is entitled to the support of the Democrats of Eastern North Carolina. It never has solicited—and never will solicit—patronage because of its political course; but the Conservatives of Eastern North Carolina owe it to themselves to show their appreciation of the only daily paper of the section expressing their sentiments and upholding their interests. A little effort on the part of our friends, in behalf of our journal, would do much to increase its circulation and add to its influence. Will they make that effort? A word of encouragement and good cheer would lighten our labors and make them pleasant. Will that word be spoken?

DURING THE SUMMER CAMPAIGN  
the JOURNAL OF COMMERCE will devote particular attention to affairs in this the Second, Congressional District. It will be faithful reflex of the political situation, and will contain the latest and most reliable intelligence from every county composing the District, as well as from the State at large. Besides it will give the late commercial and general news. In a word we shall strive to make it reflect "the very spirit and body of the times!"

REV. E. M. FOIBES, RECTOR.

MALE DEPARTMENT.....S. D. POOL.  
FEMALE DEPARTMENT.....MRS. C. S. POOL.  
PRIMARY DEPARTMENT.....MISS DORA POOL.

THE EXERCISES OF THIS SCHOOL WILL BE RE-summ'd (D. V.)  
Wednesday, September 21st.

No effort or pains will be spared to make the school EQUAL TO ANY IN THE STATE.

The School Building, pleasantly located on GEORGE STREET, between POLLOCK and SOUTH FRONT, is in excellent repair, and fitted for the accommodation and instruction of a large number of scholars. Such Apparatus as the necessities of the School may demand, will be provided. During the Fall Term, lectures will be delivered upon subjects connected with, and elucidating the branches taught in the School.

Newbern has been, for many years, justly celebrated for the elevated character of its society, and for the liberal education of its sons and daughters. It is therefore eminently suited for the establishment of schools of high grade. None can over-estimate the advantage of associating in youth with the children of parents of character, position, and education, and hence it is confidently believed that the schools of our city will be favorably considered by those who are seeking eligible locations for the education of their sons and daughters.

The Principal and his wife having devoted more than twelve years to the duties of the School Room, are justly in pleading satisfaction to all persons who may entrust the education of their children to them.

The Rector and Teachers ask that the School be fairly tried, and judged strictly. They believe that the enterprise is important to all who desire the establishment of good and permanent schools in Newbern, and in an equal degree, it appeals to the members of the Church whose duty it is to foster and encourage schools in which their children may be instructed in the duties of their religion.

While this is a Church School, and while the children of Episcopal parents will be taught in the Church, the teachers judge themselves that the religious sentiments of the children of parents of other denominations will not be interfered with, and the School may be used by the children of the Rector and his wife to impart instruction in the Elementary and Higher Branches of an English and Classical course of study, leaving to parents the responsibility of facilitating the talents of the Pupil in which they desire to instruct their children.

TERMS PER QUARTER OF TEN (10) WEEKS.  
In Advance

A little effort on the part of our friends, in behalf of our journal, would do much to increase its circulation and add to its influence. Will they make that effort? A word of encouragement and good cheer would lighten our labors and make them pleasant. Will that word be spoken?

DURING THE SUMMER CAMPAIGN  
the JOURNAL OF COMMERCE will devote particular attention to affairs in this the Second, Congressional District. It will be faithful reflex of the political situation, and will contain the latest and most reliable intelligence from every county composing the District, as well as from the State at large. Besides it will give the late commercial and general news. In a word we shall strive to make it reflect "the very spirit and body of the times!"
