

of its institution. It is his Excellency's earnest wish to consolidate into one the different interests of discordant parties. Let me encourage you to urge such a pacific and friendly disposition among the people, as will induce them to love order, and in some instances to sacrifice their individual advantages to the interest of the community.

Let your hearts be inclined to cultivate as spirit of subordination and obedience to the laws. You may take this as a certainty, gentlemen, that the public can never have a fair existence unless the different ranks of men cooperate to his preservation, not faintly but with the utmost spirit and energy.

We are now under the immediate guardianship of Congress, who in all their transactions manifest a great degree of magnanimity and justice, let us then in our public and private characters unite with them, and with his Excellency our Governor, in making this country great and flourishing.

As your court is approaching you may be at some loss about the admitting attorneys. It is necessary, I suppose, they should all obtain new licences. The law and ordinance have directed the mode. I would remind you of the necessity of confining attorneys to special pleadings. It will be your duty, gentlemen, to communicate to the people at large, the principles of our new mode of government, as far as they have, or shall come to your own knowledge. Any person who attempts to counteract so valuable an institution will merit the punishment that awaits him, and the severest censure from the people. Let me conclude with urging you to cultivate harmony, to love order and do the law.

On Saturday last the ship St. James Planter, Capt. Wm. Paxton, bound from Jamaica to London, with a rich cargo of rum, sugar, dye goods, &c. run ashore on Cape Look-out shoals. The vessel and greatest part of the cargo are lost.

THE copartnership of MANNING & LAWRENCE being this day dissolved, by mutual consent, all those who have any claims against the said concern are requested to bring them to Pierse Manning, at his store in Craven street, and receive payment; those indebted are requested to make immediate payment to him, he being fully empowered to receive, and give proper discharge, for the same.

THE papers mentioned in my advertisement of May 27th, having been so lodged as that they have been found and delivered to me, together with the buckles, sleeve buttons and a small sum of paper money; I think it may not be wrong to offer my thanks to the man who took and returned those things, for his generous mode of conducting the business, and being personally acquainted with him and unwilling to make him known to the public, or otherways to in-

jure him; hereby offer to divide the cash with him share and share alike, and do promise on the word of a fair dealer, that if this man will come into this proposition and leave me half of said cash, so that I can obtain it; no mention shall ever be made of his name, and that he will continue as high in my esteem as he has heretofore done.

FOR SALE

A PLANTATION on the south west side of Brice's creek, about five miles from Newbern by land, commonly known by the name of *Gamboes*, or *the Mill Land*, containing about 1500 acres of land; only about 40 or 50 acres are cleared. Through it run two streams, on one of which has lately been built a saw mill for one saw, which is at present in good order and covered with a shingled roof. The dam is likewise in good order, but the flood gates and grist mill are out of repair. On the other stream and creek may be reclaimed by ditching, from 70 to 80 acres of as good rice swamp as any in Craven county, and the stream and banks are sufficient to keep a head of back water of 10 or 12 feet for the purpose of working a rice machine and overflowing the swamp. Brice's

creek has a sufficient depth of water for any vessel that can come to Newbern to go up and load or unload at the said plantation; and its situation is in as good a range for cattle and hogs as any in the county.

A tract of land on the same side of Brice's creek, between the two former, containing by patent 400 acres, known by the name of *Hardisons*. This tract of land has a very considerable quantity of creek swamp, which when put in order will answer either for the cultivation of rice, indigo, or corn: the high land is well adapted to the cultivation of wheat, corn and small grain.

A tract containing 640 acres on the south west side of Brice's creek, back of the above land and patented by John Hall.

A tract of 300 acres on the east side of Brice's creek joining the lands of Mr. Davis and Mr. Hickman, about 7 miles from Newbern.

A tract of 350 acres on the south side of Neuse river, joining Mr. Knox's lands, about four miles by land, and five miles by water, from Newbern.

A tract containing 570 acres on the north side of Neuse river and on both sides of Goose creek, on which stream is an excellent place for a mill seat, and the land is very well timbered.

Also one piece of land in Jones county, containing 700 acres, lying in the Forks of the road, leading from Newbern to Trent-Ferry and to Trenton, about ten miles from Newbern.

A lot lying on the south side of Pollock-street, between Craven and Front streets, joining Mr. Harch's lot, and known in the plan of the said town by no. 44; together with the half lot adjoining it; known by no. 300.

Another lot on the south-side of Pollock-street, lying between the above and the lot now in the occupation of Mr. Edward Kean, known by no. 49.

Also part of the lot no. 13 on Front street, adjoining Richard Ellis, Esq's, not exceeding 30 feet in front and running back the whole depth of the lot.

The above lots will be sold by half-lots or whole lots, as it will be most agreeable to purchasers.

The above property will be disposed of for cash, or a part cash and a part on credit: the purchaser giving bond, with approved security, for the payment of the same, with interest from the time of sale. The terms may be known by applying to me in Newbern.
