HISTORICAL SKETCHES OF HERTFORD COUNTY BY J. W. MOORE. Chapter VII.

Gov. Dobbs died at his plantation, on Town creek, in Brunswick county, on the 29th of March 1765. He was a man of parliament. Like the majority of his countrymen, he was mercurial temorament, and during the eleven years of his administration he had many contentions with the colonial House of Burgesses. He was succeeded bad eminence in our annals The second King Charles said of William Berkely, that he had shed more blood in Virginia, after the suppression of Bacon's rebellion, than he had in Great Britain, for the murder of his royal father. Old Berkeley was no more cruel or in pracitable than was Gov. Tryon. The whole trouble of the Regulatons grew out of a shameful neglect or guilty connivance on his part. The Frohocks and Fan nings of that period, would not for a moment have ventured upon their extentions. had Gabriel Johnston still administered affairs. Herman Husbands was no more obstinate or rebellious than. Samuel Adams. The only difference between the two, was that which has ever existed between successful and unsuccessful revolutionists. Hertford and the eastern counties, did not participate in the excitement and disorders growing out of that unhappy and bloody affair. But our people were far from being content. Eastern men matched with the governor and shed the blood of their countryman at Alamance, but the smouidering fires of deep resentment agitated their bosoms. They knew as well as we do, that the Regulators had suffered great and grieyous wrongs, at the hands of public officers. That these extortioners should have been prosecuted

| tory. That the Regulators in their own acts, were violent and misdirected, is equally apparent. They waited not for the whirli- gig of time in its revenges, but in inaddess and folly, threw to the winds an opporta- nity, which under cooler management might have brought their leaders enduring fame. In 1768 an act was passed by the General Assembly at New Berne which established the town of Winton upon, the lands of Benjamin Wynns, on the Chewan river. William Murfree, John Baker, Mathias Brickell, Joseph Dickerson and Benjamin Wynns, were appointed directors. Under their suggestions, Godwin Cotton, of Mulberry Grove, then surveyor of Hertford county, Iaid off and plotted the village. It is beyond question it was named in honor of the Wynns family. They had been long seated in our limits, and prominent for wealth and influence.
