TO THE REPUBLICANS OF THE THIRD CONGRESSIONAL DISTRICT.

For the reasons given below, which seem satisfactory to myself, and which frust will be deemed satisfactory by my friends, I hereby wishdraw my name as a candidate for Congress for this Congressional District, and recom mend that the Republicans of this District cast their yotes for the Hou. DAN-IEL L. RUSSELL.

The candidates at the present time are myself, Republican, Mr. Waddell. Democratic, and Mr. Russell, who has been nominated by the Greenbackers. Judge Russell has long been recognized as a Republican, has several times received the votes of the Republicans of this region, and still, it is believed, has their confidence upon all measures not connected with financial questions. It noth he and myself continue as candidates' thus dividing the opposition to the Democratic candidate, it is evident that neither of us will be elected. Be lieving as I do that Judge Russell may be elected, I therefore voluntarily withdraw my name, and ask my friends to give him their cordial, energetic and undivided support.

CANADY AND RUSSRLI.

The readers of the Post are likely to be not a little surprised at the announcement of the withdrawal of Mr. Canaday, as the candidate for Congress from this District. Possibly they will be more surprised when we follow the advice of the Committees and ask our friends to vote for Judge Russell. The steps which have led to this decision have not been taken thoughtlessly, but after a careful looking over of the sit-The subscription price to THE WIL- uation. There was, and hes be addressed to THE WILMINGTON always been a reasonable likelihood that Waddell might be beaten by one of them on whom the opposition vote could concentrated. We had always believed that Canaday, as representing the Republican element of the opposition, with the prestige of having made a splendid run against Waddell in giving a rap to that old fogy sham. 1876, stood the best chance. But the Republicans did not happen to own, or or be abte to control that juvenile party called Greenbackers, which had nominated Russell, and as almost certain defeat stood before Mr. Canaday if Russell continued to run, Mr. Canaday concluded to withdraw. The Committees therefore have asked the Republicans to concentrate their vote upon Russell, not in any manner abandoning their organization as Republicans, but giving their votes to the most satisfactory of the two outsiders.

All sorts of pleasant things are to be said of our retiring candidate. His magnanuity, his disinterestoness, his intrepedity in running the risk of offending hosts of devoted friends, his self-denying surrender of his own aspirations and hopes, have all combined to make him stronger in the hearts of the people, a bolder and more successleader, and a nobler champion of our sacred principles in the future than he more with the steamer, and is not ex-It is well known that I have zealous- has been in his brief and glorious pected to arrive here until next opposed the candidacy of Judge career heretefore. The person who succeeds Mr. Canaday has until lately been an unflinching and most able Republican, has been a trusted and honored leader among us, and we believe now will, if elected, serve the people of the Cape Fear District in the next Congress, not only creditable to himself, but to the acceptance in the main of that part of the population which may vote for him Lurge them to maintain vigilantly In the firancial questions, being as the organization of the Republican much to be trusted as his competitor, party, which never stood stronger in he will, we are satisfied, more properly represent the interests of this important District, and by his enlarged and of those principles fon which depend liberal views confer upon it and himself benefits and honors, for which the constituency has waited in vain for many years.

An'Upen Letter to Gov. Vance. CUMBERLAND COUNTY, N. C. Oct. 15th, 1878.

Governor Z. B. Vancs, Raleigh, N. C.: Sin:-I wrote you a private letter the 15th of August last requesting by the advice of many of our people, you call a special session of the Legislature to devise measures of relief for the very great number of people who are being distressed with executions for old debts, once dead, but debts now made alive under the instrumentalities of politicians, through the United States Supreme Court. You heeded not my request, nor ever auswered my letter. I now publicly, in the papers, demand as a citizen that you as Governor, convene the Legislature for the relief of the people. It matters not whether the Legislature gets per diem and, mileage. It matters not if it is out of time. It matters not if it complicates the election for United States Senator. Let us try to relieve the people of the encumb araces of the war, in war in which the fight is ours, but one whose disasters yet fill the land, Hoping you have some sympathy for the oppressed who still suffer.

I am, very respectfully, J. C. BLOCKER.

In he case have our opponents been denied a hearing. Everywhere the colored people have been invited to the Democratic meetings. In like manner in conformity with the policy of the party, the vigilant Democratic speakers have made themselves welcome wherever were gathered together those who would separate the honest white man from the honest colored man, to the lasting injury of the whole state.
