PENDER COUNTY MURDER AGAIN.

We had an article last week criticisng the Commissioners of Pender county, and the Governor, for not offering a reward for the arrest of Walker, the nurderer of Bell. Mr. Shaw the Chair man of the Board of Commissioners, informs us that it is the duty of the Sheriff to notify the Governor and request a reward to be offered, and not that of the Commissioners of Pender: why Sheriff Patterson has not looked after this matter we know not .-There is one thing we do know, the blood of Bell, the murdered man, cries from the earth for the arrest and punishment of his murderer, and Sberiff Patterson should either do his duty or resign. If he has not the courage to do his duty he should get out of the way and let some one clse do it. If he has the courage and refuses to perform it. then he should be compelled by the strong arm of the law. Or is it, Sheriff, because Bell was a negro and the murderer a white man? The many friends of Judge Buxton all over the state, are looking to him as the next Republican candidate. They claim that Judge Buxton can carry the state by a larger majority than any other man in the state. In 1872 he was the Republican candidate for Superior Court Judge in a Democratic district of 2,000 majority, notwithstanding that fact Judge Buxton was elected by nearly 1,300 majority. If Judge Buxton should gain at the same rates, all over North Carolina, should he be the Republican candidate | and will occupy his pulpit to day. for Governor, he would be elected by 28,000 majority. There is no discount on Judge Buxton's pepularity. He is one of those men who has been in publie life for many years, whose character is perfectly pure and unspotted. And the Democratic editors and other throwers of filth cannot say aught against him, except that he is a Republican. Should Judge Buxton consent to be come the Republican candidate it will be equal to an election, for he will very sure to carry the state.
