Facts and Comments.
Elbridge Smith states that the "American Institute of Instruction" was really originated in the lyceum at Millburg, Mass., in 1825, Daniel Webster, presiding, and Edward Everett taking part.
The report that Blaine and Don Cameron have fallen out does not seem to be true. A private letter from White Sulphur Springs states that both parties and their families take horseback rides together daily.
Secretary Sherman and party were at the Ocean Grove on Monday.
Hon. Joseph R. Chandler of Philadelphia, formerly editor of the United States Gazette, died at the age of 82.
Baring Brothers have transmitted \$10,000,000 for the American Board of Foreign Missions to Missionaries of that Board in the last half century.
Hon. Thos. C. Platt has been elected permanent chairman of the N. Y. Republican State Committee, and Henry H. Huse of the New Hampshire Committee.

That splendid old tenor Brignoli, who sang with Adelina Patti, and Nilsson in their debuts, and appeared with Piccolomini when that charming little songstress at the age of 18 came out in Lucia Borgia, is now studying hard at the English opera, unknown in his early days, and declares with his Italian fervor that he will astonish everybody with his English.
When the war broke out there were some officers of the regular army who were not clear on which side they ought to fight. It seems that Hancock became equally as much confused when he thought it possible that Tilden might take the oath as President. He was holding a commission as the third officer in rank in the army, and he contemplated, as the evidence is, taking orders from Tilden if he had himself sworn in. He was sufficiently fishy to satisfy the southern Bourbons.
Gov. Hartranft has been qualified and entered upon his duties as Collector of Customs of Philadelphia.
Attorney General Devens decides that he will not appoint Deputy Marshals in the south except in special cases when requested.
Ex-Governor John Campbell of Wyoming is dead. He was chief of staff for Gen. Schofield during the war, and lately was Third Assistant Secretary of State.
The Republicans of Indiana are jubilant and the Democrats carry sorry faces over the tail end of the Hancock ticket—the stingy English.
LATEST.
The National Republican: Ex-Senator Fenton of New York is a sagacious politician, a shrewd observer and a man of conservative judgment. He is said to have expressed confidence that the Republicans can carry New York this fall, and expresses the belief that the fact will become apparent before the canvass is half over. While he expresses the purpose of taking an active part in the campaign, he thus early declines to make the canvass for United States Senator, for the reason that his private interests forbid it.
The Hancock people are entirely occupying themselves with intemperance, cock-on-the-loop, cock-and-bull, and cock-a-doodle-um. They evidently believe that excessive boasting and bragging will deceive the people and elect Hancock.
The Hon. Thos. C. Platt has been elected chairman of the New York State Republican Committee, in place of Gen. Arthur, resigned. The news from different sections of New York is cheering.
The Hon. Albert G. Porter, the candidate for Governor was received at Indianapolis on Wednesday. The Garfield Guards received him at the station and escorted him to the Grand Hotel, where he was welcomed by Gen. Harrison. The display in the streets was very imposing. In the course of his remarks Mr. Porter observed that a bill had already been introduced in Congress to enlarge the Supreme Court to 21, and if the country elects Hancock a court will be selected which will declare the amendments to the constitution, the 13th, 14th and 15, null and void. The new members will all be from the south.
It is recorded that a man called in the narrative "A Mr. O." in a book written by the Rev. Dr. Garrettson of Baltimore, Md., a well known scholar lived forty days 90 years ago without taking anything but water and small beer.
The running comments of the North State on the late State Republican Convention are in very bad taste. A person who is so narrow and mean minded that he can't think of anything but his personal spite, after a convention like that at Raleigh, is entirely forgetful of his own self respect and unworthy of his respect as a Republican. But we are not inclined to be as severe as the occasion may require, for there is yet hope for reform, and if it were not a recognized fact that the "rilest sinner may return" it is true that a man of sense and capacity is not likely to become hopelessly deluded and given over to peevishness.

EDITOR POST:
A Garfield and Arthur flag now floats from the masthead of a beautiful pole erected here to-day. The crowd was large, and the enthusiasm great.

RECEPTION OF BUXTON AT FAYETTEVILLE.

On July 16th a very large and enthusiastic meeting was held by the Republicans of Cumberland, and adjoining counties to ratify the nominations of GARFIELD and ARTHUR for President, and JUDGE BUXTON for the Republican State ticket.
The Howard Brass Band furnished the music, and by 9 P. M. the old Market Hall was crammed and jammed full. Cannon were fired and both Republicans and Democrats were jubilant at the honor done their distinguished citizen.
After forming they marched up Hay street to the residence of Judge Buxton on Haymount. The Judge responded in a very appropriate speech though not a long one, which was received with great enthusiasm. After calling on Mr. Lutterloh and the Rev. H. C. Davis for speeches, the assembled crowd marched back to the Market where rousing cheers were given for Garfield and Arthur, Buxton, Barringer, Norman and the whole ticket. Cumberland will be carried Republican on the 2nd of November by about 300 majority.
We are under obligations to Mr. A. G. Thornton, the Chairman of the Republican Committee of Cumberland, for the dispatch giving the above information.

During a severe storm, on Sunday night last, five hogs belonging to a colored woman named Amy Moore, living near Brinkley's station, Columbus county, were killed by a stroke of lightning. THE REPUBLICAN PLATFORM.
ADOPTED AT RALEIGH JULY 7th.
The Hon. R. C. Badger, chairman of the Committee on Platform and Resolutions, reported from that committee the following:
The Republicans of North Carolina, in Convention assembled, renew the pledges made in all their former platforms. And they declare as follows:
1. That they cordially approve the nominations, recently made at Chicago, of James A. Garfield for President, and Chester A. Arthur for Vice-President; and that they will most cheerfully and actively devote themselves to their election, as indispensable to the preservation of the Republican party, and of the Republic, in its integrity. And that they fully endorse the principles set forth in the platform, adopted by the Republican convention, which convened in the city of Chicago, on the 2nd day of June 1880.
2. That they have seen, with great apprehension and alarm, the rapid consolidation and engrossment of our railroad systems, by and under the control and ownership of foreign monopolists—that such consolidation of capital gives power to the monopolists to oppress the labor of the country by unreasonable and unjust local tariffs and fares, and gives to them the power to control the legislative branch of government, in the passage of laws in their interest, and ruinous to those of the people; and that they have seen with regret, that these monopolists are making an insidious invasion among the leaders of the Democratic party, which culminated on the 17th day of June, in the engulging and swallowing up of the whole Democratic State Convention; and that while they have no desire or intention to make an unjust war upon these monopolies, they do demand that the Legislature shall pass laws to govern and control them, so that they shall not be permitted to discriminate against our own people, and place a reasonable limit on local tariffs and fares.
3. That they view with anxiety the condition of the Western North Carolina Railroad, which, through the hot haste and ill considered contracts of the Democratic state administration, is surrounded by legal troubles which afford no relief from taxation, and threaten to delay for a long time, if not altogether defeat, the completion of the work so necessary for the welfare and development of the state, and especially the western counties.
4. That the Republican party has always been the friend of education, and now again renews its pledge to the people of North Carolina to continue its efforts with increased vigor, until there shall be a complete and perfect system of public instruction.
5. That they recognize the mechanic and laborer as the bone and sinew of the land, and pledge themselves to protect their rights and promote their political, educational, and material interests.
6. That the recent constitutional amendments were passed by a convention which was not composed of a majority of elected delegates, and the control of which was stolen from the Republican majority, by an infamous and admitted fraud on the voters of Robeson county. This convention, on the part of the Democrats, monopolizes the fact that their party will scruple at no violation of law in the interest of party supremacy; and that the Democratic party is not the friend of representative government or of the people.
7. That the present system of county government in North Carolina is utterly subversive of the rights of the citizens; is the grossest political robbery ever practiced in this, or any civilized country; is the most damnable fraud ever devised or sanctioned by any political party, and calls for the unqualified condemnation of all who have the name of freemen, without regard to party affiliation. We claim the right of the people to elect every officer in the state, from the Chief Executive down to the humblest official, and demand that this right shall not be denied nor abridged; that an honest count shall follow a free ballot, and the majority shall determine who shall enact and administer its laws.
8. They denounce the Democratic party as an oligarchy, controlled by railroad corporations and aristocratic influences; and if not arrested in its course, it will overthrow the most cherished rights of the people. The tendency to the concentration of dangerous powers, for private and corrupt ends, in the hands of a few, has recently manifested itself in a vital part of our State government, and in a way to excite the greatest apprehension. The Superintendent of Public Instruction, now endorsed by his party nomination, and without regard to the popular wish, has demanded to have vested in his hand, that is in the hands of a central board of which he should be the life, the absolute right of dictating what text books our children shall use, whereby he can mould the opinions of the rising generation; can strangle, for the benefit of personal or sectional favorites, all competition in local literature, and open up for his office, so intimately connected with the popular life and purity, a faithful and profitable source of corrupt jobbery. That they denounce the laws known as the landlord and tenant acts, as devised for the benefit of a few, to oppress the humble and defenceless citizen. That they denounce the present road laws of the state, as oppressive to the laborer, and demand their amendment, so that burdens of building and repairing them shall be borne more equally by all classes of the people.
The report was adopted.

The Wilmington Mutual Insurance Company settled up their semi-annual tax Friday, with the Secretary of State. This is the first company to settle.
Our drug stores are now supplied with "Malt Bitters," the new Food Medicine which has done so much good and comes to us so highly recommended. Try it. It may save you a heavy doctor's bill.
