EMBASSADOR OF LORD TER. RELL.

On Monday last a fit Embassador o his Lordship Hor. Mr. Terrell made his appearance in this city. This distinguished personage stands about 5:10 in his boots, weighs about 150 pounds, but one would suppose the way he lorded it around the streets and particua larly at the Postoffice that he weighed about 500 pounds and was about 16 feet bigh. Our readers will have to see him to appreciate the picture. He is a small tallow-faced, hollow-eyed, insignificant. contemptible, pucilanimous sneak, too

Hard money. The same money for the poor and the rich, is honest John Sherman's doctrine.

Do we belong to a Republican party that stands on the great principle of equal civil and political rights to all men, re. gardless of color? If so, we should carry it out to the very letter. John Sherman

stands on that platform. FOR GOVERNOR. The many friends, in North Carolina,

of Judge Almond A. McKoy will press his name before the next Democratic State Convention as a suitable cardidate for Governor. The Judge is exceedingly popular, being born politician, he makes friends wherever he goes without seeming effort on his part.

No man in that party would ges as many votes as Judge McKoy were he the standard bearer of the Democrats.

When honest John Sherman was battling for the freedom of the colored people in the north, as far back as 1850

many of his enemies and the latter day saints were in favor of slavery. He has educated them up to abolitionism and they will also live to see him President, when he will show the people that he has the backbone to protect the negro of the south in his ballot as well as in his property.

MI. Sherman's Portland Speech.

WE DON'T ENDORSE IT. Read' what the North Carolinaian, our Republican cotemperary 'at Elizabeth City, says:

We do not endorse the position taken by the Greensboro North State on the Presidential question. To our mind
