From all sources comes the informa-

should be the case; for when we com-

conscientiously say, but that the man

best fitted for the place from the 8rd

and not Col. Green. Col. Canaday has

been for a great many years, a man of

to what might be their political status

or position. Of course he is a Repub-

should he attain his seat in congress,

and he will, you may rest assured of

this fact that the interest of all will

be safe, he will make for the people of

the Cape Fear District such a worthy

representative as has not been known

in that section for many years. Col.

Canaday is sound on all questions of

public interest, county government,

tariff, free suffrage, education, and last

but not least he is in favor of a free

ballot and a fair count, to which his

opponent is opposed by reason of the

fact that he (Green) is a hearty endor-

ser of those despotic principles which

his party advocates. Now, fellow citi-

Now listen to the certificate of a poor unfortunate, wounded man, who pays this excessive poll tax, and that in a
