American Advocate: Protestant Ministers discussing the Papacy. Proscription of the liberty of speech in Kinston, by a foreigner.

MR. ROBINSON :- In your issue of the 26th inst. you were pleased to allude to the fact, that while you were writing said article, I was addressing the people at the Court House. You also remark that "Three Ministers of that Church are already in the political field, Latham, Battle and Walsh."

I desire, Sir, to ask you a few questions, and, as you profess to be so liberal-so non-"proscriptive," of course you will answer without any mental reservation. But, first of all, let me say that I am not now, nor have I ever been "in the political field." Mr. Latham Protestants must not do it; because, by doing so, ican party. till doomsday without entering "the political field!" tion. to discuss politics !-- to enter the "political field"!! of the meeting. Romanism, then, is "political," if Mr. Robinson may Dr. J. T. "These gentlemen know their own business." I am sorry, Sir, I cannot return the compliment; for there are some of our adopted citizens, who, with all their learning, neither seem to "know" nor to "mind consumed. their own business." I assure you, Sir, we not only "know our own business," but we mean to mind it!

And as it is a part of our business to expose the claims be lectured occasionally by Mr. Robinson.

the authority you quoted for my special benefit!

I assure you, Sir, that "Mr. Latham's course" will not do his church one thousandth part the injury, that it will do the Catholic party. If "his course" injures any "church," the Catholic church will be the one injured.

But my "course is still worse." My "nightly harangues will do" my "denomination irreparable injury." Truly, Sir, you seem to be very much concerned for the prosperity of my "denomination." When did this church first enlist your sympathies? I shall be very much deceived in the good sense of my brethren and the public, if my "Sabbath congregations become small by degrees and beautifully less," in consequence of my lecturing on Romanism. But if your prediction proves correct, it will only demonstrate, to me, the great necessity to have the subject of the Papacy more fully discussed; and I shall not fail to do it. But I should be sorry to know that a single member of our they had better repair to Rome.

As to "complacency," unless I wished to be overburdened, I should dislike to exchange with Mr. Robinson; for his very "complacent" smile and patronizing air indicate that the gentleman himself is the very embodiment of this - virture!

But am I an "advocate of religious persecutions," science?" This, Sir, is unworthy of a Hindoo. So far from its being true, I am opposed to the Papacy, because it is hostile to the "liberty of the conscience," the liberty of the press, the liberty of our public schools, and, indeed, to all sorts of liberty. And while Mr. Robinson is thus slandering me, and prating about "liberty of conscience," he is the ally and the apalogist of a church-power, whose robes have been dyed in the best blood of the race! He persecutes here at home -in Kinston-for lecturing against Romanism-and thus denies the liberty of speech!

Still he "would be the last man under heaven to use" his "pen against a minister of the gospel, while in the path of duty," &c. "While in the path of duty!" And who is to be judge in this matter? Mr. Robinson? He will never be judge in this matter. I submit it to no man's dictation: I am responsible to God for the every thing good beneath his feet. This I shall do, sir, no matter who frownes, threatens, or denounces.

"AN APPEAL TO MASONS."

To our utter astonishment, we have recently seen an "appeal to the Masons," against the American party. This appeal shows how closely our opponents are run. If there be any association who, more than another, have cause to aid in averting the dire influences of Roman Catholicism, that association is the Masonic. They have been the subjects of the most cruel and unrelenting persecutions from Roman Catholics. And it was truly unfortunate for our opponents, that they have made this suggestion. Supposing, however, that this would be forgotten, they have endeavored to array the prejudices of that ancient and honorable order. Almost every intelligent Free Mason can recur to the frightful times even of the last century, in Holiand, in France, in Italy, when through suspicion, and pretended apprehensions of the bigoted followers of the Romish hierarby, their brethren then were wonchurch had so much sympathy for Romanism as to tonly and cruelly subjected to their direct interference object even to the discussion of it! To correct a stereotyped misrepresntation of the American party by their more unscrupulous opponents, we make the following statement upon the authority of Senator Adams, of Mississippi, from whom we obtained it in a recent interview at Holly Springs:
