The fertility of imagination in the South Carolina shot guns and red thirts sillustrated by a story which they are misting that the negroes of that state are about to hold a convention, and by resolution petition Congress to take away their right of suffrage. The large maily of "damphools" which are inlabitants of that state are evidently not all deal yet.

Is is stated by some of our Democratic lewspapers that there have been frauds t the poils in soms places at the north. But the courts are taking action in Tonnsylvania, New York, Conneccticut, and wherever there were offences committed. In Hart ford, Conn., three men have been sentenced to fine and imprisnment for frauds at the polls. Let the courts proceed in South Carolina as er do in the northern states and pundi the rascals.

## Vame of Dairy Products

Itaa Erastus Brooks, in an address at the dairy fair in New York, said the value of the butter and choese poinced in the United States and of the large amount exported presents a most incomprehensible results to those who have not become acquainted with Las industry. Of butter the make is 1,500,000,000 and of cheese 850,000, 000 pounds, and the export of cheese this year will be 25,000,000 pounds butter at least 130,000,000 and. Here is a value to the country of \$350,000,000, and only the entire orn crop is in excess of it in value, while cotton and wheat and hay and and cheese; and no part of the Old World approximate in the raising of class to the New, where there are twenty-nine cows to every 100 persons; and hence the increase of 33 per cent. in production this year, with a like increase of exports. It is proper, how ever, to say that of 107,869,666 pounds of cheese exported last year not a pound went to France, on account of a prohibitory tariff.

-During a religious revival in Livingston, Ky., the Rev. Robert Carter was to conduct a meeting in-the Baptist church. He came on horseback, dismounted, put the saddle on his shoulders, and in that way carried rights. it in'o the church. The congregation At the close of Mr. O'Hara's speech stared at him, but, as he was somewhat W. P. Canaday was introduced, and eccentric ravivalist, it was thought spoke a few minutes, and then the that he intended to draw some novel religious lesson from the saddle, which be gravely placed on the desk. Then he kuelt as though to pray, but remain-ed so long on his knees that a brother went to see what was the matter with be very drunk. An simost emptied whiskey bottle stuck out of his pocket. The meeting was closed, but Carter was bent on preaching, and fought so hard against being silenced that a are able to say the meeting was an general melee was the result, a party of roughs taking advantage of the chance for diversion. A child was wunded by a pistol shot.

- Mr. Seward, the American Minister to China, is being botly assailed by the Pacific coast press for his asser-tion "that more Chinamen have left California than have come into it in the past two years." It is said that the total Chinese population of california to-day is estimated at about 100,000, to 750,000 whites. The Chinese are nearly-all men, but of the whites the adult males probably number less than 200; 000, making at least one Chinaman to every two white men.

REPUBLICAN JOLIFICATION. - In acc cordance with notice given in these columns the Republicans of this city had a grand jolification on Thursday night last. They met in front of the City Hall and formed and marched down to the Market House, headed by three brass bands. In front of the Market the Criminal. Judge Meares, have been in procession formed into a mass meeting and was addressed by Hon, James E. O'Hara, Congressman elect from the outs and potatoes are all dethroned as 21, N. C. District. This gentleman sings, and princess in favor of butter spoke for about two hours, he showed up the Greenback party in its true light. He told the colored people press ent that the Greenback party was started for the purpose of dividing them, so the Democrats would have an easy time in the future. He begged them to remain with the party that gave them their freedom. He appealed to them a a brother colored man who knew the blessings that the Republican party had bestowed on the down trodden negroes of the south. We have never heard a more carnest appeal in our life, and all those who heard him were convinced by his earnest language that they should for another year, -- The Revenue Str. continue members of the Republican party, the party of liberty and human

meeting give three rousing cheers for the Republican party, and for Mr. O'Hara, The procession then reformed and marched to the Oaks in the banner ward of the city. When Hon G. W. him. The revivalist was discovered to Price and ex-Senator W. H. Moore,

entire success. CRIMINAL COURT .- The we understand is going to be br up in the next Legislature whether the Criminal Court of this county shall be continued or not. The Mag'strates, or some of them, desire a county court held by the justice of excess of Chinese immigration over the number that returned to China was 8,000 to 10,000 in that period. The total Chinese population of California

very bitterest Democrats in this part of the state, so bitter in fact that he can hardly look a Republican in the face without swearing. There is no one who knows Judge Meares, but what knows him to be an honest man and a first class lawyer, and he gives the greatest criminals in the county a fare trial and if convicted he will punish

them severely as he should do them. Hon. O. P. Meares is a lawyer and as such he has a character to maintain. Now take Judge Meares away from the court and let the Magistrates I of the county have it and you have about 20 bitter Democra's who will flow their prejudices to control their judgement and no Republican would stand the slightest show of justices. They know no law and they would think their own prejudices equity. We hope the Legislature will

Dr. J. H. Wilson, of Ben Lemond, Ark., says: "I have been in the practice of medicine for 28 years; I contracted a severe and troublesome cough, which lasted for 18 years; for which I used many preparations, with no relief; at last I tried your Lung Balm which entirely cured me." Dr. H. Wilson.

POLICEMAN OF THE CITY. - We are not inclined to find fault but this is a time that patience ceases to be a vira sure: At the Republican jolification on Thursday night. The policemen did all they could to break it no. There was a crowd of very disorderly persons head of by Duncan Holmes, and Neal Davis who created all the disturbance and noise they possible could, and the Police did no, try to stop them. A lot of very mean men who have been kicked out of the Democratic party whose names are too unworthy to mention in these rollians, were also \$2,433 06 around for the purpose of disturbing the humble citizens in holding a Republis can meeting. Thomas M. Gardener a Greenbacker was present and who was the only Greenbacker, who tried to keep order. There were some po icemen down at the Oaks at the time the speaking was going on, and they were time and again called upon to keep the peace, and protect the Republicans in their rights, and yet they stood off most of the time, and seemed to enjoy the disturbance as a grand joke.

> CITY BRIEFS:-That was an intelligeut and interesting discussion of the causes of depressed business which Mr. Alex Sprunt read before the Historical Society. A man who can use his pen so well should use it more. -- Chas. M. Stedman, E. E. Burruss, Jno. S. Poats right, M. Cronly, M. M. Katz, and committee to investigate and reporwhat is best to do with the city debt, which amounts to \$566,350. -- Two courts, Superior, Judge Mc'Koy: and session for the last week, --- Two baby carriages colided on Princess st, one day, whereat the nurses went to nighting, much to the discomfiture of the babies .- Our new Board of County Commissioners, consisting of W. L. Smith, B. G. Worth, H. A. Bagg. A. J. Grady, and J. A. Montgomery, elected by the Magistrates forced upon this county by the Legislature, have assumed their duties, being good men enough, but elected by an unjust law--Worthless scamps who disturb pubs lic meetings are in danger of getting a taste of the law .- Rev.
