### THE POST ANNOUNCEMENT.

This paper will not be sent in future to any except to those who pay in advance for it. Send in your money and you can get the Post, not otherwise. One dollar will pay for the Post six months, two dollars for twelve months. No less than six months time received.

### TOOMBS' HISTORY.

The old blatherer traitor, Toombs of Georgia, announces that he will not mention Longstreet's name in his coming book, which he facetiously proposes to call a history of the war. There's richness for you. To write a history of the war and leave out 'outstreet!!! Why don't he leave out Appomattox and Gettysburg and Grant and Sheridan? Why mention anything that is or was in the least disagreeable to the aforesaid Toombs and his idiotic bourbon gang? Indeed, it would improve his so-called history if he would leave out all mention of the war itself. This would give him a chance to fully glorify and magnify Toombs—which, of course, is the object of his writing.

### MR. BLACK'S FACTION.

Since the Governor of Utah has obeyed the direction of congress in the appointment of successors to those holding elective offices in that territory a combination of Mormons and Jere Black has been formed. It is the avowed determination of this powerful faction to go to the supreme court of the United States, and ascertain the constitutionality of the act under which these appointments have been made. This will open the subject of polygamy, and result in a decision which will probably have a tendency to settle the vexed question of remedies for that evil. As it is a well-known rule that parties to a suit must come to the court "with clean hands" the new faction must dwindle down to Jere Black, who has no personal interest in the matter. The decision of the court need not be predicted.

### AID FOR THE SHELTERLESS.

The terrible floods in the Cincinnati, Louisville, Jeffersonville, Evansville, and many other towns on the Ohio river. Thousands are homeless, and business is suspended. Time and again calamities causing much less widespread distress, have evoked the largest sympathies of our people. Now there should be an organized movement to raise money for the sufferers. This is sure to be done in all the great cities of the union. No mere call for subscriptions through the newspapers will produce results. Some of our public-spirited and benevolent citizens should arrange for a meeting at once, at which a collection committee may be appointed numerous enough to give each member a very small district to visit, thus insuring a speedy report with the cash. What could make a louder call upon our sympathies than the knowledge that cities and towns are afloat, and that hunger and exposure are fighting for the lives of men, women, and children of our own country?

### Precept and Practice.

"Charles," said an Austin parent, you must not allow the boys to lead you into trouble. When anybody asks you to do anything you do not think is right, learn to say "no."  
"Yes, father, I'll try."  
"Now go out, my son, and chop up some firewood."  
"No."  
"What do you say, you young scoundrel?"  
"I don't think it is right, and I say no."  
Which which? "I'll teach you to be disobedient!"—*True Adversary.*

## North Carolina Agricultural Experiment Station.

BULLETIN I, 1883.

Phosphates have been much cheaper the last few months than they have ever been before in our state. The materials supplying ammonia are cheaper than they were last year also, although not as cheap as they have been. The figures used in estimating the relative commercial values have been modified to agree with this state of things. The following figures are a fair approximation to the cost of these ingredients in our inland towns at the present time:

Phosphoric acid, 10c per lb., was 12c last year.  
Ammonia, 22c per lb., was 25c last year.  
Potash, 6c per lb., was 6c last year.

Please bear this change in mind in connection with the analysis to be reported. The standard is the same on the average. The lower valuations do not indicate that the articles are inferior to what they were last year, it only means that the ingredients are cheaper. As an illustration: an ammoniated superphosphate (such a composition as to have given a valuation of \$40.00 by last year's figures would receive a valuation this year of about \$35.00. Just so an acid phosphate valued last year at \$30.00 would be valued at \$24.00 by these figures. The analysis are given in the accidental order in which they have been entered upon our books and completed. They are all made on samples of new goods, drawn by our inspector since January 1st, 1883.

Analysis No. 1870.—Stono acid phosphate, Stono Phos. Co., Charleston, S. C., sampled at Raleigh, contains: available phosphoric acid 11.00, potash 1.60 per cent, relative commercial value \$24.12. 1872.—Pine Island ammoniated phosphate, Buinifitc Fertilizer Co., New London, Conn., Royster & Co., General Agents Norfolk, Va., contains: available phosphoric acid 9.56, ammonia 2.87, potash 2.04 per cent, on sample drawn at Wilmington, relative commercial value \$34.48. 1874.—Star brand complete manure, Allison & Addison, Richmond, Va., sampled at Wilmington, contains: available phosphoric acid 9.73, ammonia 2.67, potash 1.29 per cent, relative commercial value \$33.00. 1876.—Sea fowl guano, Bradley Fertilizer Co., Boston, Mass., L. E. Patrick, Agent, 108, St. Charles St., Baltimore, Md., sampled at Wilmington, contains: available phosphoric acid 8.98, ammonia 2.66, potash 1.57 per cent, relative commercial value \$31.82. 1877.—Bradley's patent superphosphate of lime (manufacturers and agent same as last) sampled at Wilmington, N. C., contains: available phosphoric acid 8.96, ammonia 2.68, potash 1.77 per cent, relative commercial value \$32.10. 1880.—Genuine peruvian guano, Ohas. E. Smith & Co., sampled at Wilmington, contains: available phosphoric acid 12.80, ammonia 10.74, potash 3.71, valuation, using same figures as for manipulated fertilizers, \$77.38. Ammonia is cheaper in peruvian guano, however, than in any other forms. 1881.—Cotton brand high grade, acid phosphate, Ohas. E. Smith & Co., sampled at Wilmington, N. C., (also address the manufacturers,) contains: available phosphoric acid 12.77 per cent, relative commercial value \$35.54. 1885.—Hymans and Dancy's peruvian guano, H. & D. Norfolk, Va., sampled at Wilmington, contains: available phosphoric acid 10.77, ammonia 2.32 per cent, relative commercial value \$30.78. 1889.—Farmers' friend fertilizer, Read & Co., New York, sampled at Wilmington, contains: available phosphoric acid 9.21, ammonia 2.62, potash 2.40 per cent, relative commercial value \$33.00.

### A Word for Iron Ore.

The iron mining interest will not appreciate the sympathy for American ore which refuses to protect American ore against that mined in Africa. The American laborers who delve in the mines of Pennsylvania, Missouri, Tennessee, Virginia, Georgia, and Alabama are as well entitled to be protected against the slave labor of Africa as are those who work in manufacturing establishments to be protected against the starvation wages of Europe. The Republican party is not in favor of free trade in raw materials, as witness its duty on coal, marble, and granite. Why should there be a duty of a dollar and a half a ton on rough granite, and only a half a dollar a ton on iron ore? If the policy of protection shall be made to appear a mere convenience to certain interests it will go down with a crash in 1884. If we are to have an American system, and not a mere dicker between producers of foreign raw material and eastern manufacturers, then respect will be paid to great iron mining interests in developing which a protective duty is absolutely necessary.

### Ill-gotten gains have the curse of God upon them, and therefore cannot prosper. Beware of them.

## Fiftieth Annual Session of the North Carolina Conference of the M. E. Church.

WINSTON, N. C., Jan. 1883.

The conference opened at 9 o'clock a. m., Bishop S. M. Merrill in the chair. The Sacrament of the Lord's Supper was administered. At the calling of the roll about three-fourths of the members responded to their names. W. F. Steele was elected secretary, with H. M. Murphy statistical secretary and treasurer, and W. H. Goler assistant. The usual committees were appointed, including a strong one upon total abstinence and constitutional prohibition.

Rev. O. H. Fowler, D. D., of New York, Secretary of the Missionary Society of the Methodist Episcopal Church, was introduced and made an admirable address upon our relation to the work of bringing the world to Christ. Revs. Messrs. Dodson, of the M. E. Church South, and Turner, of the Zion Church, were introduced. Adjourned with the benediction by Dr. Fowler.

The afternoon was spent in committee meetings and the rigid examination of candidates for admission orders.

At the hour of 7.30 C. W. Blaylock presided over a very remarkable and enthusiastic temperance meeting. Lengthy and very interesting addresses were delivered by W. F. Steele, Principal of Bennett Seminary, and Wm. H. Goler.

### SECOND DAY.

At 9 a. m. J. S. Henderson opened the devotional exercises. At 9.30 the Bishop took the chair. On calling the roll two more brethren responded. Rev. Mr. Hollard of the Baptist Church was introduced. W. H. Goler was continued on trial. O. Lutterlough was passed to the second class of Deacons. H. M. Murphy and E. Smith were elected to Elders' orders. The character of L. B. Gibson was passed, and he reported the central district. The characters of D. Cornell, R. Walters, J. Henderson, E. Morton, W. C. Wilson, all passed.

Abner Hill was reported withdrawn and joined to the Zion church. His action in vowing his intention to remain in our church, one morning, and receiving two months' salary in advance, and the same day joining another church and refusing to return the money, was regarded as very uncreditable to him and to the body receiving him.

J. E. Champlin was passed, and reported the Raleigh district; the character of W. H. Smith, W. Walker, D. Brooks, W. F. Steele were passed; W. W. Morgan was passed and reported the Mt. Airy district; C. W. Blaylock, W. Gray, J. Payne and M. Alston passed; T. M. Joiner was passed and read the report of the Western district; J. M. Caldwell, A. Conzor, S. M. Hanes and S. Wells passed.

Rev. Mr. Tatten, of the Protestant Episcopal Church, was introduced; Rev. O. H. Wiley, D. D., District Superintendent for North and South Carolina was introduced and made an appropriate address.

At 7.30 the church extension and missionary anniversary was held, J. E. Champlin presiding. A large map of the United States was exhibited, covered with about 600 red crosses showing the new churches. Remarks and explanations were made by W. F. Steele. On missionary work Bishop Merrill spoke for an hour and a half, showing the origin, management and peculiarities of our missions that girdle the world. He closed by saying that our churches worship as far east as sunrise, as far west as sunset, as far north as the people live, and so far south that the people never see the sun in the north, and that we are not a little northern church.

### THIRD DAY.

Dr. C. O. Fisher of Atlanta, spoke of the enlarged and improved form of the *Methodist Christian Advocate*, and the remarkable reduction in price to \$1.25 a year.

Chas. N. Grandison, Elisha Howard and Wm. E. McNair were elected to local deacon's orders.

W. H. Goler and E. M. Collett were admitted to full connection after a solemn charge by Bishop Merrill. James Gordon was discontinued at his own request; D. Blanks and Chas. Richview were continued on trial.

### FOURTH DAY.

Prayer meeting was conducted by R. Morton. James P. Jones, Alex. Newsome, Elisha Howard, Charles Grandison, W. W. Pipe, Charles Harshaw, Geo. W. Byers and Wm. B. McNair, were admitted on trial.

son read a memoir upon Gen. W. Price, who died during the year. After singing hymn 992, C. N. Grandison, C. W. Gibson, E. M. Collett and J. Payne, made appropriate feeling remarks.

Strong reports on total abstinence and constitutional prohibition, from C. W. Blaylock and W. F. Steele. At night the annual Missionary sermon was preached by W. H. Goler, in a earnest and appreciative address.

### SUNDAY SERVICES.

At 9 o'clock a. m. the conference love feast was held, conducted by D. Brooks. At 11 o'clock at the Opera House, Bishop Merrill preached a magnificent sermon. At 3 p. m. at the same place, the candidates for Deacons and Elders, were ordained. At 7.30 J. E. Champlin preached in the Opera House. The Bishop preached in the M. E. Church south. Most of the other pulpits were supplied by the conference.

### FIFTH DAY.

After prayer led by O. Lutterlough, usual reports were presented and adopted. Greeting was sent by a committee to M. Alston. Name of N. S. Farrer accidentally omitted from the roll was restored, and he was made a paragon.

R. O. Spaulding readmitted on a certificate location.

Rev. W. G. Matton, of the Blue Ridge Conference, as state temperance and Sunday school agent, was invited to work in our Churches so much as he may see fit.

Hearty resolutions touching the support of Bennett Seminary were adopted, whereby the price of board may be reduced and students for the ministry supported.

A committee on the Centennial Celebration of Methodism was appointed. Greensboro was fixed upon as the place for the next conference.

Wm. James colored, who was arrested Monday afternoon for making an assault upon Wm. Carpenter and injuring him severely by a blow with a cotton hook, had a hearing before Justice Hall and was required to give bond for his appearance at the present term of the Criminal Court, failing in which he was committed to jail.

A colored young man, named Cad. Lowrey, was arrested last Wednesday, on the charge of assault and battery upon another colored youth named Henry McQueen. It seems that the two got into a difficulty on Friday last, in the midst of which Lowrey seized a piece of wood and struck McQueen a severe blow over the head with it, causing an ugly wound.

### Fayetteville Observer.

We have received the first issue of the "new series" of this journal, E. J. Hale, editor and proprietor, and give it a hearty welcome, and doubt not, as was its predecessor and namesake, it will become a favorite among the people and will render good service in advocating the welfare of that "old town." See notice elsewhere.

### DEATH OF A PILOT.

We regret to hear that Mr. James T. Newton, one of the pilots of the Cape Fear, who was stricken with paralysis a short time ago, died from the effects of the stroke on Sunday last and was buried on Monday. Mr. Newton was the oldest pilot on the Cape Fear, being about 78 years old at the time of his death. He was greatly respected by all who knew him.

Wm. Cotton, a colored youth, was arrested Monday last for the larceny of shoes, the property of Messrs. Dryfoos & Sternberger. He was subsequently arraigned before Justice Mills in three distinct cases, when, his counsel having waived an examination, he was required to give bond in the sum of \$100 in each of the three cases for his appearance at the present term of the Criminal Court, in default of which he was committed to jail.

### Wilmington District Conference M. E. Church South.

This body will convene at Whiteville, Columbus county, on Thursday, May 24th. The following gentlemen have been elected delegates from Fifth Street M. E. Church of this city: W. M. Hays, T. T. Seelers, J. G. Darden and G. C. Davis.

Revs. J. W. Craig, L. E., and Van J. Millie, L. P., are entitled to seats in the body, by virtue of their official position in the church.

Yesterday afternoon, about half-past 4 o'clock, the alarm was sounded for fire in the sixth fire district. The flames were soon discovered issuing from the roof of the warehouse belonging to Mr. A. A. Willard. The steamer "A. Adrian" happened to be the only engine ready for the emergency at the moment; the horses of the "Little Giant" and the "Cape Fear" being engaged in hauling for the streets. All were quickly on hand, however, but considerable delay was experienced in getting the "Adrian" on a flat, but when that was accomplished the *Nyce* had her in the vicinity of the fire in very short order. In the meantime, however, the flames had gained such headway that very little could be done except to save adjoining property. In fact the fire had pretty much done its work.

The warehouse was stored with about fifteen to twenty thousand sacks of salt, the property of Mr. Willard, and it is thought that the loss on the warehouse and contents will aggregate about \$15,000, which is fully covered by insurance in floating policies.

The fire was thought to have originated from a spark from the smoke-stack of a steamer which had left the wharf but a few moments before the flames were discovered.

Hon. A. S. Seymour, writing to Mr. W. Shaw, of this city, the newly appointed Clerk of the District Court, gives this information in reference to the much talked of suit of Mathews vs. Carolina Central Railroad Company, on an application for a Receiver, heard before Judge Bond and Seymour, of the U. S. Court, in this city, in November last.

"By this morning's mail I received a letter from Judge Bond, denying the motion for a Receiver in the case of Mathews vs. the Carolina Central Railroad which I will file with the Clerk of the Circuit Court, with my own views, inform the lawyers."

Joseph Wright, a colored man, employed on the W. C. & A. R. R., was accidentally killed on Thursday afternoon last, while at work on a trestle at Pee Dee, S. C.; a stick of timber falling upon him and crushing his skull.

### Grand Railroad Levee.

This is a voluntary step by the ladies, who say this road ought and shall be built.

The OBSERVER will be a large 24 column weekly newspaper, and will be mailed to subscribers, postage paid, at \$3 per annum, always in advance. It will give the news of the day in as simple form as the space will permit, and both regular and occasional correspondents will contribute letters from the capital on state politics and affairs. Democratic in politics, the OBSERVER will labor first of all, to secure the prosperity of the town, of Fayetteville, to develop the vast agricultural resources of its county and the neighboring counties, and to promote all that concerns the welfare of the people of North Carolina. Opposed to such innovations on the honest ways of our fathers as, in the guise of progress, harm society, the OBSERVER will be found in full sympathy with the new things born of the changed condition of the South which sound judgement or enlightened experience find to be good. As to the rest, it will strive to deserve the reputation of the name it labors for. E. J. HALE, Jr.
