

LOCAL AND STATE.

Adjutant General John C. Gorman is on a visit to Beaufort, to recuperate his overworked health.

Green corn is becoming quite plentiful in our market. The quality is good, and there is of it, and there is plenty of it, such as it is.

Watermelons have made their appearance in our market, ranging in price from 25 to 50 cents, according to size. These we saw were very small.

Four people are fast becoming centenarians. The merchants of our city are already on hand a large quantity of centenarian goods, such as neckties, handkerchiefs, cigars, &c. Centennial clothing and another.

MISS TO GOVERNOR BRIDGES.—His Excellency, Gov. Bridges, has made the following appointments of aides-de-camp on his personal staff with the rank of Colonel, viz: Col. George W. Stanton, of Wilson; Isaac J. Young, of Granville; A. D. Jenkins, of Gaston; Wm. S. Pearson, of Pembroke.

We have before us the catalogue of the Baptist Female Seminary for 1875. It exhibits a most gratifying condition of the school for the past year, and gives promise of renewed vigor. It is beautifully located and under the management of a thoroughly competent faculty. F. P. Holcomb, Principal.

The editor of the Danville Register writes us so that it even makes thin clothes blow. Go to Piedmont and we'll want you won't blow any more.

We pay the victim of Piedmont, for whom an editor ceases to blow, especially these days, he falls to interesting paper readers.

ACCIDENT.—Our city, which is so remarkably exempt from accidents, is about to be visited by one. A man was killed in the vicinity of the government building Saturday, occasioned by a man running against a young white man whose name we could not learn. Medical aid was administered by Dr. H. H. Towles. The injury was not serious.

WOMEN'S MEETING.—The Republicans of Halifax Township met in Convention at the court-house on the 26th inst. and after appointing delegates to the County Convention, nominated R. H. Shaw, W. T. Hayes and Robert Knight for Justices; Henry Purnell, Charles J. H. Reynolds, Clerk; J. H. Howard, Wright Dummer and Dow Devereux, School Committee.

AS A ACCIDENT.—KILLED BY LIGHTNING.—Miss Todd, a young lady about 15 years of age, living in the vicinity of Eagle Rock, was killed by lightning on Friday morning, while sitting near a window. Upon examination it was found that her neck was broken and her head dislocated. It threw her into the chair in which she was sitting at the time. Beware of windows and chimneys during thunder storms.

THE RALEIGH HIGH SCHOOL.—We note that Prof. Scott, of the Raleigh High School, has associated with him Rev. Dr. J. M. Atkinson of this city, and will open the fall term of his excellent school upon a more extensive scale and under the most favorable circumstances. The old cotton house has been secured as the location of the school. A better place could not have been secured in the city. We take pleasure in recommending this school to the people of the State.

DEPORTED.—Sheriff McMillan, of Robeson county, has recognized George Applewhite, one of the notorious Lowrey gang, now in jail in Goldsboro. Upon examination, Applewhite was found to have a larger score in Robeson county. He has been living in Goldsboro for two or three years, and went by the name of Wm. Jackson. He will be carried to Whiteville for confinement, he having escaped after being sentenced.

REWARD PAID.—Gov. Bridges, on Tuesday, paid the reward of \$5,000 to Wm. Freeman and J. B. Appas, of Goldsboro, for the arrest and delivery of George Applewhite, one of the Robeson county outlaws. Messrs. Freeman and Appas are both colored men, and have shown themselves true men by the manner in which they have acted in making the arrest of this noted desperado. Applewhite was under sentence of death at the time of his escape some four years ago, and has been taken to Columbus county to be re-sentenced.

CHARLES LAMB, Essayist, denounced all "spirituous liquors as 'Wet Dismalation.' Poor fellow; he knew whereof he spoke, by sad experience, and if living, would apply the same to Alcohol. Excitants, advertised as Cereals. But there is one Tonic and a Tervative in existence—the best the world has ever known—which contains no alcohol. It is Dr. WALKER'S CALIFORNIA VINEGAR BITTERS.

OUR LIVING AND OUR DEAD.—The July number of this magazine is before us, and is filled with the most choice reading. It is entirely devoted to North Carolina and her best interests, and is fraught with historic, scientific, artistic and literary matter, worth preserving, as well as reading, for future reference. Its editors and contributors are men and women whose graceful pens have introduced them to the true lovers of education, in whatever department of life, and it is destined to become the household property of every son and daughter of North Carolina. Address Col. S. D. Pool, Raleigh. \$3-a-year.

We visited the Deaf and Dumb Asylum (white) this morning, and were shown around by its worthy Principal, John Nichols, Esq. Great improvements have been made in and about the premises since he assumed control, which add much to the appearance, not only to the building, but to that portion of the city. The thick hedge which formerly prevented a full view of the buildings and grounds has been removed and evergreens substituted in lieu thereof. A new fence, of Canadian design, is being erected around the entire premises, and when completed it will make that one of the most beautifully located schools in the city. Mr. Nichols informed us that he proposed having the building heated by steam next winter and thus averted, for the future, the danger arising from the use of stoves and fire-places. The pupils are now spending a vacation with their parents.

FIREMEN'S UNION.—The Firemen's Union of North Carolina (colored) held their second annual meeting at Warrenton, commencing on Friday, July 1st. Several companies throughout the State were represented, and it proved a pleasant occasion to all. The following officers were elected for the ensuing year: J. H. Jones, of Victor No. 1, Chief Engineer; G. J. Toals, Charlotte, Assistant Chief Engineer.

J. W. Butler, Raleigh, Lecturer. — — — Dickers, Fayetteville, Sergeant. Robert Hall, Newbern, Assistant Sergeant.

ALLEN P. ESTEN, Henderson, Chaplain. W. H. Howe, Wilmington, Financial Secretary. Nelson S. Taylor, Raleigh, Recording Secretary.

The Union was joined by the two companies from this city on the 2d, and a grand parade was had, headed by the Oak City Brass Band. All speak well of the occasion and of the cordial and hospitable manner in which they were received and entertained by the good people of Warrenton.

We learn that much business was transacted, which is hoped and believed will result in good to the Union throughout the State.

PUBLIC SPEAKING.—On Monday a goodly number of the colored people of Raleigh and vicinity assembled at Metropolitan Hall for the purpose of listening to addresses on the question of the coming election for Convention.

The meeting was called to order by J. M. R. Caswell, who nominated H. H. Lane for Chairman, which motion was unanimously carried. Mr. Lane, on taking the Chair, made a neat and well timed speech, thanking the audience for the honor conferred, and asking the further pleasure of the meeting.

On motion, J. J. Sawyer and Will R. Harrison, Jr., were elected Secretaries. Mr. Caswell then took the floor and delivered a powerful and logical speech against the calling of a Convention by the late Legislature, and urging the people to vote for candidates opposed to the same. He alluded in a clear and forcible manner to the noble features of the present Constitution, and called both from the audience repeated applause and unqualified attention.

Mr. D. E. Perry was next called, and made one of his best efforts in opposition to the contemplated Convention. Mr. Perry is a good and fluent speaker, and showed the people that he fully understood his subject, and exhorted his hearers to live, walk and act by faith in the coming contest, as they were wont to do in the days gone by, when the prayers of four millions of people went up as the voice of one man, savored with faith, asking God to remove the fetters of American slavery. Mr. Perry's speech was well received, and had its effect upon the audience.

Hon. James H. Harris afterwards called for, and in his opening, fully explained to the audience the importance and necessity of registering. Mr. Harris, as usual, made one of his eloquent speeches, which was repeatedly applauded, and no doubt he left an indelible impression on all who were present.

By earnest and repeated appeals, Mr. Stewart Ellison next interested the audience, and did great credit to himself and race. He spoke in touching terms of the great responsibilities that now rest on all who favor freedom and justice.

J. J. SAWYER, WILL R. HARRISON, JR., Secretaries.

Griffith, from the first chapter of 1st Corinthians, and part of the 25th verse, the words being, "We preach Christ crucified." The sermon is said to have been one of great power.—Charlotte Democrat.

It appears that North Carolina furnishes three-fourths of the dried blackberry crop of this country, 15,000 barrels, out of 20,000 barrels raised. A Georgia contemporary does not wish to see its State waste any longer a crop that paid North Carolina a half million of dollars last year. It contends that drying blackberries at 5 cents per pound is far more profitable than raising cotton at 15.—Charlotte Democrat.

Banquet of Americans—Celebration of the 4th in London.

LONDON, July 6.—200 persons at a banquet given by the Americans last evening in honor of the anniversary of the Declaration of Independence. Among the guests were C. S. Grant, Jr., son of President Grant, Messrs. Hoffman and Chesbrough, of the Legation in London, Messrs. Woodhouse and Stevens, Hugh McCulloch, Gen. Bradford, American Consul at Dundee and Southampton, H. M. Watts, Dr. Livingston's son, Navar Contractor Barnaby, Sir Frederick Perkins and Henry Richard, members of Parliament. The Standard of to-day contains an exceedingly violent article against the celebration by the Americans. It says none but Americans would venture upon such a display of bad taste and discourtesy, as was shown in yesterday's celebration, and none but English would tolerate it. It is hardly decent for any loyal Englishman to participate in the celebration of English disasters. The American insurrection was about the most unprovoked rebellion in history. In the present times, forbearance and conciliation on the English side is returned by America with insult and abuse which is only counteracted by bringing flatulency, and this Dean Stately calls conciliation and peace-making. The Standard in concluding its article says, among Americans there are but few not actually participating in the general system of public plunder in the country, who would not joyfully exchange their institutions for the order, honesty and loyalty of this Empire, from which a century ago they made their insane revolt.

PROSPECTUS. A Representative and Champion of American Art Taste! THE ALDINE, The Art Journal of America. ISSUED MONTHLY. "A magnificent conception wonderfully carried out."

The necessity of a popular medium for the representation of the productions of our great artists, has always been recognized, and many attempts have been made to meet the want. The successive failures of such attempts, especially followed each attempt in this country to establish an art journal, did not prove the indifference of the people of America to the claims of high art. So soon as a proper appreciation of the want and an ability to meet it were shown, the public at once rallied with enthusiasm to its support, and the result was a great artistic and commercial triumph.

THE ALDINE, while issued with all the regularity, has none of the temporary or fitfully interest-characteristic of ordinary periodicals. It is an elegant miscellany of pure, light, and graceful literature, and a collection of pictures, the rarest specimens of artistic skill, in black and white, although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it is bound up at the close of the year. While the artistically followed each attempt in this country to establish an art journal, did not prove the indifference of the people of America to the claims of high art. So soon as a proper appreciation of the want and an ability to meet it were shown, the public at once rallied with enthusiasm to its support, and the result was a great artistic and commercial triumph.

THE ALDINE, while issued with all the regularity, has none of the temporary or fitfully interest-characteristic of ordinary periodicals. It is an elegant miscellany of pure, light, and graceful literature, and a collection of pictures, the rarest specimens of artistic skill, in black and white, although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it is bound up at the close of the year.
