WILMINGTON POST

YELLOW FEVER IN MEMPHIS.

This terrible disease has again broken out in Memphis. Sixteen persons have taken it in the past week, and six deaths have already occurred. It is feared that the disease will also get up to St. Louis, in fact there is very great danger of the whole Mississippi valley having it, and it bids fair to be much worse than in 1878, when thousands upon thousands died with it. Now, the question is asked all around, "are our city fathers alive to the importance of the sanitary condition of this city. It is true that we have not had a case of yellow fever here in 18 years, and when it was here, it was brought on a blockade runner during the war, and there is not the slightest danger of the fever breaking out here if the authorities do their duty, and from our personal knowledge of the qualifications of the officers, we believe they will do their full duty. But should this terrible disease get here it will be their fault, because they have the law to protect the place, and the unequal support of every person in the city in performing their duty. They cannot be too strict, and should not take the slightest risk—not one chance out of 100,000. Therefore when they have the law and the support of the citizens they should perform their whole duty.

We understand that a young man by the name of J. B. Hurst, who has been recently appointed route agent on the W. & Charleston road belonged, during the last campaign, to a company of men whose business it was to bulldoze Republicans from voting. And it is charged by a reliable party that the company committed many outrages upon Republicans during the last campaign. He is openly, and brags on the fact, that he is a Democrat, and was appointed on Democratic influence, and says he has sufficient Democratic backing to keep his place. This reliable information we publish so that our people and the Republicans of the north can see and appreciate the many disadvantages that we labor under. And we call upon our friends at the north to come to our assistance. Our Republicans are whipped, shot down at the polls, property destroyed, run away from their families and friends, and then the very fellows who commit these heinous outrages are given offices under the United States government.—We call upon the President of the United States, who is a Republican, and on account of the fact that southern Republicans stood by, and voted for him, hundreds of them, were killed, and thousands whipped, to order the Postmaster General to stop appointing these guilty Democratic culprits to office. Many of whom, it is charged, should be serving out a term in the penitentiary for violations of law, instead of occupying important positions under the government.

The New North State has again lost its temper because Col. Thos. Powers has been removed and Capt. White, of the First District, has been appointed Collector of Internal Revenue. We believe Col. Powers made a good officer; we were in favor of his retention in the position; we are sorry that he was removed, but because the President uses the authority vested in him by the law and appoints some other good Republican, is not sufficient, in our opinion, to cause us to abuse him and every other man who had anything to do with the matter. We believe in square dealing, therefore we think some of the parties acted badly in working against Col. Powers, but the President and Secretary Sherman are not responsible for it. There is no fight in North Carolina on the carpet-bagger, as a class, if there was we should stand by them, but the State uses other language that we shall take notice of in our next in a friendly way.

Lord Terrell, the Democratic Superintendent of the Fourth District of the Railway Mail Service, has not paid his subjects in this State a visit lately. We suppose when he appoints another Democrat to the route agency position he will do us the honor to call by a day or so. We hope he is enjoying good health, for many, very many, of the poor suffering Republicans would shed many tears over his death. Of course no railroad train will run over such a man, therefore we will have him to stand until Mr. Sherman is made President, when we may expect that Republicans will be appointed to fill such places. Lord Terrell and Thompson have the contract for running the machine in the south to manufacture Democratic campaign grease.

Mr. Superintendent Thompson, the man who has charge of the Railway Mail Service, we understand has appointed, or promised to appoint, another Democrat to office.

CORRUPTION IN DEMOCRATIC OFFICIALS.

The telegrams inform us that Comptroller General Goldsmith, of the Democratic State of Georgia, is about to be impeached for corruption in office. But what of that, the Democratic Governor, Colquitt, of the same State, was charged by Democratic Senator Hill of bribe taking, and he was acquitted or whitewashed.

Secretary Sherman has gone to Maine on a brief visit. He is booked for a financial speech at Portland, Maine, and then will visit Senator Blaine at Augusta, and Senator Hamlin at Bangor. He is expected to speak at both places.

Hon. W. E. Chandler, the very ablest campaigner in the country and Secretary of the Congressional Republican Committee, says that President Grant will not be a candidate for the nomination next year, in fact, private advice from the General, lately received, state that he does not want the nomination and will not have it. He is very much dissatisfied at the conduct of his friends in pressing his name, and it is expected he will write an open letter soon declining the nomination in pointed language.

Our advice to the New North State is to be more discreet in its language, and not make use of words that will be unpleasant to retract in case of its views not being endorsed by the National Convention. There is not a man spoken of for President by the Republicans who could not easily be elected, but we prefer Mr. Sherman, therefore support him, should our views not be endorsed, we shall take pleasure in working for the nominee. There is no use in losing your temper, brother. Keep cool, don't allow the hot weather to affect your brain, or you may change several times before the nomination is made.

DEMOCRATIC MAIL AGENTS.

There are six of the Route Agents that go from this city who are Democrats, and one Greenbacker, who says if there is no Greenback candidate in the field he will vote the Democratic ticket. The Democratic papers of the State seem to think if we are dissatisfied with what few Democratic agents that have been appointed we will have considerable more of it to stand, as some of them intimate that it is the intention of the department to appoint a great many more of the same political faith. We suppose they know, as the department is being run in the interest of that party, or at least, it is in the south. Of course we shall have it to stand as long as Democrats are running the Postoffice Department.

Some months ago Supt. Terrell discharged J. O. H. WHITEMAN, a colored Republican, who was a route agent on the Wilmington & Columbia road. He wrote Whiteman that there were no charges against him, but that he was dismissed on account of the appropriation for his division of the Postoffice Department falling short. He, Whiteman, was told that just as soon as the appropriation was made he should be reinstated. Well, the appropriation was made, but instead of this very worthy colored man, who has been in the Postoffice Department for the past ten years, and who is thoroughly acquainted with the business, being re-appointed, as he had been promised, the Department has since appointed three Democrats and one Greenbacker, who are not as well qualified as Mr. Whiteman. For it is well known that Whiteman is thoroughly honest, well educated, a man who is well known for his sobriety and industry, but he is an outspoken, uncompromising Republican. The character of some of the men who have been appointed in his place is known to be exceedingly bad, besides their disloyalty to the Republican party. It looks as if some one has been guilty of lying—Lord Terrell, we expect.

We copy the following from the Statesville American with our hearty approval. In fact Brother Drake has a way of always saying the right thing at the proper time:

"The name of John Sherman mentioned with a Presidential nomination is quite awe-inspiring to certain professed Republicans, as likewise to many Democratic politicians. Perhaps the two will unite in a coalition against Mr. Sherman."

Mr. Superintendent Thompson, the man who has charge of the Railway Mail Service, we understand has appointed, or promised to appoint, another Democrat to office.

WE PUBLISH BELOW A COMMUNICATION

signed "Emigrant," concerning taxes &c. We are informed that Col. W. L. Smith, Chairman of the Board of County Commissioners, says that there is no doubt but that many of the retail merchants have made statements of their purchases which are entirely too small, and he intends to have them up before the County Commissioners and examine into the matter. Why our retail merchants are picked out particularly by Chairman Smith, we cannot say. It is true that ninety-nine one hundredths of them are foreigners, but they pay more taxes than any other class of our citizens, and from our personal experience and intercourse with them for many years, we can say that no state of city ever had a better class of citizens than the foreigners of this city make. We understand that the order sent out to the retail dealers of this city, signed by Jos. E. Sampson, Register, was sent by the order of Col. W. L. Smith. Now, this is a very polite way of telling our merchants that they have committed perjury; therefore they must admit the charges and come and amend their original tax list. Our advice to them is, if they have had they should say so, and do the honest thing by the county, but we do not believe that they have been guilty of such a gross violation of law. Therefore we believe the insult to them, offered in the letter referred to, was entirely wanton.

COMMUNICATION

From reliable information about 75 copies of the within notices were handed to as many foreigners, citizens, all reading as follows:

REGISTER'S OFFICE, WILMINGTON, N. C., July 17, 1879.

Sir—Upon examination of purchases made by you as compared with the lists of other persons engaged in the same business, it appears to me that you have misunderstood the law, and not listed purchases for six months, as required. I wish you to examine your books carefully and report to my office and amend the same, and thereby prevent the necessity of my referring the matter to the Board of County Commissioners. Respectfully,
J. E. SAMPSON, Register.

Upon inquiry at the proper office, I was informed that the said Register had received, and retained a copy of the foregoing from the Chairman of the County Commissioners, of New Hanover county. He was politely requested to retain the original for future reference, at the same time remarking, that his letters should have been signed as per order, and as in vindication of himself, so that the parties addressed should know and understand from where they came. I am not aware of a meeting of the Commissioners having been held and such orders issued. It may be right, however, and in accordance with law, and the gentlemen only acting in strict conformity with the law, most enacted by our last and most honorable legislature, therefore, the notices that the parties interested did not understand the law, or misconstrued it, may be they do not, as they are all, without exception, ignorant foreigners. But let me ask a few questions: The law was ratified on the 14th day of March, 1879. But taxes are asked for nearly three months previous and also in excess of the privilege, as previously paid. Then again, as there seems to be no difference, whether purchases made in or out of the State, does the law imply that a tax on liquors, should be paid by the purchaser also on the tax, that government and State has received on the liquor, in other words, together with the profits, freight, etc., as only and the original cost of the liquors? Right or wrong the laws made by the dominant party will have to be obeyed and for the present there may be no redress, but by the fact, that none but foreigners should be prosecuted, it smells rather of a party that was supposed to be extinct.

EMIGRANT.

EDITOR POST:—Will you please allow me space in your columns to ask of the Chairman of the Board of County Commissioners a few questions, viz:

By what right or authority of law does he order the Register of Deeds of this county to summon business men to call at the office of said Register to amend returns of purchases made by them after the same had been sworn to?

Why were these notices served only upon foreigners with one exception? or does the Chairman of said Board, or the Board itself, believe that they are the only business men in the city who make mistakes, or as was intimated in the notices served, swear falsely? How long since has so much wisdom been bestowed upon him that he knows the amount of purchases made by merchants better than they themselves? Why make the Register of Deeds shoulder the responsibility of sending these long missives, when it was done by a Democratic Board of Commissioners or their Chairman. Let these be answered.

W. P. CANADAY,
Wilmington, N. C.

"National supremacy in national affairs, honest money and an honest dollar" is a platform of gold and marble upheld by the giant shoulders of truth, justice and freedom, and worthy of the great man that conceived and built it.

The splendid ability and heroic republicanism of John Sherman are fully appreciated by the Republicans of western North Carolina, and with the exception of a few officials, there is no influential opposition to his nomination for the Presidency.

Very respectfully,

FRUSTRATED.—An attempt was made on Friday night to burglarize the residence of Mr. A. D. Lippitt, on the corner of Fourth and Chestnut streets. The thief was detected in trying to open the window and made good time getting off when he saw Mr. L. coming at him.

BODY RECOVERED.—The body of the young Swede who was drowned on the Norwegian brig Diana on Friday was recovered about two hours and a half after the accident,—all known means of resuscitation were applied but without result. The unfortunate young man was buried in Bellevue cemetery yesterday.

Thanks to Messrs. Jas. Daniels, Jas. M. Howard and Geo. W. Carr for an invitation to be present at the Third Annual Convention of the North Carolina Amateur Press Association, to be held at Goldsboro, N. C., the 21st inst. If our time would permit, we should certainly accept the invitation; we hope the young editors will have a very pleasant time.

HORRIBLE TRAGEDY.—James Heaton, late Clerk of the Superior Court for New Hanover county, shot and killed Mary Radcliffe on the corner of Second and Market streets on Saturday night last. He afterwards shot himself through the head and died in a few minutes thereafter. This horrible tragedy happened about 11 o'clock at night after we had gone to press.

DROWNED.—On Friday afternoon, about 4.30 o'clock, a seaman belonging on the Norwegian brig Diana, now leading on the western side of the river, fell between the brig and the wharf and was drowned. The man, whose name was John—, was a Swede and was quite young. We could not ascertain exactly the cause of the accident or the unfortunate man's full name or residence.

K. S. B. INSTALLATION.—At a regular meeting of Manhattan Lodge No. 158, K. S. B., P. P. I. Bear, assisted by P. P. S. Hanstein, installed the following officers:

A C—E Scharif,
I G—P Newman,
O G—N Jacobi.

SHOT AT.—Friday morning one of the thieves who was run from the residence of Mr. A. V. Sykes on Seventh between Market and Dock streets, took shelter in the house of Mr. J. Baker on Dock between 7th and 8th streets, but was run from his roost by Mr. B. The man then ran into the next yard and was run from there and as he scaled the fence Mr. Baker fired at him. It is not known whether the shot took effect but the man was either hurt or badly frightened as he hallooded, "my Lord don't kill me."

It is a great pity that the scoundrel was not caught and made to answer for the charge of burglary of which he was guilty.

VISITORS FROM SHOE HEEL.

A party of lady and gentlemen excursionists from up the road arrived in this city on the Carolina Central train Wednesday morning last. They passed the day and night in the city, and Thursday morning went to Smithville on the Passport. The party was composed of prominent citizens of Robeson county, and we hope their trip may prove both profitable and pleasant. They returned to their homes on Friday night last.

HOMICIDE AT DUDLEY.—We learn from passengers arriving in the city on the W. & W. Railroad that a quarrel took place near Dudley in Wayne county, last Tuesday night, which resulted in the killing of David Lanier, white, by David Faison, colored. It seems that Faison was a tenant on Lanier's land, and that a dispute arose at the house of the former relative to the cotton crop, when Faison seized an axe and struck Lanier two blows upon the head, from the effects of which he died. Faison escaped, but armed men were in pursuit of him yesterday, and he will undoubtedly soon be captured.

NARROW ESCAPE FROM DROWNING.—A young lad by the name of C. M. Applewhite, had a narrow escape from drowning late Wednesday afternoon, while bathing in the river near the W. & W. R. R., depot. It seems that the little fellow, who has not yet learned the art of swimming, ventured too far and got beyond his depth, when the alarm was given by some of his companions and Master Johnnie Hartsfield another young lad of about 16 or 17 years of age, went to the rescue and succeeded in saving his companion from a watery grave.

THE ALARM OF FIRE.—There was an alarm of fire on Wednesday morning at half past eleven o'clock, on the corner of Fourth and Harnett streets, which was found to proceed from a room over the store of Mr. Keegan in the above named locality, occupied by a family by the name of Merritt, Officer Biddle who was in the neighborhood at the time and hurried to the spot, we are informed that it is thought the broom with which the hearth had recently been swept must have caught fire while the ashes were being swept up, and then thrown carelessly down near the bed while it was still on fire when it blazed up and caught some of the bed covering and pillows which we are told, is about the only damage done, as the flames were soon extinguished by several well directed buckets full of water being thrown upon them, which in this instance we understand was done entirely by the female portion of the neighborhood.

CITY COURT.—His Honor has had very few cases to adjudicate during the week just closed:

Victoria Collins was sentenced to serve 10 days in the city prison or pay a fine of \$5 for being drunk and disorderly.

Peter J. Holmes was caught in the act of injuring a shade tree and was fined \$2, in default of the payment of the fine he was sent below to board two days with the janitor.

Frank Baker was acting in a very disorderly manner in the Hollow and was fined \$2. In default of the required amount he was also sent below for two days.

A young white man from the country had an occasion to punish a boy for his insolence and did so. He was arrested upon a warrant sworn out by the boy, he submitted the case and paid the fine imposed by his Honor.

Maria Covington who was assaulted by Sam Pickett was before his Honor Thursday but refused to prosecute her assailant; she was recognized for her appearance on yesterday.

SPECIAL SESSION OF THE BOARD OF ALDERMEN.—The Board of Aldermen met in accordance with the motion for adjournment at the last regular session, at 4 o'clock Monday afternoon. Present, Mayor Fishblade and Aldermen Myers, Flanner, Bowden, Vollers, Von-Glahn, Foster, King, Lowery and Hill. The reading of the minutes was dispensed with.

Col. D. K. McRae stated that he had been employed by the Bell Telephone Company to represent their case before the Board of Aldermen, but for various reasons he was not prepared to argue their case, and, in justice, thought the matter should be deferred until he could have important parties present.

Maj. Stedman, counsel for the Wilmington Telephone Exchange, could see no reason why the matter should be put off, and argued that it should be disposed of at this meeting.

Alderman Lowrey moved that the matter be postponed until Mr. Orme, Col. McRae's client, arrives, and until called together by the Mayor.

Alderman Flanner moved to lay Alderman Lowrey's motion on the table.

The Mayor explained his reasons for

the letter he had written to Gen. Taylor

and published by him, and was clearly of the opinion that he was justified in doing so.

Alderman King moved that the whole matter be referred back to the Special Committee, to report to the Board of Aldermen at the next regular meeting.

Alderman Flanner moved that the whole matter be referred back to the Special Committee, to report to the Board of Aldermen at a meeting to be held on Thursday, July 24th, which motion was agreed to.

A petition from the Wilmington Hook & Ladder Company, for aid to buy a horse to replace the one that died on Saturday last, was presented, whereupon, on motion, \$100 was appropriated to help the Company purchase another horse.

The Board then adjourned to Thursday, the 24th inst.

As he slips the slides, and every time he slides he slips most nobly. We have our "kind friends" to find out the meaning of the above, and while they are doing so we will ask the following questions:

Haven't we the ugliest and dirtiest store in the State?

Haven't we the poorest stock of goods in Wilmington?

Haven't we made prices much higher than we commenced?

Haven't we been very unaccommodating and impolite to you?

Haven't we charged you for all the goods delivered?

Haven't we made a great many mistakes and refused to correct them when our attention was called thereto?

All of our friends who answer "yes" to the above questions will please not buy from us any more. Respectfully and truly,

In glancing over last Sunday's paper we regretted to notice the fact acknowledged from some of our brother grocers that we had taken away part of their trade, and making an appeal to the others not to leave us. We regret this exceedingly, especially as they were so kind and considerate about our coming to grief, but suppose, as we have determined to do the
