NEWBERN, N. C. FFE. 1. 1876.

The palace expenditure of the Sultan of Turkey has been \$2,000,000 a year ever since his succession.

An iron steamer of small dimensions is to be built at Dubuque for the King of Siam, and shipped in sections.

There are 3,000 white men in Florida who have not voted since the downfall of the Confederacy—enough to insure a Democratic triumph at every election.

Notwithstanding the mild winter a Worcester, Mass., skate manufacturer has sold 40,000 pairs of skates this season, and is now busy filling an English order.

M. Wallon, Minister of Public Instruction in France, has ordered the restoration of the Cathedral at Rheims, at a cost of \$400,000.

The Dutch war in Acheen is still languished. A fresh lot of from 2,000 to 2,500 troops are to be sent from Java, and after their arrival operations will be renewed, with the view of subjugating the enemy, if possible.

Herr Krupp, the great German gun-maker, is at work on a steel 150-ton gun of forty-six centimetres, of about eighteen and one half inches calibre. The tube or body of the gun will be made in two pieces.

The London Standard says that several foreign powers are directing their attention to the practicability of establishing telegraph stations in mid-ocean, by which messages can be sent from any part of the sea along the line of the cable to the terminal points on shore, and vice versa.

HAVANA, Jan. 28.—A new revolution has broken out in Hayti, and the revolutionists are in possession of Jaemel. The President has ordered the foreign club at Port au Prince closed, but Bassett, the U. S. Minister, who is the President of the club, refused to accede to the demand.

SAN SEBASTIAN, Jan. 28.—There is nothing definite from the front, though it is generally believed that a simultaneous movement is being made in the provinces of Navarre and Biscay. If so, a few days will tell whether Carlism is ended or another campaign is to drag through the coming summer.

A company is about starting a great farming enterprise in the foothills between Marysville and Smartsville, Cal., where they have in a body 1,700 acres of land. Orchards or orange trees, English walnuts, almonds, and pecans will be laid out, and much ground devoted to wheat, clover, alfalfa, and sheep raising.

One of the loveliest islands of the east has just suffered a tremendous misfortune. An enormous landslide of earth and rocks occurred near St. Denis, in the island of Reunion, over an extent of two kilometers, which buried no fewer than sixty-two persons under a mass of ruins fifty metres in depth, and of course destroyed everything within its range.

The Board of Underwriters of Chicago are asked to publicly answer these questions: What kinds of oil are safe? What tests can be applied to ascertain purity? What lamps and burners are best adapted for use, both for light and safety? What causes lamp explosions, and how can they be avoided? What is the safest method of extinguishing the flame of a lamp? Should wicks be changed frequently? Is it safe to permit the oil to get very low in the lamp?

### The Brooklyn Miracle.

"And the prayer of faith shall save the sick," was the Rev. Mr. Smith H. Platt's text in a controversial sermon on Sunday in the Fleet Street Brooklyn Methodist Church. The discourse was a reply to the Rev. J. M. Bookley's pamphlet discrediting the prayer cure of Mr. Platt's twenty years' lameness. Mr. Platt said that he had not urged that he was the subject of a miracle, had not called it a miracle. He knew only that he had been lame for twenty years, and then he became convinced that the promise of the text would be fulfilled to him in answer to special prayers. For this abiding faith he gave the credit to Miss Moseman, but he explained that the result was an answer to his prayers, and not, as generally believed, to hers. Her announcement to him was that his lameness was to be cured in answer to his prayers. "I then made up my mind," continued Mr. Platt, "that I would believe I was cured, and would act as though I was cured, leaving consequences to God, and taking performances for evidences. I now walk and know that I shall continue to walk so long as God wants me to."

Mr. Platt believes that God intended that the church should possess healing power through all ages.—N. Y. Sun.

### Truth Will Last.

That good old family newspaper, the New York Observer, now some fifty-three years old, still holds on to the old truths which were so firmly advocated when it was founded. No new lights or nineteenth century doctrines have ever caused it to trip or make any false step. It is always satisfying in our day, to take up a newspaper that is sound and reliable. The Observer comes to us weekly with a variety of reading in addition to the news, and it is always pure and healthy—just the paper for a family. For specimen copies, address S. I. PRIME & Co., New York.

### A Tremendous Fall.

Being determined to keep my large run of custom I have put my prices down to the very lowest notch, and can now furnish customers with the best quality of Cigars, fine Chewing Tobacco, genuine Durham and other brands of Smoking Tobacco, pure Meerschaum and other qualities of Pipes, Cigar Holders, Notions, &c., at lower figures than they can be procured in the city. M. GOLDSMITH, South Front St., near Gaston House, at sign of big Indian. Especially good bargains for wholesale customers.

### Good News.

Malignant case of consumption cured by Dr. Scott. For particulars read the following letter.

Swift Creek, N. C., Jan. 21, 1876.

DR. SCOTT:

DEAR SIR.—Having disposed of the three bottles of Liniment which you left here. I send you the price of it by brother and have to inform you that the applicants for more are very numerous. You will send me half doz, or one dozen bottles and if I fail to sell them I will use them myself. My health is improving rapidly now and if nothing happens I will be able to visit Newbern in about two weeks. Your medicine is evidently recommending itself to the people of this community and I hope that time may bring it to the kindly consideration of people everywhere.

I am yours with respect,

D. C. ROACH.

### It May Save Your Life.

There is no person living but what suffers more or less with Lung Disease, Coughs, Colds or Consumption, yet some would die rather than pay 75 cents for a bottle of medicine that would cure them. Dr. A. Boschee's German Syrup has lately been introduced in this country from Germany, and its wondrous cures astonishes every one that try it. If you doubt what we say in print, cut this out and take it to your Druggist, J. L. Watkins or R. Berry and get a sample bottle for 10 cents and try it, or a regular size for 75 cts.

### The very Place.

E. Havens desires to inform the citizens of Newbern that he is prepared to do all kinds of work in a first-class Boot and Shoe maker's line. Fine, or common Boots or Shoes put up in the most workmanlike manner and warranted to give satisfaction. Repairing neatly and expeditiously executed. All classes very low for cash.

### Notice.

The Real Estate Tax List has been placed in my hands for collection. All property holders of the city are requested to come forward at once and pay their taxes, or I shall proceed as the law directs. I will attend at the City Clerk's office from 9 A. M. to 1 P. M., daily. GEO. A. LATHAM, City Tax Collector.

### For Sale.
