Rome became a battlefield, and the liberties of the country were destroyed. Sulla was a wild, roving, patrician, with countenance "strange and unpleasing, and withal, an able officer and a great soldier."

The invention of that Superior and Complete Sewing Machine (The Family Sewing Machine), marks one of the most important eras in the history of machinery, and when we consider its great usefulness and extremely low price (\$25), it is very difficult to conceive of any invention for domestic use of more equal importance, smooth, and quiet movement, rapid execution, certainty of action, and delightful ease, that at once commends it to all others.
