teaches as an article of faith, the doctrine of ernment is what I demonstrate. miform sequence; in other words, the doc- The Federal patro

But this great doctring of uniform sequence, of cause and effect in all things, has even vet higher authority than the powerful and philosophic Buckle, or than any other earthly sanction. When the and healthful stream he knows there is fountain of sweet waters above: but if the stream is impure and poisonous, it needs no argument to convince him that the source from which it descends is likewise bitter and unclean. The apple and the nomegranate, the olive and the grape, all proclaim by their own good qualities generous and bountoous trees and vines on which they grow; but the noxious weed, the 'deadly, creeper, and the useless bramble furnish no such evidences of their merit and worth to the husbandman. And when the mighty Nazarene made his brief but awful sojourn upon earth he pointed to these productions of the laws of nature, and proclaimed, not merely to his followers in Judea, but to the people of all the continents and all the islands of the seas, and to the re motest generations of mankind, that the same unerring certainty also existed between the visible results of human conduct and the absolute causes from which they arise. He warned the whole world against false, corrupt, and plundering leaders of the people, and announced the means by which their spurious pretensions
