A New Hotel.—Mr, J. W. Davis, of the Mills House, Charleston, S. C., has been in this city several days past, negotiating for the lease of the property on Front street, between the the Parker House and Brock's Exchange, with the view to establishing a large first-class hotel. The lease has at least been affected, and Mr. Davis will, on or before the first of October next, in connection with the parties associated with him, open what will be known as the Clarenden Hotel. Previous to the opening, however, improvements will be made on the property, not the least of which be the construction of a new wing in the rear.

In this wing a dining room, 24 by 60 feet, will be located, with a pitch of about 17 to 18 feet Mr Davis will assume the management of the hotel, and we congratulate our citizens and those who are in the habit of stopping in our city, that they are in a fair way to secure at last what Wilmington has long needed, a large and magni-ficent hotel.
