IN THE WORLD. This Extract is put up in quart bottles; it is six times cheaper, pleasanter, and warranted superior to any sold. It cures diseases without vomiting, purging, sickening or debilitating the patient

GREAT FALL AND WINTER MEDICINE. The great beauty and superiority of this Sarsaparilla over all other medicine is, while it eradicates diseases, it invigorates the body. It is one of the very best Fall and Winter medicines ever known; it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years, more than 35,-000 cures of severe cases of diseases; at least 20,000 of these considered incurable.

More than 3,000 cases of Chronic Rheumatism 2,000 cases of Dyspepsia; 4,000 cases of General Debility and Want of En-

7,000 cases of the different Female Complaints ;

2,000 cases of Serofula ; 1,500 cases of the Liver Complaint; 3,500 cases of Disease of the Kidneys and Dropsy

8,000 cases of consumption: And thousands of cases of diseases of the blood, viz : Ulcers, Erysipelas, Salt Rheum. Pimples on the Face, &c., de., together with numerous cases of Sick Headsche, Pain in the Side and Chest, Spinal Affec-

This we are aware, must appear incredible, but we have letters from Physicians and our Agents from all parts of the United States, informing us of extraordinary cures. R. VAN BUSKIRK, Esq., one of the most respectable Druggists in Newark, N. J., informs us that he can refer to more than 150 cases in that place slone. There are thousands of cases in the City of New York, which we will refer to with pleasure and to men of character. It is the best medicine for the prevention of disease known. It undoubtedly saved the lives of more than

5,000 CHILDREN THE PAST SEASON As it removed the cause of desease, and prepared them for the Summer season. It has never been known to injure in the least the most delicate child. RHEUMATISM.

This Sarsaparilla is used with the most perfect success in Rheumatic complaints however severe or chronic. The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief-this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen.

Hear Mr. Seth Terry, one of the oldest and most respectable lawyers in Hartford, Conn. The following is an extract of a letter recived from him : Dr. Townsend-I have used one bottle of your Sarsaparilla, and find it is excellent in its effects upon a Chronic, Rheumatic pain, to which I am subject, from an injury occasioned several years ago, in a public stage. Please send me two bottles to the care of Dr. Seymour. I have conversed with two of our principal physicians, and recommend your Sarsaparilla.

in the side &c., have been and can be cured. Dr. Townsend-Dear Sir: Nearly twenty years ago I took a violent cold, which settled on my lungs, and affected me severely indeed, finally, it became a constant hacking cough, but not so severe as to prevent me from attending to my business; within the last few years it increased on me gradually. At last I became reduced-breathed with difficulty, and raised with my cough much bad matter, and for the last nine months previous to using your Sarsaparilla. and regular night sweats; indeed, my friends and myself supposed that I would die with the Consumption ; but I have the happiness to inform you that, to my surprise, after using three bottles of your Sarsaparilla, I find my health restored. It relieved me gradually, and I am new enjoying much better health than I have before in 26 years. I had almost entirely lost my appetite, which is also returned. You are at liberty to publish this with my name in the papers, if you choose.

My little girl, who is three years old had a very bad cough the whole of last Winter. We became very much alarmed on her account. While using the medicine, I gave her some of it, and it soon entirely relieved her, as well as myself, and she is well now, and hearty as any child I ever saw. She was also full of little blotches: it took them away and her skin is smooth and fair now and I am satisfied she recovered her health from using your excellent med-

GIRLS, READ THIS.

You who have pale complexions, dull eyes, blotches on the face, rough skin, and are "out of spirits," use a bottle or two of Dr. Townsend's Sarsaparilla. It will cleanse your blood, remove the freckels and blotches, and give you animation, sparkling eyes, fine spirits, and beautiful complexions-all of which are of immense value to unmarried ladies.

GREAT FEMALE MEDICINE

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Leucorrhon, or Whites, obstructed or difficult Menstruction, Incontinence of Urine, or involuntary discharge thereof, and for the general Prostration of the System, no matter whether the result of inherent cause, or produced by irregularity, illness or accident. Nothing can be more surprising than its invigorat-

ing effects on the human frame. Persons, all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of barrenness

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of ures performed. but we can assure the afflicted, that hundreds of cases have been reported to us. Several cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with healthy offspring. Dr. Townsend-My wife being greatly distressed

by weakness and General Debility, and suffering continually by pain and a sensation of bearing down. falling of the womb, and with other difficulties, and having known cases where your medicine has effecstones, and also hearing it recommended for such cases as I have described, I obtained a houle of your Extract of Sarsaparilla, and followed the directions you gave. In a short period it removed her complaints and restored her health. Being grateful for the benefits she received, I take pleasure in thus acknowledgeding it, and recommending it to the M D. MOORE. Corner Grand and Lydius-sts.

TO MOTHERS AND MARRIED LADIES. This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be

as it is calculated to assist nature, by quickening the blood and invigorating the system. Indeed, this implication is invaluable for all the diseases to which women are subject.

It becas the whole system, renews permanently the natural energies—by removing the impurities of the body—not so far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines taken for female weakness and disease.

THREE CHILDREN. Dr. Townsend-Dear Sir : I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken only four bottles; it took them away, for which I feel myself under deep obligation.

Yours, respectfully. ISAAC W. CRAIN, 196 Wooster-st. New York, March 1, 1847.

OPINIONS OF PHYSICIANS. Dr. Townsend is almost daily receiving orders from Physicians in different parts of the Union. This is to certify that we the undersigned, Physi cians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations in the market.

UNITED STATES OFFICER. Capt, G. W. McLean, one of the United States Marine Corps and member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story.

Rahway, Jan. 25, 1847. A year since I was taken with the Influenza, and my whole system left in a debilitated state. was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the said Sarsaparilla. I have continued taking it, and find that I improve every day. I believe it saved my life, and would not be without it under any consideration. G. W. McLEAN.

DYSPEPSIA.

No fluid or medicine has ever been discovered which so nearly resembles the gastric juice or saliva, in decomposing food and strengthening the organs of digestion, as this preparation of Sarsaparilla. It positively cures every case of dyspepsia, however severe or chronic.

Bank Department, Albany, May 10, 1345. Dr. Townsend: Sir-I have been afflicted for several years with Dyspepsia in its worst forms, attended with soreness of stomach, loss of appetite, extreme heart-burn, and a great aversion to all kinds of food, and for weeks (what I could eat) I have been unable to retain but a small portion on my stomach. I tried the usual remedies, but they had little or no effect in removing the complaint. I was induced, about two months since, to try your Extract of Sarsaparilla, and I must say with little confidence; but after using nearly two bottles, I found my appetite restored, and the heart-burn entirely removed; and I would earnestly recommend the use of it to these who have been afflicted as I have been

FEVERS, AGUES, are really bilious affections, and curable by purging with BRANDRETH PILLS, and good nursing. Read the directions in Dr. Brandreth's pamphlet, which may be had gratis from the Agent for Braudreth's Pills. No disease can be received unless our blood is in the requisite state of impurity; it is some in all cases, the principal is universal; for even water must be adapted to the nature of the fish, or there will be no propogation of the species. The soil must be adapted to the seed, or there will be no increase. The climate must have those matters in it which will unite and keep alive epidemical or contagious poisons, or they will become extinguished, as a lamp that is unsupplied by oil. So it is likewise with the human frame, it cannot be materially affected by epidemical or contagious maladies, unless there be those matters floating in the circulation which offers the appropriate soil. By purifying our bodies with the BRANDRETHPILLS, which have affinity with those impurities upon which contagiou feeds, we may always feel secure, whatever disease may rage around us. True, we may have it, but it will soon be over, our sickness will be the affair of a day or two. while those who have been too wise to use this simple and excellent remedy, either die or have weeks. perhaps months sickness.

Sudden changes from very hot to chilly weather are unfavourable to health, and it is a fact universally admitted, that heat and moisture are powerful agents in producing disease, and that constant DRY and constant wer weather are both favourable to its generation; it does not signify WHAT We call it,i may be ague, it may be bilious fever, it may be yellow fever, it may be dysentery, it may be rheuma-0 tism, it may be bronchitis, it may be cholic, it may be constipation of the bowels, it may be inflamation of the bowels, it may be inflamation of the stomach, it may be a nervous affection; but still it is a disease. and a disease curable by the Brandreth Pills, because they remove all impurities from the body, all that can in any manner feed the future progress of the malady, no matter how called; thus these pills are not only the most proper medicine, but generally the only medicine that need or ought to be used. At the present time it is every man's duty who wishes to secure his health to use them; it is the duty of every one who knows anything of their health restoring powers, to make it known to his immediate circle.-For there are some alarming signs, which tell of the approach of disease. The sudden changes of temperament are more to be feared and guarded against

than any contagious malady. N. B. There is no surety that you get Brandreth's Pills unless you purchase only of the duly authorized Agent.

Consumption Disarmed of its Terrors! HASTINGS'

Compound Syrup of Naptha; QUICK and Positive Cure for Consumption, Decline, Asthma, Spitting of Blood, Night Sweats, Husky Throat, Wasting of the Flesh, Browchitis, Coughs, Colds, and all Diseases of the Ches

and Lungs. This celebrated preparation is pleasant to the task, and is so speedy in its operations, that patients plainly feel its good effects in a few minutes after taking

Naptha, four years ago, he announced it in a private circular, to a number of distinguished physicians in various parts of England, with a request that they would put its medical properties to the test, and report accordingly. The result was a host of testimonials of the most favorable character, nearly all of which agreed in certifying that no medicine they have ever used could bear any comparison with it in relieving hacking conglis, curing diarrhoa, and stop ping night sweats. It was also generally remarked to have a wonderful effect in increasing the oppetite, weight, and spirits of patients; and to be a powerfully efficient remedy in Bilious and Astmatic diseases. Of these testimonials, which were all published at the time in the Medical Recorder, NINE spoke of its extraordinary influence in cases of Consumptioneach correborating Dr. Hastings' opinion, that he had actually discovered the great secret so long and vainly sought for, namely a preparation that would stop the formation of Tubercles on the lungs, remove those already formed, and thus cure the most fatal of all maladies, and which had been previously regarded 4 being altogether incurable. Dr. Williamson, of Manchester, thus writes: "Under its influence I have seen the emaciated being, on whose brow Death seemed to have set his seal, acquire invigoration and strength; and exchange his early mornings of intense suffering and distressing cough for the calm repose which alone accompanies sound health." Dr. Ware, of Liverpool, says: "I regard Hastings' Syrup of Naptha as one of the first medical discoveries of any age, and consider its agency in curing Consumption as established beyond all doubt or question." Dr. Boyd, of Laucaster, "Hails it as the great Consumptive antitode and cure;" and Dr. Hamilton, of Bath, pronounces it " the only known remedy which may be relied on for removing Tubercles from the lungs, and preventing formation of others."
