

THE DAILY NUT SHELL

Geo. E. PITTMAN, Editor and Proprietor.

Subscription Price 25 cts. per Month

NEWBERN, N. C., SEP. 12, 1877.

In southeastern Texas the Mexican amusement of bull fights is gaining a foothold.

De Kalb County, Ind., reports a meteoric stone found there weighing two tons or more.

A man in Chambersburg, Ill., has been sued for destroying property by spitting tobacco juice on the floor of a church.

Spain and the United States are investigating in a friendly manner the bombardment of American whalers off the Cuban coast.

General Sheridan telegraphs that Sitting Bull is still north of the United States boundary line, and has no intention of returning.

Charles Young, a son of the late prophet has graduated from the Law Department Michigan University, and will practise in Pinckney, Mich.

A man named Adrian Perez, who was surprised in the act of hanging himself in a house in Mexico recently, was cut down and then sent to prison for having stolen the rope he was using.

The long continued drouth in the Northern frontier counties of Texas is causing the buffalo to die in large numbers. For want of fresh water they are driven to drink the alkaline water, so abundant there, and it kills them.

Such is the glut of money on the London Stock Exchange that any man of good credit can obtain the loan of almost any sum for, say a fortnight, at the rate of 1 1/2 per cent. per annum. Yet even on these terms there is scarcely any demand.

A cattle and freight train collided at Long Bridge and 11 cattle were killed. Thos. Lockett, the conductor, was seriously injured. Repairs on the Long Bridge delayed the cattle train, and the following freight dished into it.

The officers of the Lehigh Valley Railroad announce that the business of the road will be operated by reduced force hereafter and thus better wages will be paid. The company has been employing more than was required.

The London Times' Ostrook correspondent shows that the surrender of Niesics was necessitated by the Montenegrins having stormed the positions commanding the citadel, the ammunition of the garrison is also failing, as evidenced by their feeble reply to the bombardment. The garrison, which was originally 400 strong, lost 200 during the siege in killed and wounded.

The London Daily News has the following dispatch from Vienna: "The 6,000 Turks who were driven from Lovatz, are said to be cut off from Osman Pasha's camp by the Russian cavalry. A Russian detachment is marching in great haste towards Sophia which wholly unprotected movement will stop the Turkish reinforcements while the Romanians block the road to Widdin."

The Manchester Examiner publishes the following dispatch announcing the capture of Plevna by the Russians under date of Siestora, Sunday Sept. 9th: "This morning an attack on all sides of Plevna was commenced and was continued throughout the day. By six o'clock in the evening, the town of Plevna was in the

hands of the Russians, and the Turks were in full retreat in great disorder. Their losses are enormous. Details not received.

Edgman Young's estate is valued at from \$6,000,000 to \$7,000,000, though it will take some time to settle it up and ascertain precisely what it is worth. In his reply to Anna Rice's suit for divorce he swore that his monthly income would not exceed \$6,000. He had already distributed a considerable amount of property among his children, and as he was very punctilious in regard to his affairs, it is probable that his will was drawn to preclude if possible, any legal complications.

Tramps and Striking Miners.

New York, September 10.—A Columbia, Penn., dispatch says that the vigilants are organizing against tramps, who are bold numerous and troublesome. At Grayhill's woods, near Lancaster, recently nearly one hundred outlaws raided a farmer. He tied unsuccessfully to drive them off. Policemen and citizens from Lancaster went to their aid, when the tramps opened fire with pistols. The police charged on them and the tramps retreated, leaving five wounded. A farmer named Powers was fatally hurt. Further along the Pennsylvania Railroad the tramps boarded a freight train and threatened to take possession. Detectives from Columbia hastened to the scene and captured the outlaws, who subsequently broke jail.

Milton Grannon, a prominent citizen of Duncannon, was robbed and killed by two tramps as he left the train at Mayville recently.

Tramps wrecked a freight train recently between Melveston and Eazers, and attempted to plunder the cars. During the fight with their tin heads, one of the latter, Wm. Couvers, was killed. The authorities at West Chester sent assistance and two of the outlaws were captured. Detectives have discovered that notorious city criminals are travelling disguised as tramps.

A Tennessean's Bad Bargain—Going in Cahoot

Last Thursday morning a raffle was made up by some of the citizens of Paris for a box of five hundred cigars. There were twenty-five chances at one dollar a chance. The plan was that known as the shot-gun plan, in which each man taking a chance puts his mark on the blank paper surrounding a target. The target is placed on a pivot and whirled and while thus whirling is fired at with a gun loaded with small shot. The man whose marked comes nearest being hit takes the prize.

In this case George Lef's took a chance, but would not put down his mark until all the other marks had been placed around the target. He then went to each of the rafflers and said: "You and I have each got a chance in this cigar raffle; let us go in 'cahoot'—If you get them divide with me, and if I get them I'll divide with you." This arrangement he made with eighteen of the chance holders, telling each to keep their partnership a secret. To prevent any possibility, as he thought, of winning the cigars himself, he made his mark as far from the target as the paper would allow. He then felt sure of half the cigars, and already, in imagination, was puffing the fragrant weed and laughing in his sleeve over the sharp trick and excellent joke he had played the "other boys." But, alas! the joke was soon turned, and visions of a cob pipe floated before his astonished eyes. The gun was fired, and a stray shot knocked the centre out of George's mark. Eighteen men stepped up and said, "I'll take my half now." Lef's thus found himself booked for \$300 worth of cigars equally among his partners.

STRICTLY PURE White Lead, 92 per cent, pure White Lead, mixed with 8 per cent of pure Linseed Oil, at Berry's.

Our Trade with Brazil.
From the St. Louis Globe-Democrat.
New Orleans seems to be slow in securing that much talked of Brazilian trade, but eventually the trade of Brazil will find its way to this country up the Mississippi river instead of through New York, which now receives more than one half of the trade. Before that time comes around it would be well to ask whether we could not secure some customs revenue from our Brazilian importations. "There's millions in it." The loss to revenue by the "free breakfast table" bosh of five years ago is not less than \$7,000,000, and we might as well get it back and make the Brazilian trade doubly an object of desire.

Rountree & Co., is a desirable location for trade, and for the purchase of cotton. Store is 27 by 39 feet, 2 stories high possession given immediately if required. WM. G. BRYAN, Agent.
August 1st, 1877.

VEGETINE

He Says It Is True.
SENECA FALLS, Nov. 9, 1876.
MR. H. R. STEVENS:
Dear Sir—As you are an entire stranger to me, I want you to know what VEGETINE has done for me. Only those who have been raised from death's door can know the value of such a good medicine. I am 58 years of age. Three years ago I was taken sick with what the doctors called LUMBAGO. For weeks I was confined to my bed. I had three different physicians, without any help. I received no relief; I was a great sufferer; finally I became entirely helpless. The last doctor told me there was no help; he said he might possibly save my life by ejecting morphine in my arms and legs. The encouragement for saving my life by having this done was so small a chance I could not consent to run the risk. About this time my son read your advertisement in our paper, a testimony of a person who had been very sick with about the same complaint, and was cured. My son went right away to the apothecary store and bought a bottle of VEGETINE. Before I had used the first bottle I found great relief; I could move myself in bed. After taking three bottles I was able to sit up and move about my room. I continued taking the Vegetine, and I was in a few weeks restored to my former health. The VEGETINE saved my life after the physicians said there was no help for me. I have had no doctor since. If I feel unwell I take a dose of VEGETINE, and I recommend it to my friends. Your Vegetine ought to be in every family. My doctor was surprised to see me in good health. He says VEGETINE is a good medicine. I tell him it cured me. He says, "It is true." I cannot feel too thankful.
Very gratefully yours,
Mrs. CATHERINE COONS.
Seneca Falls, Seneca County, N. Y.

Vegetine.
ALL DISEASES OF THE BLOOD. If VEGETINE will relieve pain, cleanse, purify and cure such diseases restoring the patient to perfect health after trying different physicians, many remedies, suffering for years, is it not conclusive proof, if you are a sufferer, you can be cured? Why is this medicine performing such great cures? It works in the blood, in the circulating fluid. It can truly be called the Great Blood Purifier. The great source of disease originates in the blood, and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public attention.

Vegetine WILL CURE CANKER HUMOR.
ROCKPORT, March 31, 1876.
H. R. STEVENS:
Sir—Last fall my husband got me two bottles of your Vegetine to take for the Canker Humor, which I have had in my stomach for several years. I took it, and the result was very satisfactory. I have taken a good many remedies for the Canker Humor, and none seemed to help me but VEGETINE. There is no doubt in my mind that every one suffering with Canker Humor can be cured by taking VEGETINE. It gave me a good appetite, and I felt better in every respect.
Yours, with respect,
Mrs. ELIZA ANN POOLE.

Vegetine. NOTHING EQUAL TO IT.
SOUTH SALEM, MASS., Nov. 14, 1876.
Mr. H. R. STEVENS:
Dear Sir—I have been troubled with Scrofula, Canker and Liver Complaint for three years. Nothing did me any good until I commenced using the VEGETINE. I am now getting along first rate, and still using the VEGETINE. I consider there is nothing equal to it for such complaints. Can heartily recommend it to everybody.
Yours truly,
Mrs. LUZZIE M. PACKARD,
No. 16 Lagrange St., South Salem, Mass.

VEGETINE thoroughly eradicates every kind of humor, and restores the entire system to a healthy condition.
Vegetine.
PREPARED BY
H. R. STEVENS, Boston, Mass.
