### Latest.

There was a debate the other day in the Senate, induced by some remarkable statements of Senator Vance, and replied to, first, by Senator Kellogg of Louisiana, and afterwards by Senator Rollins of New Hampshire. We thank both these Senators for punctuating the airiness of Vance. We shall publish both Kellogg's and Rollins's speeches in full next week, and give such citations from the local history of the state of North Carolina as may give additional light to a now smoky subject.  
The late brilliant General Assembly of North Carolina, on the 12th of March, 1881, passed an act, which required Judge Bennett to hold Court at Asheville and Marshall in Madison county, at one and the same time. The act also required the Judge to lounge about two weeks waiting for Henderson Court. If Governor Jarvis had not come to the rescue with a term of Oyer and Terminer they would have had no Court in Madison.  
And this is also refreshing. What Senator Vance calls the fraudulent carpet baggers, limited by the Constitution of the state the taxation to 666 cents on a hundred dollars. This assembly of Solons that recently met have put the scale of tax up to 11 cents on the one hundred dollars, which leaves for all other contingencies only 251 cents.  
A bulletin issued on the 8th of April says: A bulletin issued at 11 o'clock this morning says: Lord Beaconsfield passed a good night and had refreshing sleep. He has taken his nourishment with the symptoms caused by the infectious relapse are passing away. The condition of the patient is more hopeful than it was yesterday.  
The Duke of Argyll, Lord of the Privy Seal, and one of the most enlightened, greatest and liberal of the English peerage, has broken from Gladstone with whom, as he said in the House of Lords, that he "regretted to have parted from my friends, especially from Mr. Gladstone, with whom I have had a connection of ever increasing respect during twenty-nine years." Mr. Gladstone had defended his Irish land bill in a speech of two hours and twenty minutes, of unabated vigor, remarkable for his well known powers of lucid explanation of detail. The Duke declared himself in favor of the increase of ownership of land in Ireland, and that this scheme of Mr. Gladstone's will tend to paralyze the ownership of land by restrictions known to no civilized country.  
The trial of the assassins of the late CAR is going on without result.

### SENATOR VANCE STRAPPED.

The speech of Senator Vance denying repudiation, catches it on all sides, and well it might. He charged that the state debt was created by the carpet baggers, when he knew that there were but eight "carpet-baggers" in the state Senate, and nine in the House.  
He knew, too, that \$16,256,000 bonds were instigated by Democrats, and went into their hands. These were the names of the Democrats, and they are the persons who received these bonds:  
R. H. Cowan, \$2,000,000  
W. J. Hawkins, 3,200,000  
G. W. Swenson, 6,666,000  
Wm. Johnson, 2,000,000  
E. Peto, 1,410,000  
P. Mallett, 500,000  
J. R. Stubbs, 480,000  
Total, \$16,256,000  
We will have another shot next week.

### Washington's Field Out.

At the last meeting of the American Numismatic and Archaeological Society the following autograph memorandum of Washington, written one hundred years ago, was exhibited. It belongs to Professor Charles E. Anthony, of this city, and is curious as bearing the General's signature in two forms, while it illustrates his private habits, his minute carelessness and his orthography. It has not appeared in print, and the transcript is literal:  
Colonel Laurens will be so good as to bring the following things for Genl Washington  
A traveling razor case with everything complete—To be strong—portable & commodious—Leather perhaps would be best.  
A best pocket reconnoiterer—or Telescope.  
A very small case of Pocket instruments, containing a scale, dividers, &c.  
A good Saddle, bridle & furniture (excluding Pistols) fit for a republican General.  
2 doz'n dishes sized 4 doz'n soup—& 8 doz'n Snailers  
A watch string  
20th Jan'y, 1781.  
of Tin or something very light for the Field.  
GO. WASHINGTON.

## STATE NEWS.

The Asheville News fills six of its columns with the report of a murder trial, and the jury only returned manslaughter.  
Says the Edenton Clarion: "We are soon to have a railroad. The Suffolk & Albemarle Sound R. R. Company, assigns its Charter to the Nansemond County Narrow Gauge R. R. Company.  
Judge Scherck has tendered his resignation to take effect to-morrow.—Gov. Jarvis has appointed Judge Shipps to serve the unexpired term. Judge Shipps enters upon his duties at Northampton court on Monday morning.  
The Spartanburg and Asheville Railroad was sold on Monday last to the bondholders. The new company with R. Y. McAllen as President, took possession and resumed control of the property. The road will be pushed through to Asheville as soon as possible.  
The Winston Republican: Hon. Samuel F. Phillips, appointed Solicitor General by General Grant, and continued in the same position by Mr. Hayes, has been tendered the Judgeship of the Court of Claims by President Garfield. Mr. Phillips declines the appointment. We desire to nominate another son of North Carolina and a stalwart Republican for the position; we refer to Judge R. P. Buxton.

### JUDGE BUXTON.

We publish the communication below, and we desire to state that we endorse every word of it; there could not be an appointment made which would give such unanimous satisfaction to North Carolinians as the one recommended.  
SMITHFIELD, N. C., April 6, 1881.  
TO THE EDITOR POST:  
It seems to us there is an important duty devolving on the Republican party, which seems to be somewhat overlooked, or, at least, but little said about: that is the promotion of Judge Buxton. He is a good man—no better in the state, and reflects credit on the party. And after the sacrifices made by him in the last campaign in this state, we think he is entitled to some good appointment at the hands of the Republican party. The Hon. S. F. Phillips having declined the appointment tendered him as Judge of the Court of Claims, we would be pleased to see the same tendered to Judge Buxton. He should have some good position by all means. We therefore hope you will urge his claims through your paper and personally. The party will be benefited in duty unless an appointment is tendered him.

### WASHINGTON, D. C.,

March 26th, 1881.  
To the Editor of the Wilmington Post, Wilmington, N. C.:  
DEAR SIR: At a meeting of prominent colored Republicans from North Carolina, held at the residence of Mr. W. F. White, 415 11th st., N. W., Wednesday evening, March 10th, resolutions were adopted expressing the grateful confidence of the colored Republicans of the state in the Hon. W. P. Canaday, and in behalf of the colored people extending thanks to him for the interest he has ever manifested in our elevation as a people, and pledging him our support. I have been directed by the chairman, and others of this meeting, to request you to publish said resolutions, &c., in your most excellent paper.  
I am ever yours, truly,  
F. N. TURNER.

### WHEREAS, It is customary for a grateful people on occasions similar to this, to give expression to their sentiments and the cause thereof:

AND WHEREAS, Hon. WILLIAM P. CANADAY, of North Carolina, has ever proven a true, tried and fearless friend of the colored people of our state, being always, and at all times, a bold defender of their rights as citizens; always recognizing the equity in a just distribution of patronage among meritorious members of the Republican party without distinction as to color. Therefore,  
Resolved, By this body of gentlemen, from the "Old North State," expressive of the sentiments of ourselves and those we represent, that Hon. WILLIAM P. CANADAY is entitled to, and does enjoy, the grateful confidence of the Republicans of our state; and in behalf of our people we hereby extend to him our thanks for the interest he has manifested in our elevation, and we hereby pledge him our hearty support in every effort he may make to enforce a just recognition of our manhood and our rights as citizens.  
W. K. PRICE, Chm'n.  
F. N. TURNER, Sec'y.

### Dean Stanley relates in a sermon, recently preached in Westminster Abbey, that at a time when public affairs were causing much anxiety, he asked Thomas Carlyle what he thought a person in his position should do.—"Whatever they hand smeth to do, do it with thy might," was the laconic reply the dean received.

## Library of Congress

The Register of Deeds issued only one marriage license during the week, and that to a colored couple.  
FIRE.—The fire alarm about noon on Tuesday last, was caused by the burning of a roof of a house on Seventh, between Church and Castle streets, owned and occupied by David Williams. The fire was soon extinguished with but little damage to the house. Williams's damage is covered by insurance.  
MEETING OF HOOK AND LADDER CO. No. 1.—At a meeting of the Hook and Ladder Company held at their Hall Monday night, the officers of the company tendered their resignations which were accepted, and an election immediately held, which resulted as follows:  
Foreman—Roger Moore.  
1st Assistant—R. H. Grant.  
2d Assistant—Albert Gore.  
NARROW ESCAPE.—Messrs. H. C. Smith and W. B. Smith, of Columbus county, made a narrow escape from death on Friday. They were stopping at the Purcell House, and, on going to bed Thursday night, blew out the gas. They were discovered Friday afternoon about 4 o'clock—just in nick of time. Respiration with them was very weak, and they were unconscious. Restoratives were administered, and they are now all right again.  
COMMITTEE OF FIREMEN.—A committee representing the different fire companies met Friday morning in Kasprick's Reading Room for the purpose of drafting resolutions and drawing up a petition to be presented to the Board of Aldermen and Board of Audit & Finance, asking for the removal of the fire-alarm bell to the City Hall, assigning as their reason that at present the bell cannot be heard throughout the city.  
WILMINGTON MUTUAL INSURANCE COMPANY.—At the annual meeting of the policy holders of this Company, all the officers of the Company were re-elected, as follows:  
President—W. A. French.  
Vice-President—J. K. Brown.  
Secretary and Treasurer—Samuel N. Cannon.  
Directors—Wm. Larkins, J. H. Freeman, B. E. Heide, H. VonGlahn, R. J. Jones, R. S. Gadhiffe, B. E. Calder, W. P. Oldham, H. M. Bowden, J. H. Chadbourne.  
FOR THE BENEFIT OF THE SISTERS OF MERCY.—The good Sisters of Mercy and the ladies of the congregation of St. Thomas' Church are getting ready for a grand bazaar to be given for the benefit of the poor and destitute female children, on Monday, Tuesday and Wednesday of Easter week. Large contributions, we hear, have been received from cities north and south of us. The undertaking deserves to be well patronized.  
TIMBER MARKET.—The market has been well supplied with timber during the past week. There was a steady sale, but no active demand for it. We quote as follows, the market closing steady:  
Common Mill, \$5.00 to \$6.00.  
Fair Mill, \$ 6.50 to \$8.00.  
Prime Mill, \$ 8.50 to \$10.00.  
Extra Mill, \$10.50 to \$12.00.  
Extra Ship, \$13.00 to \$15.00.  
There is very little unsold timber on the market, but mills are pretty well supplied. The tendency in prices seems to be upward, but there is no pronounced action in that direction.  
The Criminal Court has been in session during the past week. Many of the continued cases were gotten off the docket. The following gentlemen compose the grand jury: Chas. H. King, Foreman; W. B. Orr, George Moseley, D. F. Barnes, W. H. Sneed, W. H. M. Koch, J. W. Hodges, Allen Evans, Thos. Drinkley, Washington Howe, R. L. Hutchins, A. D. Love, S. H. Morton, Jno. W. Hewlett, Sylvester Barnes, J. H. McGarity, J. W. Straus, J. H. Mellard.  
The case of H. Bentley attracted considerable attention. The defendant was charged with conducting a lottery. He had been granted a State, County, and City License to sell prize photographs, but the grand jury indicted him for carrying on a lottery. Mr. Bentley was tried in two cases and acquitted. There were thirty-two other cases on the docket against him which were compromised, the defendant paying the cost.  
Frost, \$1.200.  
To sum it up, six long years of bed ridden sickness, costing \$200 per year, total \$1,200—all of this expense was stopped by Bottles of Hop Bitters, taken by my wife. She has done her own housework for a year since, without the loss of a day, and I wait everybody to know it, for their benefit.—N. E. Fowler.

## COLLEGE.

The schooner H. B. Gibson, Captain Sturges, while sailing down the river Sunday collided with the Norwegian barque Mediator, lying at anchor at Five Fathom Hole. The schooner lost her foremast and jibboom by the collision and the bark bar jibboom. The schooner returned to the city for repairs.  
BADLY BURNED.—Wednesday afternoon Martha Foster, colored, who lives in Price's Alley, between Fifth and Sixth and Church and Castle streets, was severely burned. The unfortunate woman, who is about 50 years of age, was lying on the floor asleep in front of the fire. She was aroused by her child and found that her clothing was on fire. Before assistance could arrive, the clothing of the woman was burned off, and her body was a mass of shrivelled flesh.  
We learn that our German fellow-citizens intend calling a meeting at an early day to revive the old German Association which was such a strong organization a few years ago. The object of the Association, we understand, will be to advance the interest of that class of our fellow-citizens in everything appertaining to their advancement. The intention of our friends is a laudable one, and we hope to be able at an early day to notice the reorganization of the German Association.

## A RUN OFF.

Three cars of the freight train on the W. C. & A. R. R., were thrown from the track at Atkins' Turnout, 13 miles from Sumter, on Saturday last. The train stopped to wood up at Atkins, and as it proceeded on its journey these cars were thrown from the track and one was wrecked. It is not known whether the accident was caused by a broken rail or by a piece of wood which fell from the tender across the track. There was no damage other than the complete demolishment of the car, and a slight delay to the train.

## THE REMAINS OF THE LATE T. C. HARRIS.

The remains of Mr. Thos. C. Harris, who met his death by accidental shooting at Birmingham, Ala., on Saturday last, arrived in this city Wednesday morning on the 6:20 W. C. & A. R. R. train. The remains were conveyed to the residence of his brother, Mr. C. M. Harris, on Fourth, between Nunn and Church streets. At 11 o'clock the funeral services of the Methodist Church were read over the remains, which were then carried to Oakdale Cemetery followed by a large concourse of friends. Peace to his ashes.  
ANOTHER FIRE.—Last Monday evening about 11 o'clock, the stables and barns on the old Downy place, about two and a half miles from this city, on the turnpike, owned and used by Mr. Thos. Edens, were destroyed by fire. It is not known how the fire originated. Besides the loss of the stable and barn, Mr. Edens's loss was very light, consisting of a little provender and farm tools and implements. Mr. E. has some insurance, but what amount we could not learn. His dwelling made a narrow escape from destruction.

## BOARD OF MAGISTRATES.

The Board of Magistrates for New Hanover county meeting at the Court House on Monday at 12 o'clock, in accordance with the published notice, for the purpose of electing a County Commissioner to fill the vacancy created by the resignation of Wm. L. Smith, the recent Chairman of the Board of Commissioners.  
Justice John Cowan, Secretary, called the roll, and 23 Magistrates answered for their names. The number of Justices present being a full quorum, the Chair proceeded to business by informing the Board that he had been officially notified of the resignation of County Commissioner W. L. Smith, and thereupon stated that the object of the present meeting was to elect a successor to Mr. Smith. A ballot was then had and Col. Roger Moore having received 16 votes was declared duly elected a member of the Board of County Commissioners. Upon motion of Justice Chas. D. Myers, the election was made unanimous.  
The Board then adjourned.

## BOARD OF ALDERMEN.

The Board met in regular monthly session at the City Hall last Monday night. There were present Mayor Smith and Aldermen Bowden, Northrop, Worth, Chadbourne, Telfair, Sampson and Willis.  
Alderman Worth moved that the matter of removing the portion of the First National Bank building on Front Street be indefinitely postponed. Carried.  
Do you pay your interest debts? If so, send in your subscription to the Post.

## ALDERMAN WORTH READ A REPORT OF A COMMITTEE OF THE COMMISSIONERS OF NAVIGATION RECOMMENDING THAT THE DOCK FOOT OF CHESTNUT STREET BE NOT OPENED.

Alderman Bowden moved that the matter be deferred until the next meeting of the Board, the city attorney to be consulted in the meantime as to the power of the Board in the matter.  
Alderman Chadbourne moved that the said wharf be immediately repaired and the Committee on Streets and Wharves be empowered to act in the premises. Carried.  
The application of Cape Fear Fire Engine Company was granted.  
The Mayor called the attention of the Board to the list of delinquents for license tax amounting to over \$4,000, and on motion he was instructed to enforce the collection of the same, as well as the Butchers' monthly tax, in arrears, amounting to \$250.  
The Finance Committee submitted the following report of appropriations for the ensuing fiscal year, which report was adopted and ordered to be referred to the Board of Audit and Finance: For Streets and Wharves, \$8,600; Police, \$15,500; Public Building, \$2,500; Fire Department, \$9,000; Prisoners, \$200; Lights, \$5,740; Printing, Stationery and Advertising, \$600; Sanitary, \$3,600; Miscellaneous and Extraordinary, \$1,000; Water Works, \$2,000.  
The contract for printing the City Laws was awarded to Mr. S. G. Hall, and the contract for city printing to Messrs. Jackson & Bell; their bids for the same being the lowest.  
The contract for feeding prisoners was awarded to York Moore, at six cents per meal.  
Reports from the Superintendent of Health and the Chief of Fire Department for the month of March were read and ordered on file.  
Alderman Bowden offered the following resolution, which was unanimously adopted:  
Resolved, that for the able and efficient manner in which Col. Roger Moore has discharged the onerous duties of Chief Engineer of the Fire Department, he is entitled to the gratitude, not only of the Board of Aldermen, but also of the community at large.  
On motion the Board adjourned.

## COUNTY COMMISSIONERS.

The Board of County Commissioners met in regular monthly session Monday afternoon. Commissioners Worth, Bagg, Pierce and Montgomery being present.  
The resignation of Commissioner Smith made on the 25th of March was read and accepted.  
Col. Roger Moore who was elected to fill the vacancy, appeared and took oath and was duly installed.  
The Board then proceeded to the election of a Chairman. Commissioner Bagg was put in nomination and was elected by acclamation.  
Commissioner Moore was appointed on the Finance, Public Building, Board of Managers, and City Hospital Committees.
