"The North of Europe wears a most fa-Yourable aspect. The Russians have 400.-D 0 men in arm , and 1500 pieces of can nor; Sweden is preparing to land 40,000 men in Germ ny, and these will be joined Segovia, but learning the dispersion of b 20,000 more from Finland. This Boparte will have an army of 60,000 men wir, it is supposed that the population of Germany will ris, up against him. The n st spirited Aldresses have been circulatel, colling on the people of the north to emulate the example of Spam, - Mean tim the South a gins to stir; its Chief from the Torole, went to the Emperor States. A x inder, and on finding him determi ned to oppose France, declared that his countrymen, aided by the Swiss, were rea d on the arst favorrable events to rise. His Royal Highness the Crown Prince is greatly liked, and Alexander is guided by h advice. Ten thousand men embark here in a few days for the German coast an it seems probable that S reden will ap in have the honour of recovering the or king liberties of Europe.

You have a silly report in England of the Crown Prince being about to divorce the Princess his wife. Nothing is more thef unded and malicious—there is not a happier couple."

> From the Boston Guette; Sept 21. NURTH VESTERN AR IV.

The last Keene paper, after mentioning the arrival, in that town, of Col. Willer. sucjoins the following statement of Gen, Holl's army, with this remark- that is is made from a direct source, and one entitled to a high degree of credit "-

" Gen. Hull's orders, were dis retima. ry as to the time of entiting the enemy's territory. The descent was originally made more particularly to prevent redoubts being thrown an on the British side, by which the town of Detroit might be destroved, or greatl injured, Fort Million might easily have been taken, had field are tillery be n ready when the descent was mad. After the retreat to Detroit, at the time the American Fort was summ in a the effective force within did not -x eed 1100, and the report from the Bigge inspector in de the numb r 2 or 300 icss. The Butish (miti hand regulars) an in. zed to 800 and the Indian force, " Noboly (says our into mant) but God knows, it they were scattered in all directions," probibly as many more. The very n xtd v 900 Indians from Mickins arrivet It was matter of extreme doubt which rive. pulse would have rendered their situation in any degree safe, unless the victor, had been complete, and the principal part of the British offi ers t ken or killed, so 1. to prevent the possibility of again rolling, Under the circumst need, Gen. Hull on t not to be censured for his conduct on that day. The g. rrison would willingly have risked a battle, had the Gen. so determined. [Here it may be rima ked this the Indian reinforcement could not have ben foreseen | Our inform int with appare t indignation, repelled the insine ties may Gen Hull was wanting in fidelity to las country. "He is no trater." The garrison did not wast for ammunition, and had about ten days provision on hand.

The Regular troops, with General Hall and even the officer's wites (in carious) were marched through the streets of low treal to the tune of Yankee Dobdle, mil they came to the Monain at of Lord Nelson, when God sive the King was stock, and hats off ordered. Our indige of Yinkes, however, to a man, refused to obev the order

The Keene paper also contradicts (nd we presume on the authority of Col. iller) all the charges of treason, cowardice and imbecility exploited in the democratic pape s against Gen. Hull.
