MAYOR'S COUTT .- Before his Honor Mayor Palmer, Thomas Jomes a watchman at and in the neighborhood of the Market was arraigned on the serious charge of assault with intent to kill. The charge was preferred y David Moulton, who is also a watchman in the neighborhoo 1 of the Market, and that fact appears to have been the cause of the quarrel that led to the assault. It appears that Jones and Moulton got into a quarrel on Friday night relative to some remarks that Moulton had made, in regard to Jones, and the dispute waxing warm, Jones drew a revolver and discharged one chamber at Moulton, the ball passing close to his person.

At the trial yesterday morning, Jones denied the whole thing in toto. But Moulton positively swore to the facts as above stated. In view of the serious nature of the case, His Honor put Jones under five hundred dollars ball to answer for his appearance at the next term of the Superior Court, in default of which he was lodged in Craven street Jail .-Later in the day, Jones procured the necessary bail and was set at liberty.

Jones appeared to be either a very unruly or an unfortunate character, as it is but a short time since he was arraigned on a similar charge, and shortly prior to that, on a serious charge of a different nature.

MAGISTRATE'S COURT.-Before R, T. Berry, Esq.: Chas. Hodges was arraigned on two separate charges of hog stealing preferred respectively by Cicero Green, Esq., and Mr. Plenty Adams. The charges being fully sustained Hodges was, in default of fifty dollars that, committed to jail to await the action of the next term of the Superior Court. J. W. Carmer vs. Wealthy James, Caroline

Davis, et al. This was a case of ejectment, in which Mr. Carmer was plaintiff, the defendants being a number of poor colored women, who being unable to pay rent were proceeded against, and judgment rendered for plaintiff, Justice Berry very commendably allowing them the maximum limit of the law in which

A CAIN-AND SUCH A CANE.-Ye Local was yesterday the recipient of a handsome Gutta Percha Cane, one of the finest that we have ever seen. The generous donor being Mr. Walter G. West, who has recently reccived a large and handsome assortment of the same, together with large and varied accessions to his Book, Stationery, and Fancy Goods departments. Our citizens should give Walter a call, and if in need of any thing in his line, purchase.

We return thanks for our Cane, and would recommend those desiring something in thatline, either ornamental or useful, to call and

Social Equality. - This bugaboo for some time has been sensibly thrown aside, and little talked of, and it is not our purpose to resuscitate such a miserable, foolish idea, more especially in the sense it was used some time ago by the speakers of the conservative party. but it has occurred to us more than once that this late reticence upon a subject that democratic speakers loved to speak and dwell upon HUNDRED DOLLARS, for the apprehension and defluence of so much and so earnestly, but such a short time ago, was caused by motives other than h mest convictions of the utter nonsense of the whole thing as far as it related to a general application to the two races, and our suspicions, we find upon enquiry, have been to a c rtain extent, well founded. In a Magistrate's court [Berry's] of this city, there are at present pending no less than seven charges of male parentage to illegitimate children, each of the children being of a questionable color, the mothers being colored, and the reported fathers, in every instance, being white men. But the most surprising thing in the whole chapter is, that every one of the reported peres is a dyed in-the-wool democrat.

Here is where the objection, as we surmised, exists for no longer charging the republican party with a desire to introduce social equality.

The state of affairs, as they exist in the Magistrate's court, are in the fact but a continuance of the old practices, but in effect and situation different from any thing that has existed in this section of the country until recently. Here, in this very instance, is a practical proof that the measures instituted by the republican party will have a tendency to diminish, rather than increase, Social Equality, as parties now becoming aware that the law will take cognizance of these matters, will be more chary of running risks and having themselves placed before the public in an unenviable light.

These facts we feel sure have had the effect referred to, and we need have no serious apprehensions of a recurrence to the foolish GLEMENT B. FINLEY. New Berne, N. C. cry of social equality.
