached Rooms, which will afford double the accommodations heretofore existing, and render the Establishment one of the most extensive, and decidedly the most pleasant in the City, either in Winter or Summer.

Mrs. Lawrence would therefore most respectfully invite the attention of Families, as well as others visiting Raleigh, or who may wish to spend their summers in the Metropolis, to the superior advantages offered by this Establishment. The public and private appartments are so distinct, that Ladies and Families may be as private as in their own houses, and she assures all who favor her with their company, that no effort will be wanting to make them perfectly comfortable, and to render their time pleasant during their sojourn with her. She asserts, without fear of contradiction, that there is not a House kept in a superior manner in the City-nor are there superior Rooms attached to any other Boarding House in the place. The Stables are in good order, and well provided with every article usually kept in such places, together with careful Ostlers who have given entire satisfaction. The arrival of the Rail Road Cars is too irregular, to justify keeping an Omnibus, but the baggage of Passengers will be conveyed to and from the Depot gratis. Raleigh, June 6, 1848.

31 tf April 18, 2848. MANKIND have now the means in

their own hands of restoring themselves to health. Will they be wise in time Who can tell? A N Individual only wishes to know the RIGHT WAY to pursue it; and there are none, were it

surely made known how Lirs might be prolonged and HEALTH recovered, who would not adopt the plan. Evidence is required, that the right way is discovered. This is what those suffering from sickness want to be satisfied about. For who so foolis as not to enjoy all the health his body is capable of ? Who is there that would not live, when his experience can so much benefit himself and family ? It is a melancholy fact that a very large proportion of the most useful members of society die between the ages of thirty and forty. How many widows and helpnot having in their own power the means of restoring

health when lost. THE CAUSE OF DISEASE.

Now when we are afflicted with sickness, it ariseth from the NATURAL POWERS of the body not having sufficient strength, in the Natural Course of the System, to expel those matters or humors which have become useless, and whose detention must produce injury to the organizm. For instance, the pores are closed from checked perspiration; in this case, what should have passed out of the body by the pores of the skin are thrown back upon the blaod, the blood thus clogged in its circulation, remedies the evil by throwing the impurities which should have passed by the skin, upon the organs of the stomach and bowels Now if the stomach and bowels are very healthy and strong, they expel the humors which the checked perspiration caused to be retained in the body, and no harm is done. But, if the stomach and bowels do not happen to be in this healthy condition-if. bound state, the matters of their own as well as those received from the occasion of checked perspiration. are again taken up by the blood; and this FLUID or Live may be so impeded as to produce Apoplexy or Paralysis; or it may become quicker in its circulation, and fever be the result. If the lungs have been previously affected, then inflammation of the Lungs; if the heart, then Aneurism, or some affection of the heart, or Angina Pectoris; if the brain has previously suffered, then inflamation of the brain. If an injury has been done in time past to the body, and the part where such was done continues weak then that part will be affected. If Asthma has ever been a prevailing complaint, it will show itself again Those who have been much troubled with Fever and Ague will be again affected by it, or some intermitting Fever will take its place. If it be a child, then the Measles, Whooping Cough, Small Pox or Scarlet Fever may be expected. The Impurities which are striving to get out, but are not able without assistance, will produce that form of disease which the person having these impurities in him, is most sus-

ceptible to receive. Now all these dangers and difficulties can be prevented, and the long and certain sickness, by assisting NATURE in the OUTSET with a good dose of the BRANDRETH PILLS.

This is a fact, well understood to be so by thousands of our eitizens. This medicine, if taken so as to purge freely, will surely core any curable disease -I'here is no form or kind of sickness that it does not exert a curative influence upon. Thus, by their power in resisting putrefaction, they cure Measles, Small Pox, worms, and all contagious fevers. There is no medicine in the world so able to purify the mass of the blood and restore it to a healthy condition as the BRANDRETH PILLS. This makes them so valuable in curing all kinds of chronic diseases, as Erysipelas, Salt Kheum, Scald Head, White Swellings, Sore Eyes, and recent or Chronic enlargements of the Glands or otherwise. Consumption Disarmed of its Terrors! HASTINGS' Compound Syrup of Naptha

QUICK and Positive Cure for Consumption,

Decline, Asthma, Spitting of Blood, Night

Sweats, Husky Throat, Wasting of the Flesh, Bron-chitis, Coughs, Colds, and all Diseases of the Chest This celebrated preparation is pleasant to the taste, and is so speedy in its operations, that patients plainly feel its good effects in a few minutes after taking

the first dose. Prepared in London, by G. HASTINGS,

When Dr. Hastings had discovered the virtue of

Naptha, four years ago, he announced it in a private circular, to a number of distinguished physicians in various parts of England, with a request that they would put its medical properties to the test, and re-port accordingly. The result was a host of testimonials of the most favorable character, nearly all of which agreed in certifying that no medicine they have ever used could bear any comparison with it is relieving hacking coughs, curing diarrhoa, and stopping night sweats. It was also generally remarked to have a wonderful effect in increasing the appetus neight, and spirits of patients; and to be a powerfuly efficient remedy in Bilious and Astmatic diseases Of these testimonials, which were all published at the time in the Medical Recorder, NINE spoke of its extraordinary influence in cases of Consumptioneach correborating Dr. Hastings' opinion, that he had actually discovered the great secret so long and vainly sought for, namely a preparation that would stop the formation of Tubercles on the lungs, remove thou already formed, and thus cure the most fatal of all maladies, and which had been previously regarded as being altogether incurable. Dr. Williamson, of Manchester, thus writes: "Under its influence I have seen the emaciated being, on whose brow Death seemed to have set his seal, acquire invigoration and strength; and exchange his early mornings of intense suffering and distressing cough for the calm repose which alone accompanies sound health." Dr. Ware, of Liverpool, says: "I regard Hastings' Syrup of Naptha as one of the first medical discoveries of any age, and consider its agency in curing Consump tion as established beyond all doubt or question." Dr. Boyd, of Lancaster, " Hails it as the great Consumptive antitode and cure ;" and Dr. Hamilton, Bath, pronounces it "the only known remedy which may be relied on for removing Tubercles from the lungs, and preventing formation of others." Price one dollar a bottle. Six bottles for five dollars. The usual allowance to the trade.
